Re: Addendum Item

Dear Melissa,

Please place the following item on the Addendum for the Board of Supervisors meeting of August 11th, 2026:

Discussion/direction/action: Establishing a 120-day moratorium on data centers in unincorporated Pima County. Directing the County Administrator to work with PCAO and county departments to develop a resolution declaring a moratorium on data centers in unincorporated Pima County until the County has completed its zoning code text amendment process. The zoning code change process was initiated by a BOS vote in September 2025; a July 17, 2026 County Administrator memo provided a framework for the process to ensure Pima County zoning categories reflect the unique attributes of data centers.
