I wholeheartedly support this proclamation. Trans and nonbinary people have been part of our community forever, and will be forever. Despite the hate and attempts to erase people who are different, despite the scapegoating and attacking, despite the attempts to take away the rights and dignity of people, we know that some people are trans and nonbinary, created in God's image. Pima County has been and will continue to be a place of welcome and inclusion for people who are trans, and it is heartwarming to see our Pima County Supervisors stand in support of our community and its diversity.

Supporting Transgender Day of Visibility in Pima County

Message:

Dear Clerk of the Board, The world is a very divisive at this current moment in history. I believe, these next couple of years are going to determine how we face the next 10 after that. I have faith in my county to represent this community that is being ostracized. I would really be grateful for Pima County to be on the right side of history by having Transgender Day of Visibility. I would now like to recognize some amazing trans members in our community and their accomplishments. There are local promoters in Tucson who go by Midnight Sun Promotions, they identify as non binary. This last winter in 2024 they put together a toy drive that brought in over 600 toys. They went around on their own, and handed this toys out to people in the community. These toys were handed out to children by non binary members in our community. Families thankful and appreciative; while showing no discrimination towards these two. There was a LA Fires Benefits Show with leaders in charge who are trans and non binary. On county level, its is very hard to sell out a show that is ALL local talent. However, these leaders came together and sold out the show. With lines of people waiting for anyone to leave so they could get in. They raised over \$2,500 dollars in donations, for causes outside our city. There is even more members in our local music scenes, art scenes, and even roller derby. They doing so much and progressing these genres forward. With new ideas, and writing from experiences a lot of us couldn't imagine. I would absolutely love to have Transgender Day of Visibility in Pima County. I really hope you would too.
