Re: June 4, 2024 Addendum item on Discussion, Direction & Action:
• Future federal funding opportunities in support of the legal asylum seekers.

Here's an idea: USE YOUR OWN SALARIES to support these invaders.

Shelter them at your houses, feed them with your resources, and take care of them on your own time and not during working hours. Not on tax payer's dime!

Americans understand that these economic opportunists are future Biden voters.

We do not consent to any financial support for the overthrow of our country.

In fact, you are treasonous if you help them. You will be held liable for the crime these people commit. You will be held responsible for any negative action they cause.

Again, we do not consent to any financial support of the overthrow our country.

You are committing treason by overthrowing our country!

- Future federal funding opportunities in support of the legal asylum seekers.

We the legal Citizens of Pima County, do not approve nor allow for you to spend anymore of our taxes for these opportunists that come from more than 165 countries claiming "ASYLUM"

We know that the Obama and now Biden administration sent representatives all the way to South America to educate those countries on the benefits of claiming ASYLUM. Specifically, House Democrat Veronica Escobar of Texas travelled to South America to promote the United Nations agenda of migration to the North to forever change the country, per Obama. You and the corrupt communist administration make bad decisions to the detriment of Americans.

Media reported of the economic "migrants" throwing away their passport on the Mexican border. Their country of origin would not make them eligible to receive any benefits because they are not living in threat of being persecuted. The money migrants spend to pay the cartels, they could spend legally and apply to come here. They are here for the freebees as advertised by the O'Biden Administration and the United Nations. You are working on completing UN goals and their foreign anti-American Agenda 2030. You, the Socialist Communists on this Board, make bad decisions against the wishes of the legal citizenry who supposedly voted for you. We do not consent to any funding in support of the illegals.

WE DO NOT CONSENT TO ANY FUNDING OPPORTUNITIES FOR THE INVADERS.

Reminder, by using federal monies you are voluntarily giving up local control and local laws for federal tyranny and jurisdiction. You are circumventing voter will. WE DO NOT CONSENT!

Have a nice day!
