Chair Grijalva and all Supervisors:

Do Not approve amendment No 3 to provide for emergency food and shelter to asylum seekers.

Direct that money to local citizens in need.

In case you somehow are not aware, there is a growing problem of homelessness and poverty (and crime) in Pima County.

God bless all the illegal and legal immigrants -- truly, God bless them every single one. I pray for them and donate to their cause.

But our tax payer money needs to be spent instead on American citizens dying on our own Pima County streets.

Do Not approve amendment No 3.

There is nothing wrong with how it works currently. I personally have attended or viewed every BOS meeting for the last several years; there is no need for your legal team to review items coming from the public through the assigned Board supervisor.

Dear Pima County Board

We do not have the money or the space to keep bringing in more and more (so-called) asylum seekers. I do not support Amendment No. 3 to provide more money to Catholic Services. The time for this has passed and we need to find other solutions. Namely, we need to quit destroying our community by putting these people all over our county. We don't even take care of our own homeless citizens. Why are you continuing to exasperate the situation by adding more homeless people in our community? More money is not going to solve this problem.

Sincerely,
