BoS,

Agenda 11 & 33 – The COVID debacle is officially over. Please return all the unused grant funds ASAP.

Agenda 32 - I stopped feeding my birds as they just thanked me by pooping on everything and destroyed my outside patio seating. The same common sense should apply to Asylum Seekers. They could have found asylum in another county. Shame on you for requesting to extend funding through 12/31/2023. It's hard earned tax dollars that has been inappropriately spent from the beginning. Remember our Crime Index is 3, with 100 being the best. Stop feeding the corruption and that number will go up. Continue these antics and it will go further down.

Addendum 5 – **Vote YES.** As many potholes and humps our vehicles have endured, we should be sending you our broken motor mount and front end alignment bills.

Horrid Prop 412 - After the last TEP rate hike for grid improvements and etc., I still have power outages. It's all about profits, with hopefully minor improvements. You must put pressure on the Tucson City Council to squash out this asinine "Climate Action Plan". Absolutely none of you are educationally qualified in the sciences, to approve a highly corrupted / unscientific agenda. Those who promote these shenanigans are just there for the kickbacks.

Thank you,  
Philip Kortesis PC

**Subject:** Vote YES on the PAYGO Road Repair Program

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Supervisors:

Although I live inside the boundaries of Tucson, I can see the unfairness of leaving the unincorporated areas of Pima County without adequate funding for road repair needs. If you've paid into the tax system, you should be entitled to a fair share. Vote YES on Pay-As-You-Go.

**Subject:** Agenda Item 17 and 33 for BOS meeting

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

In regards to the Intergovernmental agreement between the Tohono O'odham Nation (TON) and Pima County for COVID-19 Health Disparities grant funds - 2-year contract expiring 5/31/2024,  
BoS could and should terminate the contract now. Covid is over. Return the money to ADHS and use it for other means. Stop pushing the death jab agenda.  
Agenda Item 32: return these federal funds and focus on the Pima County residents instead of mismanaging federal taxpayer funds and county resources for "asylum seekers." Our border is a disaster. Support Tucson safety.  
Addendum Item #5: VOTE YES to this new pay-as-you-go policy for capital improvement projects and road repair.  
May 16 Special Election Proposition 412: VOTE NO ON 412! Tucson does not want or need a 15 minute WEF agendal TEP is already asking for an additional 12% increase and could get it if the Arizona Corporation Commission approves it. A YES vote means City of Tucson residents will be funding the City's Climate Action Plan which will result in 15-minute cities that will limit citizens from being able to travel by car outside the 15-minute zones equipped with climate resiliency hubs to stop you and subject you to fines. NO ON 412!
