Dear Supervisors,

I urge all of you to return any grant money related to agenda item #68 and vote NO.

Why are you promoting driving less in our county? We need our tax dollars to work towards something that will have real results, like fixing our roads.

Please do not follow Tucson in their flawed climate action plans. Are each one of you going to adhere to the driving less and not at all on certain days rhetoric? If the answer is no, then why will you all be promoting this flawed concept to all of your constituents?

Thank you for your time and consideration, Terra Radliff
