10-14-2023 Pima Board of Supervisors and Clerk of the Board,
These agenda items lock away 30% of those areas from private human interaction. What's worse, this is the precursor to an even more ambitious 50x50 initiative with the same goals expanded to an even broader area. Carefully consider the ramifications of continuous land acquisition ("Land Grabbing") by local government. As with most government overreach, it is presented as a pretty picture to lure us into consenting to an agenda which is actually much darker and is at odds with the best interests of Pima County residents.

Thank you, Julie Harrod Marana, AZ
