I understand that the Pima Board of Supervisors will consider approving the construction of an adult living community @ East River and Craycroft at their meeting on August 2. Approval of this construction will severely damage surrounding communities around the project, adversely impact already congested traffic in the area, and will harm desert wildlife, **natural** vegetation, and the flow of the river in that location.

We're residents in one of the Fairfield communities close to that intersection and it is already just about impossible and extremely dangerous for us to make a left turn from Tanuri on to River Road.

Please follow our Planning and Zoning Commission's lead and vote against this project. Your approval would be extremely damaging to many Pima County residents, wildlife, vegetation, and the river, and would not be in the best interest of the people you serve.

Thank you for your consideration.
