V. Financial Terms

A. **Postage, Shipping, Travel and other Out-of-Pocket Expenses:** ADP will invoice Client for postage charges, delivery charges, other third party charges incurred on behalf of Client, and reasonable travel and out-of-pocket expenses will be billed in accordance with the standards set forth in Annex Y, Travel and Expense Policy.

B. **Change Control:**

In the event either party requests a change in the scope of the Services (including Implementation Services) (each a "Change Control Item"), the parties shall address such change request via ADP's change control process. Change Control Items and the cost associated with such changes (if any) to the Services shall be mutually agreed to by the parties, with the exception of Change Control Items that are required to be made by law or regulation applicable to the Services or to the duration of Implementation Services, which ADP will notify Client of prior to making such change.

1) The standard rate for a Change Control Item is \$185.00 per hour; provided, however, that such rate may be increased by ADP as follows:

- By 50% for Change Control Items requested by Client after October 1st which ADP agrees to deliver by January 31st;
- By 25% if, after receiving a Change Control Notice, the Client requests an expedited timeframe for completion of the Change Control Item.

2) **Change Control Procedure.** If a Change Control Item is requested or needed, the Parties will follow the change control procedures set forth in this Appendix before ADP devotes resources, expends time or incurs costs. ADP will also notify the County in advance of any impact that a Change Control Item will have to the Ongoing Services Fees, which fee impact (which impact could be upward, downward, or neutral) will also be subject to the mutual agreement of the Parties. ADP will not unreasonably request adjustment to fees, nor will the County unreasonably withhold agreement to equitable fee adjustments commensurate with the additional work effort required as a result of a Change Control Item.

"Change Control Item" means a change to the Services as defined in this Agreement (including the SOW) that is requested by County, or that is due to the discovery that information provided by the County, on which the Implementation Fees or Ongoing Service Fees was based, is incorrect, which requires ADP to devote additional resources or otherwise incur costs not contemplated by this Agreement, or that reduces ADP's work or results in increased efficiencies. Events that may cause Change Control Items include but are not limited to the following:

- The County changes a project deliverable;

- ADP must perform additional work or devote additional resources to the project in order to mitigate the impact of a delay by the County that, if not mitigated, will cause the initial Implementation Services described in Section 5.3 to exceed 58 weeks;
- The County fails to provide an environment necessary to support ADP associates during the Implementation Services when on-site at County premises including workspace, access to printers, administrative support, and connection to the internet, unless ADP has not defined in reasonable detail the additional environmental items required to the County at least 60 days in advance of requiring these additional environmental items; and
- Any change that must be enacted in connection with Benefits Services (not due solely to ADP's actions or omissions) in order for ADP to continue to perform the Services.

Certain Change Control Items are required in order for ADP to continue to perform the Implementation Services or the Ongoing Services, as the case may be, and such Change Control Items (each, a "Required Change Control Item") shall not require the County's consent, except that the fees associated with any such Required Change Control Item shall be as mutually agreed, provided that neither party may unreasonably withhold its agreement.

- 3) **Change Control Documentation.** Upon the occurrence of a Change Control Item, whether initiated by ADP or the County, ADP will deliver to the County a notice (a "Change Control Notice") setting forth (i) the details of the Change Control Item, (ii) an analysis of the impact of the Change Control Item on the Implementation Services or the ongoing Services, as applicable, including whether the Change Control Item may result in changes to expected or target completion dates, (iii) an estimate of the time, materials, and aggregate costs required to address the Change Control Item, and (iv) whether the Change Control Item is a Required Change Control Item. The County will notify ADP in writing within 10 Business Days whether or not the Change Control Item is approved as submitted. If the County does not respond to the Change Control Item within the specified period, the Change Control Item will be deemed to be rejected by the County. If the County rejects a Change Control Item, ADP may proceed to provide the Implementation Services or the Ongoing Services, as applicable, without implementing the Change Control Item or ADP may dispute the rejection of the Change Control Item. The immediately preceding three sentences will not apply to a Required Change Control Item.
- 4) **Change Control Dispute Resolution.** If ADP and the County disagree as to whether an event or request constitutes or necessitates a Change Control Item, or dispute the amount of any fee associated with that Change Control Item, the appropriate individuals for ADP and the County will meet (in person or by telephone), within five Business Days of discovery of such disagreement, and make a good faith effort to resolve the disagreement. If the parties are unable to resolve the dispute, the parties will summarize the dispute in writing and forward it to a senior executive of ADP and a senior executive (Functional Area Project Sponsor) of the County. Such executives will meet (in person or by telephone) within five Business Days of delivery of the dispute summary and make a good faith attempt to resolve the dispute. If a good faith compromise cannot be reached at that meeting a further good faith meeting shall be convened, within 5 Business Days thereafter at which ADP's senior executive and a representative from ADP's legal department will meet (in person or by telephone) with the County's Functional Area Project Sponsor, Chief Information Officer and County legal department. If these individuals are unable to resolve the dispute, the dispute will be mediated as soon as practicable by a third-party mediator knowledgeable in software development and support and reasonably acceptable to ADP and the County. The cost of the mediation will be shared equally by ADP and the County.

C. Application Program Maintenance, Support and Modifications:

ADP will provide maintenance and support of the Application Programs as described in the SOW. ADP will provide the County at least one (1) year's notice before sun-setting the version of an Application Program in use by the County. During the Initial Term, ADP will not require the County to pay for an Upgrade or Update unless such Upgrade or Update is requested by the County. Any fee for the County to Upgrade or Update an Application Program will be mutually agreed through Change Control Item based on the hourly rates described in this Appendix.

The County may request modifications to the System (alteration to core system functionality, SQRs, interfaces, payroll management reports and/or ADP Reporting customizations). Such modifications will be agreed to through the Change Control procedure above. In addition to the one-time fee for ADP to develop such system modification, ADP may charge the County an annual maintenance fee for such System modification developed for the County not to exceed 15% of the total one-time fee in the Change Control Item for such modification. Such annual maintenance fee will be invoiced on a monthly basis beginning the month following the first live payroll processing utilizing such system modification.

Buy Out Fee.** If Client terminates the any or all of the Services prior to the Termination Date for any reason except those in Section 8.3 of Annex A, or if ADP terminates this Agreement pursuant to Section 8.4 of Annex A, Client shall pay to ADP a buy-out fee ("Buy Out Fee") equal to A multiplied by B multiplied by C, where A equals the number of months remaining prior to the Termination Date at the effective date of termination; B equals the average monthly fee for the terminated Services during the twelve-month period immediately preceding the termination (or a shorter period of time if monthly fees have been payable for less than twelve months at the termination date); and C equals (i) forty percent (40%) if such termination is prior to the twenty-fifth (25th) month after commencement of live processing of the terminated Service, (ii) thirty-five percent (35%) if such termination is prior to the thirty-seventh (37th) month after commencement of live processing of the terminated Service, or (iii) thirty percent (30%) if such termination is after the thirty-sixth (36th) month after commencement of live processing of the terminated Service. If the termination is after the thirty-sixth (36th) month, the Buy Out Fee will be the lower of the calculation described above in the section or the previous six (6) months of Ongoing Services Fees for the terminated Service. In the case of any partial termination, the parties may mutually agree to any fees for reconfiguration work required as a result of the partial termination. Payroll Services may not be terminated without also terminating ADP Enterprise Services. If monthly fees for Services have not yet been payable at the time of termination, the Buy Out Fee will be equal to twelve (12) months of estimated monthly

fees that would have been payable for the terminated Service(s) plus a prorated portion of the Implementation Fee for the terminated Service(s).

- **ADP Reporting**

ADP reserves the right to substitute different technology, so long as no substitution has a material adverse effect on System performance or ADP's ability to meet the Service Levels, and ADP will discuss same with the County.

- **ADP Enterprise eTIME**

The number of core employee, manager/supervisor, web-based time entry, and accruals licenses included in the Ongoing Services Fees are stated in Section II or the Assumptions in Section IV..

License subscriptions will be based on the total number of records within the database with an active or inactive status. Terminated employees do not require a license. Records may be for the County employees or the County contractors who are or are not paid by Client.

Any person paid by the County under this Agreement must hold an active employee license. Licenses are application-specific unless otherwise noted.

A copy of the TLM Services database is available in ADP's standard format upon request, at additional charge.
