Agency Problem/Attempts to Solve Problem:

Unlike other homicide investigations that commonly involve an intentional or known act of violence against another person, vehicular homicide investigations do not have an emotional motive that can be explained to a jury. Vehicular homicide investigations are permeated with math and forensic science. This creates difficulty in presenting cases to prosecuting attorneys and juries. Some are skeptical of the science utilized by highly trained vehicular homicide investigators and without an emotional story to connect the jurors with the victim, serious violators are acquitted. To combat this, the Pima County Sheriff's Department aggressively invests in technology to assist investigators and prosecutors in gathering forensic evidence in a way that can be presented to the layman in a jury booth. The PCSD requests material funds to be used to purchase adapters and cables for the Bosch Crash Data Retrieval Tool. This purchase will bring the PCSD up to date on imaging capabilities. Imaging cables and adapters are needed to copy data in vehicles, post collision, to be used as evidence. Currently, PCSD is not capable of imaging all types of vehicles. Collision Investigation funding will solve these problems and support their shared goal of successfully prosecuting impaired and otherwise reckless drivers.

Agency Funding:

Federal 402 funds will support Materials and Supplies: Bosch Crash Data Retrieval Tool Cables; Bosch CDR 500 Flex Adapter; Bosch ACK Adapter to enhance Accident Investigation throughout Pima County.

How Agency Will Solve Problem with Funding:

Accident Investigation funding will be used to purchase investigative tools necessary to ensure the successful prosecution of persons who commit traffic related crimes. These crimes range from misdemeanor aggressive driving to 1st Degree Murder. The Pima County Sheriff's Department is requesting funding to purchase adapters and cables for the Bosch Crash Data Retrieval Tool. The Pima County Sheriff's Department Traffic Unit already utilizes the CDR. tool, but requires the purchase of additional adapters and cables in order to image data from certain vehicles. Vehicle and collision investigation technology changes rapidly and law enforcement investigator capabilities must keep up with the demands that come with it.

PROJECT MEASURES:

Contract Objectives:

1. Utilize funding to purchase additional adapters and cables for the Bosch CDR Tool.
2. Utilize the Bosch CDR Tool at all fatal collisions
3. Assist neighboring agencies with the Bosch CDR Tool when asked.

GOALS/OBJECTIVES:

Federal 402 funds will support Materials and Supplies: Bosch Crash Data Retrieval Tool Cables; Bosch CDR 500 Flex Adapter; Bosch ACK Adapter to enhance Accident Investigation throughout Pima County.

Expenditures of funding pertaining to the AI/Accident Investigation Program including Personnel Services and ERE, Materials and Supplies, Capital Equipment, and/or Travel In and Out-of-State shall comply with the Accident Investigation Program goals provided by the Arizona Governor's Office of Highway Safety. The Accident Investigation Program goal is to provide training and resources for Vehicular Crimes Units to aide in the investigation and prosecution of fatal traffic crashes throughout the State of Arizona.

MEDIA RELEASE:

To prepare complete press release information for media (television, radio, print, and on-line) during each campaign period including a main press release, schedule of events, departmental plans, and relevant data. The material will emphasize the campaign's purpose, aggressive enforcement, and the high cost of Accident Investigations in terms of money, criminal, and human consequences.

The Pima County Sheriff's Department will maintain responsibility for **reporting sustained enforcement** activity in a timely manner. Additionally, it is the responsibility of the Pima County Sheriff's Department to report all holiday task force enforcement statistics to GOHS on-line at the GOHS website **no later than 10:00 a.m. the morning following each day of the event.**

The holidays and special events include but not limited to: Super Bowl Sunday, Valentine's Day, President's Day, St. Patrick's Day, Spring Break, Easter, Cinco de Mayo, Prom Night, Memorial Day, Graduation Day, Independence Day, Labor Day, Columbus Day, Halloween, and the Thanksgiving through New Year's details.

METHOD OF PROCEDURE:

The Pima County Sheriff's Department will make expenditures, as follows, to meet the outlined Program Goals/Objectives:

Materials and Supplies - To purchase/procure the following Materials and Supplies for Accident Investigations Enforcement Activities: Bosch Crash Data Retrieval Tool Cables; Bosch CDR 500 Flex Adapter; Bosch ACK Adapter

PRESS RELEASE:

Agencies are **required** to develop and distribute a press release announcing this grant award **upon receipt** of the executed Contract. A copy of this press release shall be sent to the GOHS Director for approval prior to being sent to the media. This press release shall include the objective and specify that the funding is from the Governor's Office of Highway Safety.

BAC TESTING AND REPORTING REQUIREMENTS:

Alcohol impairment is a major contributing factor in fatality and serious injury motor vehicle collisions. Accurate data on alcohol involvement is essential to understanding the full extent of the role of alcohol and to assess progress toward reducing impaired driving.

Each law enforcement agency that receives an enforcement-related grant is required to ensure that accurate data on all drivers involved is reported. Failure to comply may result in withholding funds and cancellation of the enforcement contract until this requirement is met.

All law enforcement agencies receiving Federal funds are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police (IACP) that are currently in effect.

METHOD OF PROCUREMENT:

Grantees and sub-grantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided the procurement procedures conform to applicable Federal laws and standards. The most stringent purchasing requirement at each level must be met. If the Agency does not have a procurement process, the Agency may use the State procurement process.

A clear audit trail must be established to determine costs charged against this Contract. Substantiation of costs shall, where possible, be made utilizing the Pima County Sheriff's Department documentation consisting of, but not limited to, copies of time sheets, purchase orders, copies of invoices, and proof of payment.

The Agency shall retain copies of all documentation in the project file.

In the event no funds are appropriated by the U.S. Congress or no funds are allocated for the project proposed herein for subsequent fiscal years, this Contract will be null and void, except as to that portion for which funds have then been appropriated or allocated to this project, and no right of action or damages will accrue to the benefit of the parties hereto as to that portion of the Contract or project that may so become null and void.

XVIII. Continuation of Highway Safety Program

It is the intention of AGENCY to continue the Highway Safety Program identified in this Contract once Federal funding is completed. This intended continuation will be based upon cost effectiveness and an evaluation by AGENCY of the program's impact on highway safety.

XIX. E-Verify

Both parties acknowledge that immigration laws require them to register and participate with the E-Verify Program (employment verification program administered by the United States Department of Homeland Security and the Social Security Administration or any successor program) as they both employ one or more employees in this State. Both parties warrant that they have registered with and participate with E-Verify. If either party later determines that the other non-compliant party has not complied with E-Verify, it will notify the non-compliant party by certified mail of the determination and of the right to appeal the determination.

XX. Termination and Abandonment

- A. The STATE and AGENCY hereby agree to the full performance of the covenants contained herein, except that STATE reserves the right, at its discretion, to terminate or abandon any portion of the project for which services have not been already performed by AGENCY.
- B. In the event STATE abandons the services or any part of the services as herein provided, STATE will notify AGENCY in writing and within twenty-four (24) hours after receiving such notice, AGENCY will discontinue advancing the work under this Contract and proceed to close said operations under the Contract.

- C. The appraisal value of work performed by AGENCY to the date of such termination or abandonment shall be made by STATE on a basis equitable to STATE and AGENCY and a final reimbursement made to AGENCY on the basis of costs incurred. Upon termination or abandonment, AGENCY will deliver to STATE all documents, completely or partially completed, together with all unused materials supplied by STATE.
- D. AGENCY may terminate or abandon this Contract upon thirty (30) days written notice to STATE, provided there is subsequent concurrence by STATE. Termination or abandonment by AGENCY will provide that costs can be incurred against the project up to and including sixty (60) days after notice is given to STATE.
- E. Any equipment or commodities which have been purchased as a part of this Contract and which have not been consumed or reached the end of its useful life will be returned to STATE upon its written request.

XXI. Cancellation Statute

All parties are hereby put on notice that this Contract is subject to cancellation pursuant to ARS §38-511, the provisions of which are stated below.

In accordance with ARS §38-511, this Contract may be cancelled without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of the STATE, its political subdivisions or any department or agency of either, is at any time while the Contract or any extension of the Contract is in effect, an employee of any other party to the Contract in any capacity or a consultant to any other party of the Contract with respect to the subject matter or the Contract.

The cancellation shall be effective when written notice from the Governor or Chief Executive Officer or governing body of the political subdivision is received by all other parties to the Contract unless the notice specifies a later time.

AGREEMENT OF UNDERSTANDING AND CERTIFICATION OF COMPLIANCE

Acceptance of Condition

It is understood and agreed by the undersigned that a grant received as a result of this Contract is subject to the Highway Safety Act of 1966, as amended (23 U.S.C.A. §§401-404), ARS §28-602, and all administrative regulations governing grants established by the USDOT and STATE. It is expressly agreed that this Highway Safety Project constitutes an official part of the STATE's Highway Safety Program and that AGENCY will meet the requirements as set forth in the accompanying Project Director's Manual, which are incorporated herein and made a part of this Contract. All State and Federal Statutes, Rules, Regulations, and Circulars referenced in this Contract are a part of this document as if fully set forth herein. It is also agreed that no work will be performed nor any obligation incurred until AGENCY is notified in writing that this project has been approved by the Governor's Highway Safety Representative.

Certificate of Compliance

This is to certify that AGENCY will comply with all of the State and Federal Statutes, Rules and Regulations identified in this Contract.

Certification of Non-Duplication of Grant Funds Expenditure

This is to certify that AGENCY has no ongoing nor completed projects under contract with other Federal fund sources which duplicate or overlap any work contemplated or described in this Contract. It is further certified that any pending or proposed request for other Federal grant funds which would duplicate or overlap work described in the Contract will be revised to exclude any such duplication of grant fund expenditures. It is understood that any such duplication of Federal funds expenditures subsequently determined by audit will be subject to recovery by STATE.

Single Audit Act

If your political subdivision has had an independent audit meeting the requirements of the Single Audit Act of 1984, (31 U.S.C.A. §7501 et. seq.), please forward a copy to GOHS, Attention: Fiscal Services Officer, within thirty (30) days of the effective date of this Contract. If such audit has not been performed, please advise when it is being scheduled.

Buy America Act

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron, and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than twenty-five (25) percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

Prohibition on Using Grant Funds to Check for Helmet Usage

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

Certification Regarding Debarment and Suspension

- A. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.

However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- C. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in

addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.
