Dear Supervisors:

This is regarding Agenda item #17, Unfinished Business, Master Agreement No. MA-PO-23-209 (Microsoft.) I am very concerned because the Cloud is vulnerable to security breaches, as has been demonstrated repeatedly. Look at the recent TUSD cyberattack that exposed social security numbers and birthdates. Please don't put the convenience of a third-party host over security. In addition, this agreement comes with a hefty price tag. Vote No.

Thank you,
Kathy Madsen
