

District 5 Board Updates

May 7, 2024

Chair Adelita S. Grijalva

Visit Tucson & Board of Health

- Visit Tucson Board of Directors Meeting (April 18)
 - Completed the Certified Tourism Ambassador Training
 - This industry-certified training was an amazing way to get informed and help other visitors become informed about the amazing things that Pima County has to offer to visitors and residents alike.
- Board of Health (April 24)
 - Heat is the #1 cause of weather-related deaths. More than any other extreme weather event combined.
 - Hospital, emergency room, and urgent care visits in Pima County because of heat-related illness tend to peak in June, July, and August.
 - Those most at risk of heat-related illness are seniors, infants, children, low-income residents, people with disabilities, and people who are pregnant.
