We have performed a Final Inspection and found the improvements to be satisfactory and in general conformance to the plans and specifications. These roadways should be submitted to the Board of Supervisors for acceptance into the County Maintenance System. In our letter to the Developer, the following is to be included:

The Developer is hereby notified that by acceptance of these roadways, he certifies the improvements have been constructed to County Standards and warrants them against defects and workmanship. The Developer will be responsible to correct any failure due to latent defects of materials and workmanship to the satisfaction of this Department. The Developer will also be responsible for any required maintenance on items such as, street sweeping, shoulder grading and culvert-drainage way cleaning that results from home construction and Lot development.

In addition, he is to clean and sweep the streets of any mud, sand and debris that are washed onto the paved surface from private property until such slopes have been stabilized.

A written notification will be issued for any corrective work required.
