Mask mandate? Who cares. I want to know the justification for giving Chuck Huckleberry another raise. He got a raise in 2018 from \$288,000 to \$302,000 and now he wants a raise to \$315,000.

County workers are out there putting themselves at risk and go without a significant raise but he sits at a desk out of danger and gets an almost \$30,000 raise in a period of 3 years....COMPLETELY UNACCEPTABLE!

And our roads are deteriorating (they're slowly being fixed) but a bike path that is named after him and a fraction of the population uses is in pristine condition and is fixed whenever a painted lined fades...

Why wasn't the public aware of this plan? We learned of it from a leaked memo. It's almost as if it was being hidden from the people who pay his salary...

I find it absolutely disgusting that Mr. Huckleberry is requesting a raise and a contract extension.  
We have over paid him for years. We need new leadership in Pima County!  
We have businesses closing due to the virus. We have employees who have been laid off. We have employees who have to take mandatory time off without pay.  
In what world does giving him a raise seem like a good idea????  
How about he gives some of his salary to a fund to help employees who are suffering?

YOU as the Board need to stop the madness! Stand up for what's right!  
PLEASE! Do not fail your constituents.

Sincerely,  
Becky Mellor
