To the extent that the changes cause the schedule timeline to be extended, Recipient must submit a written request for a contract

amendment to ADOH with a revised *Schedule of Completion* attached. Contract amendment requests must be received by ADOH a minimum of thirty (30) days prior to the contract expiration date. ADOH will respond to the written request within fourteen (14) business days. Amendments may not be implemented until ADOH consents in writing and an amendment to the Agreement has been executed.

- Homeless Projects funded with HTF, HPF or COC.** To the extent that the changes cause the schedule timeline to be extended, Recipient must submit a written request for a contract amendment to ADOH with a revised *Schedule of Completion and Performance Report* attached. Contract amendment requests must be received by ADOH a minimum of thirty (30) days prior to the contract expiration date. ADOH will respond to the written request within fourteen (14) business days. Amendments may not be implemented until ADOH consents in writing and an amendment to the Agreement has been executed.
- Weatherization.** Projects funded with DOE WAP, DOE WRF, DOE WAP BIL, LIHEAP, SWG and/or APS WAP. Recipients will have twelve (12) months to complete the Scope of Work with no extensions. ADOH may, based on a review of the progress of Recipient completed units and expenditures, move funds from a non or under-performing Recipient to a Recipient meeting or exceeding their performance goals. ADOH will review the performance of the Recipient on a monthly basis. The first re-allocation of funds if applicable would occur at six (6) months with additional re-allocations, if needed, at the eight (8) month and ten (10) month time periods.

Section 9. BUDGET

Recipient agrees to use the funds provided pursuant to this Agreement in accordance with the Budget that is attached as Attachment C. Recipient further agrees that any project costs, unless otherwise specified, exceeding the Budget shall be the sole responsibility of Recipient.

Availability of funding under this Agreement is contingent on final review and approval of the Budget. Budgetary considerations for specific programs are described below:

- CDBG Revisions to the Budget.** Recipient must obtain written approval from ADOH to move funds from one Budget Activity Line Item to another. The following substantial revisions to the *Budget* require a contract amendment:
 - (a) Funds are moved from one Budget Activity Line Item to another and the change in the Budget Activity Line from which it is moved or to which it is being moved exceeds fifty percent (50%), unless the move is from administration to a non-administration activity, in which case only written notice without a contract amendment is required;

- (b) Additional funding sources are added to the Project;
- (c) Recipient is requesting a change to the grant terms.

HOME, HOPWA, HPF, NHTF and HTF Revisions to the Budget. Recipient must obtain prior written approval from ADOH to move funds from one Budget Activity Line Item to another. ADOH will only approve changes to the Budget for eligible costs as outlined in the State Housing Fund program. The following substantial revisions to the *Budget* require a contract amendment:

- (a) Additional funding sources are added to the project which require a project to be re-underwritten to determine gap;
- (b) Recipient is requesting a change to the loan terms.

WEATHERIZATION Revisions to the Budget. Recipient must obtain written approval from ADOH to move funds from one Budget Activity Line Item to another.

See Section 10 for changes that affect the Budget.

Recipient shall not retain any funds that are drawn down in excess of immediate cash needs (to be utilized within fifteen (15) days of draw down) to cover subsequent requests for reimbursement and must return them to ADOH within thirty (30) days of receipt. Recipient must also return to ADOH any interest that is earned on these funds that are drawn down and not expended for eligible costs within fifteen (15) days of draw down.

Section 10. AMENDMENTS AND MODIFICATIONS

ADOH may consent to amendment or modification of this Agreement upon written request of Recipient. All amendments or modifications to this Agreement shall be by mutual consent of the parties in writing.

Requests for amendments or modifications that result in changes to the Budget must be supported by a revised Budget that is otherwise consistent with Section 9.

ADOH will respond to the request for amendment or modification to this Agreement within fourteen (14) business days.

Section 11. ENVIRONMENTAL REVIEW CONDITIONS

In accordance with 24 CFR 50 and 24 CFR 58 (“Environmental Review”), the environmental effects of each activity carried out with federal funds must be assessed. Local government entities are responsible for conducting environmental reviews and requesting a release of funds from ADOH. Non-profits and other non-governmental entities are responsible for conducting Environmental Reviews before ADOH requests a release of funds from HUD. Completion of the Environmental Review Record (“ERR”) is mandatory before

taking any physical action on a site or entering into contracts. Only exempt activities such as architecture, engineering and administration may be undertaken and reimbursed by ADOH prior to receiving a written release of funds. Exempt activities described in 24 CFR 58.34(a)(1)-(11) are activities that generally have no physical impact on the environment. If federal funds are involved in a project, neither federal nor non-federal funds may be expended or committed by contract (conditional or not) for property acquisition, rehabilitation, conversion, lease, repair or construction activities, until HUD or ADOH has provided written authorization based on approval of an ERR.

An option agreement (to purchase land) on a proposed site or property is allowable prior to the completion of the Environmental Review if the option agreement is contingent upon an ADOH or HUD authorization to use funds based on a completed ERR. The cost of the option must be a nominal portion of the purchase price.

Projects funded solely with Housing Trust Funds do not require an ERR but are required to meet the requirements of the State Historic Preservation Act by consulting with the State Historic Preservation Office (SHPO). For State Housing Funded projects, Phase I Environmental Assessments are required to be completed on properties for which new construction/change in use is proposed, regardless of whether federal or state funds are the source of funding. Expenditures incurred or obligated by construction contract prior to ADOH's release of funds or consultation with SHPO will not be reimbursed by ADOH.

Recipients who had committed or expended non-federal funds to begin a project before receiving the authorization from ADOH or HUD may still be eligible to use federal funds on the project under the following circumstances:

- (a) Recipients started the project without the intention of using federal assistance (i.e. as evidenced by other anticipated funding, the original project budget, etc.);
- (b) All work on the project ceases once an application for federal funds is made and an ERR is begun on all activities (i.e. acquisition, construction, etc.). ADOH or HUD provides authorization to proceed based on the completed ERR.

WEATHERIZATION (DOE WAP, DOE WRF, DOE WAP BIL, LIHEAP WAP). DOE has made a final NEPA determination for all activities under this Funding Agreement that are listed in the State Plan formally approved by DOE and incorporated into this Funding Agreement. Recipients are responsible for compliance with Section 106 pursuant to 36 CFR Part 800.2 (c)(4).

Section 12. APPLICATION AND OTHER PRE-AWARD COSTS

Recipient may use a portion of the funds provided hereunder to reimburse itself for exempt activities pursuant to 24 CFR 58.34(a)(1)-(11) such as architecture, engineering, testing and sampling of asbestos and capital needs assessments and environmental reviews.

- CDBG.** If Recipient is receiving funding under this Agreement from the CDBG program, in accordance with federal procedures, Recipient may use funds provided hereunder to reimburse it or to pay for costs incurred in preparing the application. In no event shall such compensation exceed eighteen percent (18%) of the total funding provided to Recipient by ADOH.

Section 13. COMPENSATION AND METHOD OF PAYMENT

Subject to availability of and receipt of funds from the State's Unclaimed Property Fund (for state HTF funds) and/or the United States Treasury (for HOME, CDBG, COC, NHTF HOPWA, DOE WAP and LIHEAP WAP funds) and the commitment of other required funding as indicated in Recipient's application, ADOH agrees to reimburse or advance Recipient for authorized expenditures according to the *Budget* in Attachment C. Recipient must maintain invoices and other similar documentation to support payment expenses under those generally accepted accounting principles and procedures approved by ADOH and outlined in 2 CFR 200 as applicable; 24 CFR Parts 44, 92 and 570 as applicable; and 10 CFR 440 and 600 as applicable.

Recipient may request funds only after the date of the executed Agreement and other legal documents as applicable, provided Recipient has satisfied ADOH funding contingencies and federal Environmental Review conditions. Requests for reimbursement must be made using the ADOH *Request for Payment* form hereby incorporated into this Agreement and attached as Attachment D. For construction projects, Release of Lien documents must be attached to the Request for Payment in amounts proportionate to contractor reimbursement requests.

Recipient must maintain proof of said expenditures including checks, payrolls, time records, invoices, contracts, vouchers, orders and other accounting documents evidencing in proper detail the nature and propriety of the respective charges as may be required by applicable federal rules and regulations, including requirements by the Federal Office of Management and Budget, and as may be otherwise reasonably required to permit ADOH to determine or confirm that any such expenditures are prudent and within the Scope of Work.

Recipient's right to incur expenses under this Agreement shall cease upon expiration of this Agreement. All requests for reimbursement on expenditures made prior to expiration of this Agreement must be requested within sixty (60) days after expiration. Unless expressly authorized by ADOH in writing, expenditures not requested within the sixty (60) day period after expiration of this Agreement shall be disallowed and all funds shall be reclaimed by ADOH.

Section 14. FUNDS RECOUPED BY RECIPIENT, INTEREST AND PROGRAM INCOME

14.1 Definitions. For purposes of this section, the following definitions shall apply:

“Funds Recouped by Recipient” means funds initially provided by ADOH to Recipient under this Agreement and any matching contributions that are recouped by Recipient when: (1) the funds provided by ADOH under this Agreement or matching contributions or the proceeds of funds provided by ADOH (including, but not limited to, equipment or housing) do not continue to be used for an approved purpose or eligible activity, as described in applicable law or regulations, for the full period of affordability required by this Agreement; or (2) when a State-assisted homeownership housing does not continue to be the principal residence of the assisted homebuyer for the full affordability period required by this Agreement. Funds Recouped by Recipient are subject to all the requirements of Program Income described below with the exception that Recipient shall not use Funds Recouped by Recipient for administrative purposes. For this reason, Recipient must separately account for all Funds Recouped by Recipient.

“Interest” means any compensation paid or to be paid for the use or deposit of the funds provided by ADOH to Recipient under this Agreement.

“Program Income” means gross income received by Recipient directly generated from the use of funds provided by ADOH under this Agreement. When Program Income is generated by housing that is only partially assisted with funds provided by ADOH under this Agreement or matching contributions, the income shall be prorated to reflect the percentage of funds provided by ADOH under this Agreement. Program Income includes, but is not limited to, the following: (1) proceeds from the disposition by sale or long-term lease of real property purchased or improved with funds provided by ADOH under this Agreement; (2) gross income from the use or rental of real or personal property acquired by Recipient with funds provided by ADOH under this Agreement, less costs incidental to generation of the income; (3) payments of principal and interest on loans made using funds provided by ADOH under this Agreement or matching contributions; (4) proceeds from the sale of loans made with funds provided by ADOH under this Agreement or matching contributions; (5) proceeds from sale of obligations secured by loans made with funds provided by ADOH under this Agreement or matching contributions; (6) Interest earned on Program Income pending its disposition; (7) proceeds from the disposition of equipment purchased with CDBG funds; (8) gross income from the use or rental of real property, owned by Recipient, that was constructed or improved with funds provided by ADOH under this Agreement, less costs incidental to generation of the income; (9) if the funds provided by ADOH under this Agreement are from the CDBG Program, funds collected through special assessments made against properties owned and occupied by households not of low and moderate income, where the assessments are used to recover all or part of the CDBG portion of a public improvement; and (10) if the funds provided by ADOH under this Agreement are from the HOME Program, any other interest or return on the investment permitted under 24 C.F.R. Part 92.205(b) of HOME funds or matching contributions.

14.2 Use of Program Income and Funds Recouped by Recipient.

Recipient is not authorized by ADOH to retain and reuse Program Income, Funds Recouped by Recipient or accrued Interest as described in the following paragraph(s) except as authorized by ADOH through a written agreement.

Recipient must return all Program Income, Funds Recouped by Recipient and Interest to ADOH within thirty (30) days of receipt.

Recipient must remit to ADOH any Program Income, Funds Recouped by Recipient or Interest on hand at the time of expiration, cancellation, or termination of this Agreement or subsequently received by Recipient within **thirty (30) days** of receipt by Recipient.

Section 15. DE-OBLIGATION, RECAPTURE AND REPAYMENT OF FUNDS

15.1 De-obligation. ADOH may reduce funds from the funding award evidenced by this Agreement without regard to the source of funding, under the following circumstances: (1) Recipient has completed performance under the *Scope of Work* (Attachment A) without using all of the funds provided by ADOH under this Agreement; (2) this Agreement expires and not all funds have been expended; (3) ADOH's original allocation was a loan and Recipient or Sub-recipient paid the loan; (4) Recipient, with the consent of ADOH, cancelled or changed an activity required under the *Scope of Work* for reasons other than non-performance; or (5) Recipient receives Program Income that has not been included in the budget or set forth in the *Scope of Work*; and (6) this Agreement has otherwise been terminated. ADOH may de-obligate funds under this Agreement under the foregoing circumstances upon written notice to Recipient.

15.2 Reallocation of De-obligated HOME or State HTF Funds. If the funds provided by ADOH under this Agreement are from the State HTF or the HOME Program, ADOH may reallocate funds that it has de-obligated under this Agreement as it determines in its sole discretion.

15.3 Reallocation of De-obligated CDBG Funds. If the funds provided by ADOH under this Agreement are from the CDBG Program, ADOH may reallocate funds that it has de-obligated under this Agreement to Recipient from which the funds were de-obligated for use under an existing or new funding contract of the same funding year if Recipient can immediately commit the reallocated funds to a project and execute a new or amended funding contract within sixty (60) calendar days of the reallocation. If ADOH is not able to reallocate funds that it has de-obligated under this Agreement in accordance with the foregoing sentence of this subsection, ADOH may reallocate those funds as it determines in its sole discretion.

15.4 Recapture. ADOH may reduce funds from the amount of the funding award evidenced by this Agreement, without regard to the source of funding, under the following

circumstances: (1) ADOH determines that Recipient has failed to use the funds provided by ADOH under this Agreement in compliance with the terms of this Agreement or the requirements of applicable laws and regulations (non-compliance); or (2) Recipient fails to perform in accordance with the performance obligations set forth in the *Scope of Work* (Attachment A) and the *Schedule of Completion* (Attachment B) or the terms of this Agreement. ADOH may recapture funds under this Agreement under the foregoing circumstances upon written notice to Recipient.

15.5 Reallocation of Recaptured Funds. ADOH may reallocate funds that it has recaptured under this Agreement, without regard to the source of funding, as it determines in its sole discretion.

15.6 Repayment of Funds. Recipient agrees to repay funds provided under this contract if ADOH determines that Recipient has failed to use the funds provided by ADOH under this Agreement in compliance with the terms of this Agreement or the requirements of applicable laws and regulations. ADOH may specify in writing the terms of the repayment or alternative terms in lieu of repayment; however, in no case shall repayment or alternative terms be accomplished later than 180 days following the written determination of non-compliance by ADOH.

Section 16. REVERSION OF ASSETS

16.1 Funds Remaining at Expiration. Upon expiration of this Agreement, Recipient shall transfer to ADOH any unexpended funds advanced to Recipient by ADOH under this Agreement.

16.2 Real Property Acquired or Improved with CDBG Funds. Upon expiration of this Agreement, any real property under Recipient's control that was acquired or improved in whole or in part with CDBG funds, for non-owner occupied use, provided to Recipient by ADOH under this Agreement (including CDBG funds provided to Recipient in the form of a loan) in excess of \$25,000, shall either: (1) be used to meet one of the national objectives in 24 CFR Part 570.208 until five (5) years after expiration of this Agreement, or for such longer period of time as determined to be appropriate by Recipient; or (2) not be used in accordance with 24 CFR Part 570.503(b)(8)(i), in which event Recipient shall pay to ADOH an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvement to, the property. No payment is required after the period of time specified in 24 CFR Part 570.503 (b)(8)(i).

16.3 Real Property Acquired or Improved with HOME Funds. Upon expiration of this Agreement, any real property under Recipient's control that was acquired or improved in whole or in part with HOME funds, for non-owner occupied uses, provided to Recipient by ADOH under this Agreement (including funds provided to Recipient in the form of a loan), must be occupied only by households that are eligible as low-income families and must meet the requirements to qualify as affordable housing and is subject to encumbrances and

obligations described in any applicable Declaration of Conditions, Covenants and Restrictions (“CC&Rs”) for the period of affordability set forth in 24 CFR Part 92.252.

16.4 Real Property Acquired or Improved with State Housing Trust Funds. Upon expiration of this Agreement, any real property under Recipient's control that was acquired or improved in whole or in part with state HTF funds, for non-owner occupied uses, provided to Recipient by ADOH under this Agreement (including funds provided to Recipient in the form of a loan), must be occupied only by households that are eligible as low-income families and must meet the requirements to qualify as affordable housing and is subject to encumbrances and obligations described in any applicable Declaration of CC&Rs for the period of affordability set forth in the CC&Rs.

Section 17. DEPARTMENT OF HOUSING RESPONSIBILITIES

ADOH shall monitor and evaluate Recipient to determine compliance with and performance under this Agreement. A summary of discrepancies noted by ADOH during monitoring visits will be specified in writing. Appropriate time for correction of discrepancies will be specified in the written report to Recipient. ADOH shall follow up on discrepancies to ensure that they have been corrected in a timely manner. The failure of ADOH to require timely performance of any provision of this Agreement shall in no way affect the right of ADOH thereafter to enforce such provision nor shall the waiver of any succeeding breach of such provision act as waiver of the provision itself.

ADOH shall provide reasonable technical assistance to assist Recipient to comply with program requirements for the provision of services under this Agreement. However, this in no way relieves Recipient of full responsibility for its acts or omissions in the performance of activities required by this Agreement.

Section 18. SUBCONTRACTING

Recipient shall not disburse any funds received under this Agreement without fully completed written agreements with subcontractors requiring they follow all provisions of this Agreement and a completed Environmental Review pursuant to Section 11 of this Agreement.

The use of subcontractors does not relieve Recipient of responsibility for ensuring the administration of the provided funds in accordance with all applicable program requirements. Recipient is responsible for determining the adequacy of performance under subcontractor agreements and procurement contracts and for taking appropriate action when performance issues arise.

Section 19. FAILURE TO MAKE PROGRESS

Failure of Recipient to make progress according to the Schedule of Completion, attached hereto as Attachment B may result in contract termination, de-obligation of funds or

recapture of funds. Recipient agrees to meet with ADOH at the site in which the funded activity is taking place to discuss progress and allow ADOH to provide technical assistance if:

- (a) Recipient fails to begin work on its Environmental Review pursuant to Section 11 within the sixty (60) calendar days from the date ADOH executes this Agreement;
- (b) Recipient fails to expend any funds in performance of and in accordance with the terms of this Agreement within ninety (90) calendar days from the inception date of this Agreement.

ADOH will terminate any Agreement and recapture funds from the same Agreement in which Recipient does not commence any of the activities described in the *Scope of Work* (Attachment A) or fails to expend any funds in accordance with the *Budget* (Attachment C) within 180 calendar days from the full execution date of this Agreement. ADOH may in its sole discretion, forgo providing technical assistance and recapture funds as outlined in this Agreement under Section 15.4 hereof and/or terminate this Agreement for cause pursuant to Section 20 of this Agreement.

Section 20. TERMINATION FOR CAUSE

ADOH may terminate this Agreement in whole or in part at any time whenever it determines that Recipient has failed to comply with the conditions hereof including, but not limited to the Scope of Work set forth in Attachment A, Schedule of Completion set forth in Attachment B and Budget set forth in Attachment C to this Agreement. If ADOH so determines, it shall notify Recipient in writing by certified mail, return receipt requested, of such termination for cause with such notification to include the reason(s) for the termination and the effective date of termination. If ADOH terminates this Agreement pursuant to this Section, ADOH shall recapture all funds allocated to Recipient under this Agreement pursuant to Section 15.4 hereof and obtain repayment of funds expended pursuant to Section 15.6, hereof.

Section 21. TERMINATION FOR CONVENIENCE

ADOH or Recipient may terminate this Agreement in whole or part (one (1) or more activities) if either party believes that continuation will not produce beneficial results. If ADOH so determines, it shall notify Recipient in writing by certified mail, return receipt requested, of such termination for convenience and the effective date of termination. If Recipient so determines, it shall notify ADOH in writing by certified mail, return receipt requested, of such termination for convenience and the effective date of termination. If ADOH terminates this Agreement pursuant to this Section, ADOH shall de-obligate, recapture or receive repayment, as applicable, all funds allocated to Recipient under this Agreement pursuant to Section 15 hereof.

Section 22. ENFORCEMENT

22.1 Remedies for Noncompliance. If Recipient materially fails to comply with any term of this Agreement or applicable law, ADOH may take one or more of the following actions, as appropriate in the circumstances:

- (a) Temporarily withhold cash payments pending correction of the deficiency by Recipient or more severe enforcement action by the awarding agency;
- (b) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
- (c) Wholly or partly suspend or terminate the award evidenced by this Agreement;
- (d) Withhold further awards to Recipient's project funded by the award evidenced by this Agreement;
- (e) Recapture funds and terminate contract;
- (f) Withhold future ADOH grant awards from all sources; or
- (g) Take other remedies that may be legally available.

22.2 Appealable Agency Action. Enforcement action taken under this section is an appealable agency action pursuant to A.R.S., Title 41, Chapter 6, Article 10.

22.3 Effects of suspension and termination. Costs incurred by Recipient resulting from obligations incurred by Recipient during a suspension or after termination of an award are not allowable unless ADOH expressly authorizes them in the notice of suspension or termination or subsequently.

22.4 Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude Recipient from being subject to "Debarment and Suspension" under the United States President's Executive Order 12549.

Section 23. CANCELLATION

Pursuant to A.R.S. § 38-511, either party may, within three (3) years after its execution, cancel this Agreement, without penalty or further obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating this Agreement on behalf of ADOH, at any time while this Agreement or any extension of this Agreement is in effect, is or becomes an employee or agent of any other party to this Agreement in any capacity or a consultant to any party of this Agreement with respect to the subject matter of the contract. A cancellation notice made pursuant to this provision shall be effective when Recipient receives written notice of the cancellation unless the notice specifies a later time.

Section 24. RECORDS RETENTION

Pursuant to A.R.S. § 35-214, Recipient shall retain and require that its subcontractors retain for inspection and audit by ADOH, all books, accounts, reports, files including information regarding actual beneficiaries of the fund, and other records relating to the bidding and performance of this Agreement for a period of five (5) years following the date of the letter informing Recipient of the Administrative Closeout or termination.

- CDBG funded projects only:** All CDBG records must be retained for at least three (3) years after the grant agreement close out between HUD and ADOH has been approved by HUD. ADOH will notify recipients of the records retention date of expiration for CDBG funded projects.
- WEATHERIZATION projects only:** All records must be retained for at least three (3) years after the grant agreement close out between DOE, LIHEAP, SWG or APS and ADOH has been approved. ADOH will notify recipients of the records retention date of expiration for Weatherization projects.

Upon request by ADOH, Recipient shall produce a legible copy of all such records at the Administrative Office of ADOH or at the Office of the Auditor General. The original records shall be available and produced for inspection and audit when required by ADOH or the Auditor General.

Recipient shall maintain records that adequately identify the source and application of the funds provided under this Agreement (including Program Income and Recaptured Funds) as part of the financial transactions of their funding program, consistent with generally accepted accounting principles and the requirements of 2 CFR 200. Recipient will provide reports regarding the capture and reuse of Program Income and Recaptured Funds as requested by ADOH from time to time.

In addition, in the event that the project resulted in Recipient holding any liens or notes as a result of this funding, Recipient must retain all pertinent records for five (5) years beyond the expiration or release of such liens or notes.

Section 25. NO OBLIGATION OF STATE GENERAL APPROPRIATIONS FUNDS

Nothing herein shall be construed as obligating state general appropriation funds, excepting HTF funds, for payment of any debt or liability of any nature arising hereunder. The parties expressly recognize that all payments to be made by ADOH are from federal funds and HTF funds made available to ADOH for this purpose.

Section 26. AVAILABILITY OF FUNDS

Payments under this Agreement are subject to the availability of the federal funds provided to the ADOH for the HOME and CDBG programs and the availability of state funds provided for the state HTF Program. Every payment obligation of ADOH under this Agreement is conditioned upon the availability of funds appropriated or allocated for the payment of such obligation. If funds are not allocated and available for the continuance of this Agreement, this Agreement may be terminated by ADOH at the end of the period for which funds are available. No liability shall accrue to ADOH in the event this provision is exercised, and ADOH shall not be obligated or liable for any future payments or for any damages as a result of termination under this paragraph.

Section 27. APPLICABLE LAW AND ARBITRATION

This Agreement shall be governed and interpreted by the laws of the State of Arizona. The parties to this Agreement agree to resolve all disputes arising out of or relating to this Agreement through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518 except as may be required by other applicable statutes.

Section 28. INDEMNIFICATION

Each party (as Indemnitor) agrees to indemnify, defend and hold harmless the other party (as Indemnitee) from and against any and all claims, losses, liability, costs or expenses (including reasonable attorney's fees)(hereinafter collectively referred to as "claims") arising out of bodily injury of any person (including death) or property damage, but only to the extent that such claims which result in vicarious/derivative liability to the Indemnitee, are caused by the act omission, negligence, misconduct, or other fault of the Indemnitor, its officers, officials, agents, employees, or volunteers.

Section 29. FEDERAL GOVERNMENT LIABILITY

It is agreed by all parties that the Federal Government and particularly the U.S. Department of Housing and Urban Development ("HUD") and the U.S. Department of Energy (DOE) is not a party to this Agreement and that no legal liability on the part of the Federal Government is inferred or implied under the terms of this Agreement.

Section 30. AUDIT

If federal funds are paid to Recipient through this Agreement, Recipient shall comply with the audit requirements set forth in 2 CFR 200. Recipient shall comply with A.R.S. § 35-181.03 if any state funds are paid through this Agreement. Recipient agrees to rectify issues identified in audits within ADOH prescribed time periods. Failure to comply shall result in withholding of all present and future ADOH provided funds.

Section 31. AUDIT EXCEPTIONS

If federal or state audit exceptions are made relating to this Agreement, Recipient shall reimburse all costs incurred by the State of Arizona and ADOH associated with defending against the audit exception or performing an audit or follow-up audit including but not limited to: audit fees, court costs, attorney's fees based upon a reasonable hourly amount for attorneys in the community, travel costs, penalty assessments and all other costs of whatever nature.

Immediately upon notification from ADOH, Recipient shall reimburse the amount of the audit exception and any other related costs directly to ADOH as specified by ADOH in the notification.

Section 32. UNALLOWABLE USE OF FUNDS

Recipient, its officers, employees and agents, shall not utilize any of the federal funds or HTF provided under this Agreement to solicit or influence, or attempt to solicit or influence, directly or indirectly, any member of Congress regarding pending or prospective legislation.

Section 34. ACCESS TO RECORDS, PARTICIPANTS AND STAFF

Recipient agrees to provide ADOH and its representatives access at any reasonable time to all participants and staff involved in this Agreement and to all records and reports involving this Agreement.

Section 35. IDENTIFICATION OF DOCUMENTS

All materials used for public outreach and for informational purposes as a part of this Agreement, other than documents exclusively for internal use by ADOH, shall identify the source of federal (CDBG, HOME, NHTF, COC, HOPWA, DOE WAP, DOE WAP BIL, LIHEAP WAP) or state (HTF) funds used as part of this Agreement as well as acknowledgement of support from ADOH.

Section 36. COPYRIGHT

Reports, maps or other documents produced in whole or in part under this Agreement are works for hire and shall not be the subject of any application for copyright by or on behalf of Recipient, by any employee or subcontractor of Recipient. Recipient shall advise ADOH or its designee at the time of delivery of any copyrighted or copyrightable work furnished under this Agreement, or any adversely held copyrighted or copyrightable material incorporated in any such work and of any invasion of the right of privacy therein contained.

Section 37. RIGHTS IN DATA

ADOH may duplicate, use and disclose in any manner and for any purpose whatsoever, within the limits established by federal and state laws and regulations, all information relating to this Agreement.

Section 38. FUNDING CONDITIONS

ADOH will make the funding assistance available to Recipient upon execution of this Agreement by the parties. The obligation and utilization of the funding assistance provided through this Agreement are subject to the proper observation of the requirements incorporated by reference. Recipient shall require any subcontracting entities to observe and follow all provisions of this Agreement.

Section 39. NON-DISCRIMINATION

- (a) Recipient shall comply with A.R.S. § 41-1463 and Executive Orders 99-4 and 2009-09, which prohibit Recipient from discriminating against persons, or depriving or tending to deprive any individual of employment opportunities or otherwise adversely affecting the individual's status as an employee on the basis of race, color, religion, sex, age, national origin, disability or political affiliation and require Recipient to take action to ensure that applicants are employed and that employees are treated during employment without regard to race, color, religion, sex, age, national origin, disability, or political affiliation. Recipient shall comply with all of the other requirements of Executive Order 2009-09.
- (b) Recipient agrees to comply with Title VII of the Civil Rights Act of 1964, as amended. Recipient shall also comply with applicable federal regulations that prohibit discrimination in the employment or advancement in employment of qualified persons with disabilities. - (b) A breach of a warranty regarding compliance with immigration laws and regulations shall be deemed a material breach of the contract and Recipient may be subject to penalties up to and including termination of this Agreement.
- (c) The ADOH retains the legal right to inspect the papers of any employee who works on this Agreement to ensure that Recipient or Recipient’s subcontractor is complying with the warranty under paragraph (a).

Section 42. INSURANCE

During the contract period, Recipient shall purchase and maintain in full force the following insurance. All certifications of insurance must provide for a thirty (30) day notice to ADOH of cancellation, non-renewal or material change. Recipient's insurance shall be primary insurance as respects ADOH and any insurance or self-insurance maintained by ADOH shall not contribute to it.

Recipient shall not fail to comply with the claim reporting provisions of the insurance policies or cause any breach of an insurance policy warranty, which would affect coverage afforded under insurance policies to protect ADOH.

The insurance policies, except Worker's Compensation, shall contain a waiver of transfer of rights of recovery (subrogation) against ADOH, its agents, representatives, directors, officers and employees for any claims arising out of Recipient's acts, errors, mistakes, omissions, work or service.

The insurance policies may provide coverage, which contain deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to ADOH under such policies. Recipient shall be solely responsible for the deductible and/or self-insured retention, and ADOH, at its option, may require Recipient to secure payment of such deductibles or self-insured retentions by a Surety Bond listing ADOH as the Obligee or co-Obligee or an irrevocable and unconditional letter of credit.

ADOH reserves the right to request and to receive, within ten (10) working days, certified copies of any or all of the herein required insurance policies and/or endorsements. ADOH shall not be obligated, however, to review same or to advise Recipient of any deficiencies in such policies and endorsements, and such receipt shall not relieve Recipient from, or be deemed a waiver of ADOH's right to insist on, strict fulfillment of Recipient's obligations under this Agreement.

The insurance policies, except Worker's Compensation and Professional Liability, required by this Agreement, shall name ADOH, its agents, representatives, officers, directors, officials and employees as additionally insured.

Subpart A. General Provisions

Term 1. Legal Authority and Effect

A DOE financial assistance award is valid only if it is in writing and is signed, either in writing or electronically, by a DOE Contracting Officer.

The Recipient may accept or reject the Award. A request to draw down DOE funds or acknowledgement of award documents by the Recipient's authorized representative through electronic systems used by DOE, specifically FedConnect, constitutes the Recipient's acceptance of the terms and conditions of this Award. Acknowledgement via FedConnect by the Recipient's authorized representative constitutes the Recipient's electronic signature.

Term 2. Flow Down Requirement

The Recipient agrees to apply the terms and conditions of this Award, as applicable, including the Intellectual Property Provisions, to all subrecipients (and subcontractors, as appropriate), as required by 2 CFR 200.101, and to require their strict compliance therewith. Further, the Recipient must apply the Award terms as required by 2 CFR 200.327 to all subrecipients (and subcontractors, as appropriate), and to require their strict compliance therewith.

Term 3. Compliance with Federal, State, and Municipal Law

The Recipient is required to comply with applicable Federal, state, and local laws and regulations for all work performed under this Award. The Recipient is required to obtain all necessary Federal, state, and local permits, authorizations, and approvals for all work performed under this Award.

Term 4. Inconsistency with Federal Law

Any apparent inconsistency between Federal statutes and regulations and the terms and conditions contained in this Award must be referred to the DOE Award Administrator for guidance.

Term 5. Federal Stewardship

EERE will exercise normal Federal stewardship in overseeing the project activities performed under this Award. Stewardship activities include, but are not limited to, conducting site visits; reviewing performance and financial reports; providing technical assistance and/or temporary intervention in unusual circumstances to address deficiencies that develop during the project; assuring compliance with terms and conditions; and reviewing technical performance after project completion to ensure that the project objectives have been accomplished.

Term 6. Federal Involvement

A. Review Meetings

The Recipient, including but not limited to, the principal investigator (or, if

applicable, co-principal investigators), is required to participate in periodic review meetings with EERE. Review meetings enable EERE to assess the work performed under this Award and determine whether the Recipient has timely achieved the program goals stated in Attachment 4 (Annual Plan) and deliverables stated in Attachment 2 (Federal Assistance Reporting Checklist) to this Award.

EERE shall determine the frequency of review meetings and select the day, time, and location of each review meeting and shall do so in a reasonable and good faith manner. EERE will provide the Recipient with reasonable notice of the review meetings.

For each review meeting, the Recipient is required to provide a comprehensive overview of the project, including:

- The Recipient's program progress compared to the Annual Plan stated in Attachment 4 to this Award.
- The Recipient's actual expenditures compared to the approved budget in Attachment 3 to this Award.
- Other subject matter specified by the DOE Technology Manager/Project Officer.

B. Project Meetings

The Recipient is required to notify EERE in advance of scheduled tests and internal project meetings that would entail discussion of topics that could result in major changes to the baseline project technical scope/approach, cost, or schedule. Upon request by EERE, the Recipient is required to provide EERE with reasonable access (by telephone, webinar, or otherwise) to the tests and project meetings. The Recipient is not expected to delay any work under this Award for the purpose of government insight.

C. Site Visits

EERE's authorized representatives have the right to make site visits at reasonable times to review project accomplishments and management control systems and to provide technical assistance, if required. The Recipient must provide, and must require subrecipients to provide, reasonable access to facilities, office space, resources, and assistance for the safety and convenience of the government representatives in the performance of their duties. All site visits and evaluations must be performed in a manner that does not unduly interfere with or delay the work.

D. EERE Access

The Recipient must provide any information, documents, site access, or other assistance requested by EERE for the purpose of its Federal stewardship or substantial involvement.

Term 7. NEPA Requirements

A. Authorization

DOE must comply with the National Environmental Policy Act (NEPA) prior to authorizing the use of Federal funds.

For Recipients with a DOE executed Historic Preservation Programmatic Agreement (PA), EERE has determined that the "Allowable" listed in the Weatherization Assistance Program (WAP) NEPA Determination (Attachment 6) are categorically excluded and require no further NEPA review, when the Recipient demonstrates the activities are compliant with the restrictions of the "Allowable Activities. The Recipient is thereby authorized to use Federal funds for the "Allowable Activities" listed in the WAP Bipartisan Infrastructure Law, Administrative and Legal Requirements Document (WAP-BIL-ALRD) and, NEPA Determination, subject to the Recipient's compliance with paragraphs B. "Conditions" and C. "Activities Not Listed As Allowable Activities," and the restrictions listed in Attachment 6.

B. Conditions

1. This NEPA Determination only applies to activities funded by the WAP-BIL-ALRD, Administrative and Legal Requirements Document .
2. Activities not listed under "Allowable Activities" including ground disturbing activities and tree removal, are subject to additional NEPA review and approval by DOE. For activities requiring additional NEPA review, Recipients must complete the environmental questionnaire found at <https://www.eere-pmc.energy.gov/NEPA.aspx> and receive notification from DOE that the NEPA review has been completed and approved by the Contracting Officer prior to initiating the project or activities.
3. This authorization does not include activities where the following elements exist: extraordinary circumstances; cumulative impacts or connected actions that may lead to significant effects on the human environment; or any inconsistency with the "integral elements" (as contained in 10 CFR Part 1021, Appendix B) as they relate to a particular project.
4. The Recipient must identify and promptly notify DOE of extraordinary circumstances, cumulative impacts or connected actions that may lead to significant effects on the human environment, or any inconsistency with the "integral elements" (as contained in 10 CFR Part 1021, Appendix B) as they relate to project activities.
5. Recipients must have a DOE executed Historic Preservation Programmatic Agreement and adhere to the terms and restrictions of its DOE executed Historic Preservation Programmatic Agreement. DOE executed historic preservation programmatic agreements are available on the Weatherization and Intergovernmental Programs website:
<https://www.energy.gov/eere/wipo/historic-preservation-executed->

programmatic-agreements.

6. Most activities listed under "Allowable Activities" are more restrictive than the Categorical Exclusion. The restrictions listed in the "Allowable Activities" must be followed.
7. Recipients are responsible for completing the online NEPA and Historic preservation training at www.energy.gov/node/4816816 and contacting NEPA with any questions at GONEPA@ee.doe.gov.
8. This authorization excludes any activities that are otherwise subject to a restriction set forth elsewhere in the Award.

C. Activities Not Listed As "Allowable Activities"

If the Recipient seeks to fund activities that do not qualify as "Allowable Activities" as defined in Attachment 6, those activities are subject to additional NEPA review which requires submission of an environmental questionnaire found at <https://www.eere-pmc.energy.gov/NEPA.aspx> and those activities are not authorized for Federal funding unless and until the DOE Contracting Officer provides written authorization for those activities. Should the Recipient elect to undertake activities prior to written authorization from the Contracting Officer, the Recipient does so at risk of not receiving Federal funding for those activities, and such costs may not be recognized as allowable cost share.

Term 8. Historic Preservation

A. Authorization

DOE must comply with the requirements of Section 106 of the National Historic Preservation Act (NHPA) prior to authorizing the use of Federal funds. Section 106 applies to historic properties that are listed in or eligible for listing in the National Register of Historic Places. Recipients with a DOE-executed Programmatic Agreement (PA) must comply with the requirements identified in paragraph B. Conditions below.

B. Conditions

Recipients with a DOE executed PA for Historic Preservation

(AL, AK, AS, AZ, AR, CA, CO, CT, DE, DC, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, ME, MD, MA, MI, MN, MP, MS, MO, MT, ND, NE, NV, NH, NJ, NM, NY, NC, OH, OK, OR, PA, RI, PR, SC, SD, TN, TX, UT, VI, VT, VA, WA, WI, WV, WY)

Recipients with a DOE executed historic preservation Programmatic Agreement (PA) must adhere to all the Stipulations of their PA. All DOE executed PAs are available on the Weatherization and Intergovernmental Programs website:

<https://www.energy.gov/eere/wipo/historic-preservation-executed-programmatic-agreements>

In addition to the Stipulations in their PAs, Recipients must notify EERE via GONEPA@ee.doe.gov whenever:

- Either the Recipient or the State Historic Preservation Office (SHPO)/Tribal Historic Preservation Office (THPO) believes that the Criteria of Adverse Effect pursuant to 36 CFR § 800.5, apply to the proposal under consideration by EERE;
- There is a disagreement between an Applicant, or its authorized representative, and the SHPO/THPO about the scope of the area of potential effects, identification, and evaluation of historic properties and/or the assessment of effects;
- There is an objection from a consulting party or the public regarding their involvement in the review process established by 36 CFR Part 800, Section 106 findings and determinations, or implementation of agreed upon measures; or

There is the potential for a foreclosure situation or anticipatory demolition as defined under 36 CFR §800.9 (b) and 36 CFR § 800.9 (c).

Term 9. Performance of Work in United States

A. Requirement

All work performed under this Award must be performed in the United States unless the Contracting Officer provides a waiver. This requirement does not apply to the purchase of supplies and equipment; however, the Recipient should make every effort to purchase supplies and equipment within the United States. The Recipient must flow down this requirement to its subrecipients.

B. Failure to Comply

If the Recipient fails to comply with the Performance of Work in the United States requirement, the Contracting Officer may deny reimbursement for the work conducted outside the United States and such costs may not be recognized as allowable Recipient cost share regardless if the work is performed by the Recipient, subrecipients, vendors or other project partners.

C. Waiver for Work Outside the U.S.

All work performed under this Award must be performed in the United States. However, the Contracting Officer may approve the Recipient to perform a portion of the work outside the United States under limited circumstances. The Recipient must obtain a waiver from the Contracting Officer prior to conducting any work outside the U.S. To request a waiver, the Recipient must submit a written waiver request to the Contracting Officer, which includes the following information:

- The rationale for performing the work outside the U.S.;
- A description of the work proposed to be performed outside the U.S.;
- Proposed budget of work to be performed; and
- The countries in which the work is proposed to be performed.

For the rationale, the Recipient must demonstrate to the satisfaction of the

Contracting Officer that the performance of work outside the United States would further the purposes of the FOA or Program that the Award was selected under and is in the economic interests of the United States. The Contracting Officer may require additional information before considering such request.

Term 10. Foreign National Involvement

The Recipient and project participants (including subrecipients and contractors) who anticipate involving foreign nationals in the performance of an award, may be required to provide DOE with specific information about each foreign national to satisfy requirements for foreign national participation. A foreign national is defined as any person who is not a U.S. citizen by birth or naturalization. The volume and type of information collected may depend on various factors associated with the award.

Term 11. Reporting Requirements

A. Requirements

The reporting requirements for this Award are identified on the Federal Assistance Reporting Checklist, attached to this Award. Failure to comply with these reporting requirements is considered a material noncompliance with the terms of the Award. Noncompliance may result in withholding of future payments, suspension, or termination of the current award, and withholding of future awards. A willful failure to perform, a history of failure to perform, or unsatisfactory performance of this and/or other financial assistance awards, may also result in a debarment action to preclude future awards by Federal agencies.

B. Dissemination of Scientific and Technical Information

Scientific and Technical Information (STI) generated under this Award will be submitted to DOE via the Office of Scientific and Technical Information's Energy Link ([E-Link](#)) system. STI submitted under this Award will be disseminated via DOE's [OSTI.gov](#) website subject to approved access limitations. Citations for journal articles produced under the Award will appear on the [DOE PAGES](#) website.

C. Restrictions

Scientific and Technical Information submitted to E-Link must not contain any Protected Personal Identifiable Information (PII), limited rights data (proprietary data), classified information, information subject to export control classification, or other information not subject to release.

Term 12. Lobbying

By accepting funds under this Award, the Recipient agrees that none of the funds obligated on the Award shall be expended, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to

Members of Congress as described in 18 U.S.C. § 1913. This restriction is in addition to those prescribed elsewhere in statute and regulation.

Term 13. Publications

The Recipient is required to include the following acknowledgement in publications arising out of, or relating to, work performed under this Award, whether copyrighted or not:

- *Acknowledgment:* "This material is based upon work supported by the U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy (EERE) under the Weatherization Assistance Program Award Number DE-_____."
- *Full Legal Disclaimer:* "This report was prepared as an account of work sponsored by an agency of the United States Government. Neither the United States Government nor any agency thereof, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States Government or any agency thereof. The views and opinions of authors expressed herein do not necessarily state or reflect those of the United States Government or any agency thereof."

Abridged Legal Disclaimer: "The views expressed herein do not necessarily represent the views of the U.S. Department of Energy or the United States Government."

Recipients should make every effort to include the full Legal Disclaimer. However, in the event that recipients are constrained by formatting and/or page limitations set by the publisher, the abridged Legal Disclaimer is an acceptable alternative.

Term 14. No-Cost Extension

As provided in 2 CFR 200.308, the Recipient must provide the Contracting Officer with notice in advance if it intends to utilize a one-time, no-cost extension of this Award. The notification must include the supporting reasons and the revised period of performance. The Recipient must submit this notification in writing to the Contracting Officer and DOE Technology Manager/ Project Officer at least 30 days before the end of the current budget period.

Any no-cost extension will not alter the project scope, milestones, deliverables, or budget of this Award. Extensions require explicit prior Federal awarding agency approval when carrying forward unobligated balances to subsequent budget periods.

Term 15. Property Standards

The complete text of the Property Standards can be found at 2 CFR 200.310 through 200.316. Also see 2 CFR 910.360 for additional requirements for real property and equipment for For-Profit recipients.

Term 16. Insurance Coverage

See 2 CFR 200.310 for insurance requirements for real property and equipment acquired or improved with Federal funds. Also see 2 CFR 910.360(d) for additional requirements for real property and equipment for For-Profit recipients.

Term 17. Real Property

Subject to the conditions set forth in 2 CFR 200.311, title to real property acquired or improved under a Federal award will conditionally vest upon acquisition in the non-Federal entity. The non-Federal entity cannot encumber this property and must follow the requirements of 2 CFR 200.311 before disposing of the property.

Except as otherwise provided by Federal statutes or by the Federal awarding agency, real property will be used for the originally authorized purpose as long as needed for that purpose. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from DOE or pass-through entity. The instructions must provide for one of the following alternatives: (1) retain title after compensating DOE as described in 2 CFR 200.311(c)(1); (2) Sell the property and compensate DOE as specified in 2 CFR 200.311(c)(2); or (3) transfer title to DOE or to a third party designated/approved by DOE as specified in 2 CFR 200.311(c)(3).

See 2 CFR 200.311 for additional requirements pertaining to real property acquired or improved under a Federal award. Also see 2 CFR 910.360 for additional requirements for real property for For-Profit recipients.

Term 18. Equipment

Subject to the conditions provided in 2 CFR 200.313, title to equipment (property) acquired under a Federal award will conditionally vest upon acquisition with the non-Federal entity. The non-Federal entity cannot encumber this property and must follow the requirements of 2 CFR 200.313 before disposing of the property.

A state must use equipment acquired under a Federal award by the state in accordance with state laws and procedures.

Equipment must be used by the non-Federal entity in the program or project for which it was acquired as long as it is needed, whether or not the project or program continues to be supported by the Federal award. When no longer needed for the originally authorized purpose,

the equipment may be used by programs supported by DOE in the priority order specified in 2 CFR 200.313(c)(1)(i) and (ii).

Management requirements, including inventory and control systems, for equipment are provided in 2 CFR 200.313(d).

When equipment acquired under a Federal award is no longer needed, the non-Federal entity must obtain disposition instructions from DOE or pass-through entity.

Disposition will be made as follows: (1) items of equipment with a current fair market value of \$5,000 or less may be retained, sold, or otherwise disposed of with no further obligation to DOE; (2) Non-Federal entity may retain title or sell the equipment after compensating DOE as described in 2 CFR 200.313(e)(2); or (3) transfer title to DOE or to an eligible third party as specified in 2 CFR 200.313(e)(3).

See 2 CFR 200.313 for additional requirements pertaining to equipment acquired under a Federal award. Also see 2 CFR 910.360 for additional requirements for equipment for For-Profit recipients. See also 2 CFR 200.439 Equipment and other capital expenditures.

Term 19. Supplies

See 2 CFR 200.314 for requirements pertaining to supplies acquired under a Federal award. See also 2 CFR 200.453 Materials and supplies costs, including costs of computing devices.

Term 20. Property Trust Relationship

Real property, equipment, and intangible property, that are acquired or improved with a Federal award must be held in trust by the non-Federal entity as trustee for the beneficiaries of the project or program under which the property was acquired or improved. See 2 CFR 200.316 for additional requirements pertaining to real property, equipment, and intangible property acquired or improved under a Federal award.

Term 21. Record Retention

Consistent with 2 CFR 200.334 through 200.338, the Recipient is required to retain records relating to this Award.

Term 22. Audits

A. Government-Initiated Audits

The Recipient must provide any information, documents, site access, or other assistance requested by EERE, DOE or Federal auditing agencies (e.g., DOE Inspector General, Government Accountability Office) for the purpose of audits and investigations. Such assistance may include, but is not limited to, reasonable access to the Recipient's records relating to this Award.

Consistent with 2 CFR part 200 as amended by 2 CFR part 910, DOE may audit the Recipient's financial records or administrative records relating to this Award at any time. Government-initiated audits are generally paid for by DOE.

DOE may conduct a final audit at the end of the project period (or the termination of the Award, if applicable). Upon completion of the audit, the Recipient is required to refund to DOE any payments for costs that were determined to be unallowable. If the audit has not been performed or completed prior to the closeout of the award, DOE retains the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

DOE will provide reasonable advance notice of audits and will minimize interference with ongoing work, to the maximum extent practicable.

B. Annual Independent Audits (Single Audit or Compliance Audit)

The Recipient must comply with the annual independent audit requirements in 2 CFR 200.500 through .521 for institutions of higher education, nonprofit organizations, and state and local governments (Single audit), and 2 CFR 910.500 through .521 for for-profit entities (Compliance audit).

The annual independent audits are separate from Government-initiated audits discussed in part A. of this Term, and must be paid for by the Recipient. To minimize expense, the Recipient may have a Compliance audit in conjunction with its annual audit of financial statements. The financial statement audit is **not** a substitute for the Compliance audit. If the audit (Single audit or Compliance audit, depending on Recipient entity type) has not been performed or completed prior to the closeout of the award, DOE may impose one or more of the actions outlined in 2 CFR 200.338, Remedies for Noncompliance.

Subpart B. Financial Provisions

Term 23. Maximum Obligation

The maximum obligation of DOE for this Award is the total "Funds Obligated" as stated in Block 13 of the Assistance Agreement to this Award. "Funds Obligated" is equivalent to 15% of the total allocation for this award. DOE will evaluate project performance, project schedule adherence, the extent milestone objectives are met, compliance with reporting requirements, and overall contribution to the program goals and objectives. Additional funding will be released at the following negotiation and project milestones:

- 35% of the total allocation - Upon DOE approval of the Grantee Plan that identifies the quarterly milestones over the 5-year period of performance. (due October 1, 2022)
- Balance of total allocation (50%) is based on the Grantee demonstrating progress in

meeting expenditures goals, production targets and reporting requirement compliance.

Demonstrated progress is defined as:

1. 30% of all units estimated to be weatherized in approved Weatherization Plans are weatherized.
2. Each Grantee has been fulfilling its monitoring and inspection protocol as part of its approved annual Grantee plan.
3. Each Grantee is monitoring local agencies at least once each year to determine compliance with administrative, fiscal, and Grantee field policies and guidelines.
4. Local quality control efforts are in place.
5. At least 5% of the completed units are inspected by the Grantee Quality Control Inspection (QCI) staff during the course of the year.
6. Grantees progress reports are acceptable, submitted in accordance with grant requirements, including being on time and accurate.
7. Monitoring reviews by DOE confirm acceptable performance. If DOE's review reveals deficiencies, such as funds not disbursed, insufficient technical monitoring, or failure to meet reporting requirements, DOE reserves the right to place a hold on current balances and withhold funding until deficiencies are corrected.

Additional Federal funding is contingent upon: (1) Recipient's demonstrated substantial progress towards meeting the objectives of the Award; (2) availability of Federal funds appropriated by Congress for the purpose of this program; and (3) the availability of future-year budget authority.

Term 24. Continuation Application and Funding

A. Continuation Application

A continuation application is a non-competitive application for an additional budget period and extended project period. The continuation application shall be submitted to EERE in accordance with the annual Announcement/Grant Guidance that is issued.

B. Continuation Funding

Continuation funding is contingent on (1) the availability of funds appropriated by Congress for the purpose of this program; (2) the availability of future-year budget authority; (3) Recipient's satisfactory progress towards meeting the objectives of the Weatherization Assistance Program; (4) Recipient's submittal of required reports; (5) Recipient's compliance with the terms and conditions of the Award; (6) the Recipient's submission of a continuation application; and (7) written approval of the continuation application by the Contracting Officer.

Term 25. Refund Obligation

The Recipient must refund any excess payments received from EERE, including any costs determined unallowable by the Contracting Officer. Upon the end of the project period (or the termination of the Award, if applicable), the Recipient must refund to EERE the difference between (1) the total payments received from EERE, and (2) the Federal share of the costs incurred. Refund obligations under this Term do not supersede the annual reconciliation or true up process if specified under the Indirect Cost Term.

Term 26. Allowable Costs

EERE determines the allowability of costs through reference to 2 CFR part 200 as amended by 2 CFR part 910. All project costs must be allowable, allocable, and reasonable. The Recipient must document and maintain records of all project costs, including, but not limited to, the costs paid by Federal funds, costs claimed by its subrecipients and project costs that the Recipient claims as cost sharing, including in-kind contributions. The Recipient is responsible for maintaining records adequate to demonstrate that costs claimed have been incurred, are reasonable, allowable and allocable, and comply with the cost principles. Upon request, the Recipient is required to provide such records to EERE. Such records are subject to audit. Failure to provide EERE adequate supporting documentation may result in a determination by the Contracting Officer that those costs are unallowable.

The Recipient is required to obtain the prior written approval of the Contracting Officer for any foreign travel costs.

Term 27. Indirect Costs**A. Indirect Cost Allocation:**

The budget for this Award does not include an allocation of segregated indirect billing rates. Therefore, indirect charges shall not be charged under allocated billing rates, nor shall reimbursement be requested for this project for segregated indirect cost billing rates, nor shall any indirect charges for this project be allocated to any other Federally sponsored project. The Recipient cannot claim indirect costs separately as cost share.

B. Fringe Cost Allocation:

Fringe benefit costs have been allocated to this award under a segregated fringe billing rate. The fringe costs were found to be reasonable, allocable, and allowable as reflected in the budget. Fringe elements apply to both direct and indirect labor. Under a segregated cost pool, the fringe billing rate shall be treated as an indirect cost expenditure and must be reconciled annually.

C. Subrecipient Indirect Costs (If Applicable):

The Recipient must ensure its subrecipient's indirect costs are appropriately managed, have been found to be allowable, and comply with the requirements of

this Award and 2 CFR Part 200 as amended by 2 CFR Part 910.

D. Indirect Cost Stipulations:

i. Modification to Indirect Cost Billing Rates

EERE will not modify this Award solely to provide additional funds to cover increases in the Recipient's indirect cost billing rate(s). Adjustments to the indirect cost billing rates must be approved by the Recipient's Cognizant Agency or Cognizant Federal Agency Official.

The Recipient must provide a copy of an updated NICRA or indirect rate proposal to the DOE Award Administrator in order to increase indirect cost billing rates. If the Contracting Officer provides prior written approval, the Recipient may incur an increase in the indirect cost billing rates. Reimbursement will be limited by the budgeted dollar amount for indirect costs for each budget period as shown in Attachment 3 to this Award.

ii. Award Closeout

The closeout of the DOE award does not affect (1) the right of the DOE to disallow costs and recover funds on the basis of a later audit or other review; (2) the requirement for the Recipient to return any funds due as a result of later refunds, corrections or other transactions including final indirect cost billing rate adjustments; and (3) the ability of the DOE to make financial adjustments to a previously closed award resolving indirect cost payments and making final payments.

Term 28. Decontamination and/or Decommissioning (D&D) Costs

Notwithstanding any other provisions of this Award, the Government shall not be responsible for or have any obligation to the Recipient for (1) Decontamination and/or Decommissioning (D&D) of any of the Recipient's facilities, or (2) any costs which may be incurred by the Recipient in connection with the D&D of any of its facilities due to the performance of the work under this Award, whether said work was performed prior to or subsequent to the effective date of the Award.

Term 29. Use of Program Income

If the Recipient earns program income during the project period as a result of this Award, the Recipient must add the program income to the funds committed to the Award and used to further eligible project objectives.

Term 30. Payment Procedures

A. Method of Payment

Payment will be made by advances through the Department of Treasury's ASAP

system.

B. Requesting Advances

Requests for advances must be made through the ASAP system. The Recipient may submit requests as frequently as required to meet its needs to disburse funds for the Federal share of project costs. If feasible, the Recipient should time each request so that the Recipient receives payment on the same day that the Recipient disburses funds for direct project costs and the proportionate share of any allowable indirect costs. If same-day transfers are not feasible, advance payments must be as close to actual disbursements as administratively feasible.

C. Adjusting Payment Requests for Available Cash

The Recipient must disburse any funds that are available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds before requesting additional cash payments from EERE.

D. Payments

All payments are made by electronic funds transfer to the bank account identified on the Bank Information Form that the Recipient filed with the U.S. Department of Treasury.

E. Unauthorized Drawdown of Federal Funds

For each budget period, the Recipient may not spend more than the Federal share authorized to that particular budget period, without specific written approval from the Contracting Officer. The Recipient must immediately refund EERE any amounts spent or drawn down in excess of the authorized amount for a budget period. The Recipient and subrecipients shall promptly, but at least quarterly, remit to DOE interest earned on advances drawn in excess of disbursement needs, and shall comply with the procedure for remitting interest earned to the Federal government per 2 CFR 200.305, as applicable.

Term 31. Budget Changes

A. Budget Changes Generally

The Contracting Officer has reviewed and approved the SF-424A in Attachment 3 to this Award.

Any increase in the total project cost, whether DOE share or Cost Share, which is stated as "Total" in Block 12 to the Assistance Agreement of this Award, must be approved in advance and in writing by the Contracting Officer.

Any change that alters the project scope, milestones or deliverables requires prior written approval of the Contracting Officer. EERE may deny reimbursement for any

failure to comply with the requirements in this term.

B. Transfers of Funds Among Direct Cost Categories.

The Recipient is required to submit written notification via email (not in PAGE) to the Project Officer identified in the Assistance Agreement of any transfer of funds among direct cost categories and/or functions where the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total project cost, which is stated as "Total" in Block 12 to the Assistance Agreement of this Award.

Upon receipt of adequate notification documentation by the Project Officer, the recipient is hereby authorized to transfer funds among direct cost categories for program activities consistent with their approved State/Annual Plan, without prior approval by the awarding agency.

Limitations in existing rules and guidance, including Administration and Training and Technical Assistance (T&TA), along with prior approval of equipment as detailed in the respective year's WAP Grant Guidance and in the regulations still apply.

C. Transfer of Funds Between Direct and Indirect Cost Categories

The Recipient is required to obtain the prior written approval of the Contracting Officer for any transfer of funds between direct and indirect cost categories. If the Recipient's actual allowable indirect costs are less than those budgeted in Attachment 3 to this Award, the Recipient may use the difference to pay additional allowable direct costs during the project period so long as the total difference is less than 10% of total project costs and the difference is reflected in actual requests for reimbursement to DOE.

Term 32. Carryover of Unobligated Balances

The Recipient is hereby authorized to carry over unobligated balances of Federal and non-Federal funds from one budget period to a subsequent budget period, for program activities consistent with their approved State/Annual Plan, without prior approval by the Contracting Officer. Should the Recipient wish to use carryover funds for activities that are not consistent with the approved State/Annual Plan, a budget revision application must be submitted for approval by DOE.

For purposes of this Award, an unobligated balance is the portion of the funds authorized by DOE that have not been obligated by the Recipient at the end of a budget period. The Recipient is advised to carefully manage grant funds to minimize unobligated balances each year, but especially at the end of the grant project period.

Subpart C. Miscellaneous Provisions

Term 33. Reporting Subawards and Executive Compensation

A. Reporting of first-tier subawards

- i. *Applicability.* Unless the Recipient is exempt as provided in paragraph D. of this award term, the Recipient must report each action that equals or exceeds \$30,000 in Federal funds for a subaward to an entity (see definitions in paragraph E. of this award term).

 - b. \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards)
 3. The public does not have access to information about the

compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>).

- ii. *Where and when to report.* The Recipient must report subrecipient executive

total compensation described in paragraph C.i. of this award term:

1. To the recipient.
2. By the end of the month following the month during which the Recipient makes the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (*i.e.*, between October 1 and 31), the Recipient must report any required compensation information of the subrecipient by November 30 of that year.

D. Exemptions

If, in the previous tax year, the Recipient had gross income, from all sources, under \$300,000, it is exempt from the requirements to report:

- i. Subawards; and
- ii. The total compensation of the five most highly compensated executives of any subrecipient.

Term 34. System for Award Management and Universal Identifier Requirements

A. Requirement for Registration in the System for Award Management (SAM)

Unless the Recipient is exempted from this requirement under 2 CFR 25.110, the Recipient must maintain the currency of its information in SAM until the Recipient submits the final financial report required under this Award or receive the final payment, whichever is later. This requires that the Recipient reviews and updates the information at least annually after the initial registration, and more frequently if required by changes in its information or another award term.

B. Unique Entity Identifier (UEI)

SAM automatically assigns a UEI to all active SAM.gov registered entities. Entities no longer have to go to a third-party website to obtain their identifier. This information is displayed on SAM.gov.

If the Recipient is authorized to make subawards under this Award, the Recipient:

- i. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from the Recipient unless the entity has provided its UEI number to the Recipient.
- ii. May not make a subaward to an entity unless the entity has provided its UEI number to the Recipient.

C. Definitions

2. The term does not include the Recipient's procurement of property and services needed to carry out the project or program (for further explanation, see 2 CFR 200.501 Audit requirements, (f) *Subrecipients and Contractors* and/or 2 CFR 910.501 Audit requirements, (f) *Subrecipients and Contractors*).
3. A subaward may be provided through any legal agreement, including an agreement that the Recipient considers a contract.

v. Subrecipient means an entity that:

1. Receives a subaward from the Recipient under this Award; and
2. Is accountable to the Recipient for the use of the Federal funds provided by the subaward.

Term 35. Nondisclosure and Confidentiality Agreements Assurances

- A. By entering into this agreement, the Recipient attests that it **does not and will not** require its employees or contractors to sign internal nondisclosure or confidentiality agreements or statements prohibiting or otherwise restricting its employees or contractors from lawfully reporting waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.
- B. The Recipient further attests that it **does not and will not** use any Federal funds to implement or enforce any nondisclosure and/or confidentiality policy, form, or agreement it uses unless it contains the following provisions:

existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling.”

- ii. The limitation above shall not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.
- iii. Notwithstanding provision listed in paragraph (a), a nondisclosure or confidentiality policy form or agreement that is to be executed by a person connected with the conduct of an intelligence or intelligence-related activity, other than an employee or officer of the United States Government, may contain provisions appropriate to the particular activity for which such document is to be used. Such form or agreement shall, at a minimum, require that the person will not disclose any classified information received in the course of such activity unless specifically authorized to do so by the United States Government. Such nondisclosure or confidentiality forms shall also make it clear that they do not bar disclosures to Congress, or to an authorized official of an executive agency or the Department of Justice, that are essential to reporting a substantial violation of law.

Term 36. Subrecipient Change Notification

Except for subrecipients specifically proposed as part of the Recipient’s Application for award, the Recipient must notify the Contracting Officer and Project Manager in writing 30 days prior to the execution of new or modified subrecipient agreements, including naming any To Be Determined subrecipients. This notification does not constitute a waiver of the prior approval requirements outlined in 2 CFR part 200 as amended by 2 CFR part 910, nor does it relieve the Recipient from its obligation to comply with applicable Federal statutes, regulations, and executive orders.

In order to satisfy this notification requirement, the Recipient documentation must, as a minimum, include the following:

- A description of the research to be performed, the service to be provided, or the equipment to be purchased.
- Cost share commitment letter if the subrecipient is providing cost share to the Award.

- An assurance that the process undertaken by the Recipient to solicit the subrecipient complies with their written procurement procedures as outlined in 2 CFR 200.317 through 200.329.
- An assurance that no planned, actual or apparent conflict of interest exists between the Recipient and the selected subrecipient and that the Recipient's written standards of conduct were followed.¹
- A completed Environmental Questionnaire, if applicable.
- An assurance that the subrecipient is not a debarred or suspended entity.
- An assurance that all required award provisions will be flowed down in the resulting subrecipient agreement.

The Recipient is responsible for making a final determination to award or modify subrecipient agreements under this Award, but the Recipient may not proceed with the subrecipient agreement until the Contracting Officer determines, and provides the Recipient written notification, that the information provided is adequate.

Should the Recipient not receive a written notification of adequacy from the Contracting Officer within 30 days of the submission of the subrecipient documentation stipulated above, the Recipient may proceed to award or modify the proposed subrecipient agreement.

Term 37. Minimum Privacy Protections Regarding Applicant Information

- A. States, Tribes and their subawardees, including, but not limited to subrecipients, subgrantees, contractors and subcontractors that participate in the Weatherization Assistance Program (WAP) are required to treat all requests for information concerning applicants and recipients of WAP funds in a manner consistent with the federal government's treatment of information requested under the Freedom of Information Act (FOIA), 5 U.S.C. 552, including the privacy protections contained in Exemption (b)(6) of the FOIA, 5 U.S.C. 552(b)(6). Under 5 U.S.C. 552(b)(6), information relating to an individual's eligibility application or the individual's participation in the program, such as name, address, or income information, are generally exempt from disclosure.
- B. A balancing test must be used in applying Exemption (b)(6) in order to determine:
 - i. whether a significant privacy interest would be invaded;

¹ It is DOE's position that the existence of a "covered relationship" as defined in 5 CFR 2635.502(a)&(b) between a member of the Recipient's owners or senior management and a member of a subrecipient's owners or senior management creates at a minimum an apparent conflict of interest that would require the Recipient to notify the Contracting Officer and provide detailed information and justification (including, for example, mitigation measures) as to why the subrecipient agreement does not create an actual conflict of interest. The Recipient must also notify the Contracting Officer of any new subrecipient agreement with: (1) an entity that is owned or otherwise controlled by the Recipient; or (2) an entity that is owned or otherwise controlled by another entity that also owns or otherwise controls the Recipient, as it is DOE's position that these situations also create at a minimum an apparent conflict of interest.

- ii. whether the release of the information would further the public interest by shedding light on the operations or activities of the Government; and
 - iii. whether in balancing the privacy interests against the public interest, disclosure would constitute a clearly unwarranted invasion of privacy.
- C. A request for personal information including but not limited to the names, addresses, or income information of WAP applicants or recipients would require the state or other service provider to balance a clearly defined public interest in obtaining this information against the individuals' legitimate expectation of privacy.
- D. Given a legitimate, articulated public interest in the disclosure, States and other service providers may release information regarding recipients in the aggregate that does not identify specific individuals. However, a State or service provider must apply a FOIA Exemption (b)(6) balancing test to any request for information that cannot be satisfied by such less-intrusive methods.

Term 38. Conference Spending

The Recipient shall not expend any funds on a conference not directly and programmatically related to the purpose for which the grant or cooperative agreement was awarded that would defray the cost to the United States Government of a conference held by any Executive branch department, agency, board, commission, or office for which the cost to the United States Government would otherwise exceed \$20,000, thereby circumventing the required notification by the head of any such Executive Branch department, agency, board, commission, or office to the Inspector General (or senior ethics official for any entity without an Inspector General), of the date, location, and number of employees attending such conference.

Term 39. Recipient Integrity and Performance Matters**A. General Reporting Requirement**

If the total value of the Recipient's currently active Financial Assistance awards, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this term. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and

performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

B. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

- i. Is in connection with the award or performance of a Financial Assistance, cooperative agreement, or procurement contract from the Federal Government;
- ii. Reached its final disposition during the most recent five-year period; and
- iii. Is one of the following:
 1. A criminal proceeding that resulted in a conviction, as defined in paragraph E of this award term and condition;
 2. A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;
 3. An administrative proceeding, as defined in paragraph E of this term, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or
 4. Any other criminal, civil, or administrative proceeding if:
 - a. It could have led to an outcome described in paragraph B.iii.1, 2, or 3 of this term;
 - b. It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 - c. The requirement in this term to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph B of this term. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

D. Reporting Frequency

During any period of time when you are subject to the requirement in paragraph A of this term, you must report proceedings information through SAM for the most recent five-year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, Financial Assistance awards, (including cooperative agreement awards) with a cumulative total value greater than

\$10,000,000, must disclose semiannually any information about the criminal, civil, and administrative proceedings.

E. Definitions

For purposes of this term:

- i. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or Financial Assistance awards. It does not include audits, site visits, corrective plans, or inspection of deliverables.
- ii. Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of *nolo contendere*.
- iii. Total value of currently active Financial Assistance awards, cooperative agreements and procurement contracts includes—
 1. Only the Federal share of the funding under any Federal award with a recipient cost share or match; and
 2. The value of all expected funding increments under a Federal award and options, even if not yet exercised.

Term 40. Export Control

The U.S. government regulates the transfer of information, commodities, technology, and software considered to be strategically important to the U.S. to protect national security, foreign policy, and economic interests without imposing undue regulatory burdens on legitimate international trade. There is a network of Federal agencies and regulations that govern exports that are collectively referred to as “Export Controls.” To ensure compliance with Export Controls, it is the Recipient’s responsibility to determine when its project activities trigger Export Controls and to ensure compliance.

Certain information, technology or material under an award may be considered export-controlled items that cannot be released to any foreign entity (organization, company, or person) without a license. The Recipient, and any subrecipients, must take the appropriate steps to obtain any required licenses, monitor and control access to restricted information and material, and safeguard all controlled items to ensure compliance with Export Controls. Under no circumstances may any foreign entity (organizations, companies, or persons) receive access to an export-controlled item unless proper export procedures have been satisfied and such access is authorized pursuant to law or regulation.

The Recipient must immediately report to DOE any export control violations related to the project funded under this Award, at the recipient or subrecipient level, and provide the corrective action(s) to prevent future violations.

Term 41. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

As set forth in 2 CFR 200.116, recipients and subrecipients are prohibited from obligating or expending project funds (federal funds and recipient cost share) to:

- (1) Procure or obtain;
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

See Public Law 115-232, section 889 for additional information.

Term 42. Fraud, Waste and Abuse

The mission of the DOE Office of Inspector General (OIG) is to strengthen the integrity, economy and efficiency of DOE's programs and operations including deterring and detecting fraud, waste, abuse and mismanagement. The OIG accomplishes this mission primarily through investigations, audits, and inspections of Department of Energy activities to include grants, cooperative agreements, loans, and contracts.

The OIG maintains a Hotline for reporting allegations of fraud, waste, abuse, or mismanagement. To report such allegations, please visit <https://www.energy.gov/ig/ig-hotline>.

Additionally, the Recipient must be cognizant of the requirements of 2 CFR § 200.113 Mandatory disclosures, which states:

The non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award including the term and condition outlined in appendix XII to this part are required to report certain civil, criminal, or administrative proceedings to SAM (currently FAPIIS). Failure to make required disclosures can result in any of the remedies described in § 200.339. (See also 2 CFR part 180, 31 U.S.C. 3321, and 41 U.S.C. 2313.) [85 FR 49539, Aug. 13, 2020]

Term 43. Interim Conflict of Interest Policy for Financial Assistance Policy

The DOE interim Conflict of Interest Policy for Financial Assistance (COI Policy) can be found at <https://www.energy.gov/management/pf-2022-17-department-energy-interim-conflict-interest-policy-requirements-financial>. This policy is applicable to all non-Federal entities applying for, or that receive, DOE funding by means of a financial assistance award (e.g., a grant, cooperative agreement, or technology investment agreement) and, through the implementation of this policy by the entity, to each Investigator who is planning to participate in, or is participating in, the project funded wholly or in part under the DOE financial assistance award.

Recipients must flow down the requirements of the interim COI Policy to any subrecipient non-Federal entities.

It is understood that non-Federal entities and individuals receiving DOE financial assistance awards will need sufficient time to come into full compliance with DOE's interim COI Policy. To provide some flexibility, EERE allows for a staggered implementation. Specifically, prior to award, the Recipient must ensure all Investigators complete their significant financial disclosures; review the disclosures; determine whether a FCOI exists; develop and implement a management plan for FCOIs; and provide DOE with an initial FCOI report that includes any unmanaged/ unmanageable FCOIs.

To further ease the administrative burden, EERE established a model conflict of interest policy that WIPO Recipients may adopt and implement. The Recipients has 180 days from the date of this Award to either adopt and implement the WIPO model conflict of interest policy or ensure its existing conflict of interest policy aligns with the requirements of the WIPO model COI policy. The WIPO model COI Policy is available upon request from the Contracting Officer.

Subpart D. Bipartisan Infrastructure Law (BIL)- specific requirements

Term 44. Recipient Notification of prospective BIL - specific requirements

The funding for this Award is made available under the BIL and is subject to the applicable requirements included in the BIL. Requirements for this Award are listed in the subsequent award terms, however the Recipient should be aware that additional terms and modifications may be included when the Award is modified with the incorporation of the Full Application.

Additional terms that may be incorporated include, but are not limited to:

1. Publication of Information on the Internet
2. Certification and Registration
3. Whistleblowers and False Claims

Term 45. Reporting Tracking and Segregation of Incurred Costs

BIL funds may be used in conjunction with other funding, as necessary to complete projects, but tracking and reporting must be separate. The Recipient must keep separate records for BIL funds and must ensure those records comply with the requirements of the BIL.

Term 46. Buy American Requirements for Infrastructure Projects

A. Definitions

Infrastructure includes, at a minimum, the structures, facilities, and equipment for, in the United States:

- Roads, highways, and bridges;
- Public transportation;
- Dams, ports, harbors, and other maritime facilities;
- Intercity passenger and freight railroads;
- Freight and intermodal facilities;
- Airports;
- Water systems, including drinking water and wastewater systems;
- Electrical transmission facilities and systems;
- Utilities;
- Broadband infrastructure;
- Buildings and real property; and
- Facilities that generate, transport, and distribute energy.

Further, the “infrastructure” in question must either be publicly owned or serve a public function; privately owned infrastructure that is not open to the public, such as a personal residence, is not considered “infrastructure” for purposes of this requirement. In cases where the “public” nature of the infrastructure is unclear, the recipient is required to consult with the DOE Grants Officer who will render a determination.

Project means the construction, alteration, maintenance, or repair of infrastructure in the United States.

Construction Materials includes an article, material, or supply—other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives—that is, or consists primarily of:

- Non-ferrous metals;
- Plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
- Glass (including optic glass);
- Lumber; or
- Drywall.

Domestic content procurement preference means and refers to the same thing as “Buy America Preference.”

B. Buy America Preference

None of the funds provided under this award may be used for a project for infrastructure unless:

1. All iron and steel used in the project are produced in the United States—this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
2. All manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
3. All construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America Preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought into the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America Preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

C. Waivers

When necessary, recipients may apply for, and DOE may grant, a waiver from the Buy America Preference requirements. Requests to waive the application of the Buy America Preference

must be in writing. Waiver requests are subject to public comment periods of no less than 15 days, as well as review by the Office of Management and Budget.

Waivers must be based on one of the following justifications:

1. Applying the Buy America Preference would be inconsistent with the public interest (Public Interest);
2. The types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality (Nonavailability); or
3. The inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent (Unreasonable Cost).

Requests to waive the Buy America Preference must include the following:

- Waiver type (Public Interest, Nonavailability, or Unreasonable Cost);
- Recipient name and Unique Entity Identifier (UEI);
- A detailed justification as to how the non-domestic item(s) is/are essential the project;
- A certification that the recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and non-proprietary communications with potential suppliers;
- Total estimated project cost, with estimated Federal share and recipient cost share breakdowns;
- Total estimated infrastructure costs, with estimated Federal share and recipient cost share breakdowns;
- A brief description of the project, its location, and the specific infrastructure involved;
- List and description of iron or steel item(s), manufactured goods, and/or construction material(s) the recipient seeks to waive from the Buy America Preference, including name, cost, country(ies) of origin, and relevant PSC and NAICS codes for each;
- A justification statement—based on one of the applicable justifications outlined above—as to why the items in question cannot be procured domestically, including the due diligence performed (e.g., market research, industry outreach) by the recipient to attempt to avoid the need for a waiver. This justification may cite, if applicable, the absence of any Buy America-compliant bids received for domestic products in response to a solicitation; and
- Anticipated impact to the project if no waiver is issued.

DOE may request, and the recipient must provide, additional information for consideration of this waiver. The Agency's final determination regarding approval or rejection of the waiver request may not be appealed.

Term 47. Davis Bacon Requirements

This Award is funded under Division D of the Bipartisan Infrastructure Law (BIL). All laborers and mechanics employed by the recipient, subrecipients, contractors or subcontractors in the

performance of construction, alteration, or repair work on multifamily buildings with five (5) or more units which has been assisted in whole or in part by funds made available under this Award shall be paid wages at rates not less than those prevailing on similar projects in the locality, as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code commonly referred to as the "Davis-Bacon Act" (DBA).

With respect to work funded under the Weatherization Assistance Program, this requirement only applies to work performed on multifamily buildings with 5 or more units. Single family homes or multifamily buildings with 4 or less units are not required to include this requirement.

By accepting this award, the Recipient acknowledges the DBA requirements for the Award and confirms that all of the laborers and mechanics performing construction, alteration, or repair work on applicable projects are paid or will be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by Subchapter IV of Chapter 31 of Title 40, United States Code (Davis-Bacon Act).

The Recipient must comply with all of the Davis-Bacon Act requirements, including but not limited to:

- (1) ensuring that the wage determination(s) and appropriate Davis-Bacon clauses and requirements are flowed down to and incorporated into any applicable subcontracts or subrecipient awards.
- (2) being responsible for compliance by any subcontractor or subrecipient with the Davis-Bacon labor standards.
- (3) receiving and reviewing certified weekly payrolls submitted by all subcontractors and subrecipients for accuracy and to identify potential compliance issues.
- (4) maintaining original certified weekly payrolls for 3 years after the completion of the project and must make those payrolls available to the DOE or the Department of Labor upon request, as required by 29 CFR 5.6(a)(2).
- (5) conducting payroll and job-site reviews for construction work, including interviews with employees, with such frequency as may be necessary to assure compliance by its subcontractors and subrecipients and as requested or directed by the DOE.
- (6) cooperating with any authorized representative of the Department of Labor in their inspection of records, interviews with employees, and other actions undertaken as part of a Department of Labor investigation.
- (7) posting in a prominent and accessible place the wage determination(s) and Department of Labor Publication: WH-1321, Notice to Employees Working on Federal or Federally Assisted Construction Projects.

(8) notifying the Contracting Officer of all labor standards issues, including all complaints regarding incorrect payment of prevailing wages and/or fringe benefits, received from the recipient, subrecipient, contractor, or subcontractor employees; significant labor standards violations, as defined in 29 CFR 5.7; disputes concerning labor standards pursuant to 29 CFR parts 4, 6, and 8 and as defined in FAR 52.222-14; disputed labor standards determinations; Department of Labor investigations; or legal or judicial proceedings related to the labor standards under this Contract, a subcontract, or subrecipient award.

(9) preparing and submitting to the Contracting Officer, the Office of Management and Budget Control Number 1910-5165, Davis Bacon Semi-Annual Labor Compliance Report, by April 21 and October 21 of each year. Form submittal will be administered through the iBenefits system (<https://doeibenefits2.energy.gov>) or its successor system.

The Recipient must undergo Davis-Bacon Act compliance training and must maintain competency in Davis-Bacon Act compliance. The Contracting Officer will notify the Recipient of any DOE sponsored Davis-Bacon Act compliance trainings. The U.S. Department of Labor (“DOL”) offers free Prevailing Wage Seminars several times a year that meet this requirement, at <https://www.dol.gov/agencies/whd/government-contracts/construction/seminars/events>.

For additional guidance on how to comply with the Davis-Bacon provisions and clauses, see <https://www.dol.gov/agencies/whd/government-contracts/construction> and <https://www.dol.gov/agencies/whd/government-contracts/protections-for-workers-in-construction>.

AMENDMENT TO PROGRAMMATIC AGREEMENT
AMONG
THE UNITED STATES DEPARTMENT OF ENERGY, THE ARIZONA DEPARTMENT OF
COMMERCE ENERGY OFFICE AND
THE ARIZONA STATE HISTORIC PRESERVATION OFFICE
REGARDING THE USE OF AN INTERAGENCY STATE AGREEMENT
FOR SECTION 106 REVIEW OF EECBG, SEP AND WAP UNDERTAKINGS

WHEREAS, on June 28, 2010, The United States Department of Energy (DOE), The Arizona Department of Commerce Energy Office, and The Arizona State Historic Preservation Office entered into a Programmatic Agreement (Agreement) to fulfill the requirements of Section 106 of the National Historic Preservation Act for certain DOE-funded Undertakings in Arizona.

WHEREAS, in 2010, as the result of unprecedented funding levels resulting from the implementation of the American Recovery and Reinvestment Act (Recovery Act), DOE, the Advisory Council on Historic Preservation (ACHP), and the National Conference of State Historic Preservation Officers (NCSHPO) developed a first-of-its-kind Prototype Programmatic Agreement (Prototype PA) for National Historic Preservation Act Section 106 reviews;

WHEREAS, the intent of the Prototype PA was to provide DOE, recipients of financial assistance under DOE's Weatherization Assistance Program (WAP), State Energy Program (SEP), and Energy Efficiency Conservation Block Grant (EECBG) program, as applicable, and State Historic Preservation Offices (SHPOs) with a tailored method for complying with Section 106 of the National Historic Preservation Act. DOE, recipients, and SHPOs negotiated and executed subsequent programmatic agreements (subsequent PAs; i.e. this Agreement) in accordance with the Prototype PA;

WHEREAS, the Prototype PA originally provided that each subsequent PA would be valid for three years from the date of execution. As the result of ACHP's Program Comment dated March 11, 2013, however, all subsequent PAs, including this Agreement, were extended through December 31, 2020. (78 FR 16275, 16277);

WHEREAS, the Arizona Department of Housing administers the Weatherization Assistance Program and the Arizona Department of Administration - General Services Division administers the State Energy Program.

WHEREAS, ACHP, NCSHPO, and DOE recognize the Prototype PA and subsequent PAs continue to provide great value to DOE, recipients, and SHPOs, notwithstanding expiration of most Recovery Act funding, this amendment extends the use of the Agreement for an additional 10 years; and

WHEREAS, DOE will send a copy of this executed amendment to the ACHP;

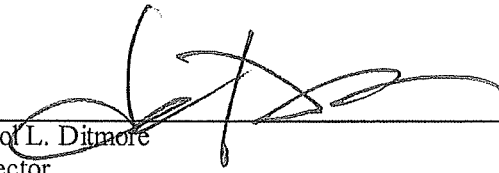

NOW, THEREFORE, the signatories of this Amendment agree as follows:

1. Change all references to 'Department of Commerce Energy Office' to 'Arizona Department of Housing and Arizona Department of Administration – General Services Division'.
2. Amend Stipulation 7 of the Agreement so it reads as follows:

This Programmatic Agreement will be valid until December 31, 2030, as verified with DOE filing the PA with the ACHP.

This Amendment may be executed in counterparts, each of which when so executed shall be deemed an original, but all of which shall together constitute one and the same instrument, it being understood that all parties need not sign the same counterpart. This Amendment is not effective until each party executes the Amendment.

Covered actions include, but are not limited to weatherization (such as insulation and replacing windows and doors); programmed lowering of thermostat settings; placement of timers on hot water heaters; installation or replacement of energy efficient lighting, low-flow plumbing fixtures (such as faucets, toilets, and showerheads), heating, ventilation, and air conditioning systems, and appliances; installation of drip-irrigation systems; improvements in generator efficiency and appliance efficiency ratings; efficiency improvements for vehicles and transportation (such as fleet changeout); power storage (such as flywheels and batteries, generally less than 10 megawatt equivalent); transportation management systems (such as traffic signal control systems, car navigation, speed cameras, and automatic plate number recognition); development of energy-efficient manufacturing, industrial, or building practices; and small-scale energy efficiency and conservation research and development and small-scale pilot projects. Covered actions include building renovations or new structures, provided that they occur in a previously disturbed or developed area. Covered actions could involve commercial, residential, agricultural, academic, institutional, or industrial sectors. Covered actions do not include rulemakings, standard-settings, or proposed DOE legislation, except for those actions listed in B5.1(b) of this appendix. (b) Covered actions include rulemakings that establish energy conservation standards for consumer products and industrial equipment, provided that the actions would not: (1) have the potential to cause a significant change in manufacturing infrastructure (such as construction of new manufacturing plants with considerable associated ground disturbance); (2) involve significant unresolved conflicts concerning alternative uses of available resources (such as rare or limited raw materials); (3) have the potential to result in a significant increase in the disposal of materials posing significant risks to human health and the environment (such as RCRA hazardous wastes); or (4) have the potential to cause a significant increase in energy consumption in a state or region.
B5.16 Solar photovoltaic systems	The installation, modification, operation, and removal of commercially available solar photovoltaic systems located on a building or other structure (such as rooftop, parking lot or facility, and mounted to signage, lighting, gates, or fences), or if located on land, generally comprising less than 10 acres within a previously disturbed or developed area. Covered actions would be in accordance with applicable requirements (such as local land use and zoning requirements) in the proposed project area and would incorporate appropriate control technologies and best management practices.
B5.17 Solar thermal systems	The installation, modification, operation, and removal of commercially available smallscale solar thermal systems (including, but not limited to, solar hot water systems) located on or contiguous to a building, and if located on land, generally comprising less than 10 acres within a previously disturbed or developed area. Covered actions would be in accordance with applicable requirements (such as local land use and zoning requirements) in the proposed project area and would incorporate appropriate control technologies and best management practices.

Rationale for determination:

The U.S. Department of Energy (DOE) administers the Weatherization Assistance Program (WAP) as authorized by Title IV, Energy Conservation and Production Act, as amended. The goal of WAP is to increase the energy efficiency of dwellings owned or occupied by low-income persons, reduce their total residential expenditures, and improve their health and safety. Each home weatherized under WAP would receive approximately \$8,009 as determined by site-specific outcomes of the energy audit process. Many Recipients supplement DOE funds with other federal and non-federal resources for the activities listed below.

This NEPA determination is specific to the 55 WAP Recipients* with a DOE executed Historic Preservation Programmatic Agreement for activities that are funded by the WAP Program Year 2022 Formula Grants Administrative and Legal Requirements Document (WAP ALRD 2022) and WAP Community Scale Pilot Projects Memorandum dated 12/15/2021, as applicable. Some WAP Recipients will also be awarded funds under a separately competed process for WAP Community Scale Pilot Projects. Approved activities funded under WAP Community Scale Pilot Projects are included in this NEPA determination. WAP Recipients without a DOE executed Historic Preservation Programmatic Agreement have a separate NEPA determination: GFO-WAP-ALRD 2022B.

DOE has determined the following activities that are funded by the WAP Program Year 2022 Formula Grants Administrative and Legal Requirements Document (WAP ALRD 2022) and WAP Community Scale Pilot Projects, as applicable, are categorically excluded from further NEPA review, absent extraordinary circumstances, cumulative impacts, or connected actions that may lead to significant impacts on the environment, or any inconsistency with "integral elements" (as contained in 10 CFR Part 1021, Appendix B) as they relate to a specific activity:

Allowable Activities include:

1. Administrative activities associated with management of the designated Weatherization Office and management of programs and strategies in support of weatherization activities.

2. Development and implementation of training programs and strategies for weatherization effort, including initial home energy audits, final inspections and client education.
3. Purchase of vehicles and equipment needed for administrative activities, weatherization energy audits, installation of measures indicated below, and quality control inspections.
4. Weatherization activities provided that activities adhere to the requirements of the respective Recipients' DOE executed Historic Preservation Programmatic Agreement, are installed in existing buildings, are appropriately sized, are covered by Appendix A of 10 CFR 440, and/or approved as part of the energy audit approval procedures and material approvals process, and limited to:
 - a. Building Shell Measures:
 - i. Install insulation where needed
 - ii. Perform air sealing
 - iii. Repair and replace windows, storm windows, install window film, awnings and solar screens
 - b. Mechanical Measures
 - i. Clean, tune, repair, or replace heating and/or cooling systems
 - ii. Install duct and heating pipe insulation
 - iii. Repair leaks in heating/cooling ducts
 - iv. Install programmable thermostats
 - v. Repair/replace domestic water heaters
 - vi. Install domestic hot water heater tank insulation
 - c. Electric and Water Measures
 - i. Install efficient light sources
 - ii. Install low-flow showerheads
 - iii. Replace inefficient refrigerators with energy-efficient models
5. Energy-related health and safety measures (per Weatherization Program Notice 22-7) provided that activities adhere to the requirements of the respective Recipients' DOE executed Historic Preservation Programmatic Agreement, occur in existing buildings, and are limited to:
 - a. Combustion appliance safety inspections
 - b. Air quality assessment and limited removal of formaldehyde, volatile organic compounds, flammable liquids, and other air pollutants
 - c. Gas and bulk fuel leak inspections
 - d. Testing and/or containment, removal or disposal of lead, asbestos, mold, moisture, refrigerant, mercury, and other materials so WAP activities may be completed

 - f. Inspect and install carbon monoxide and smoke alarms
 - g. Install ventilation as required by the American Society of Heating and Air-Conditioning Engineers (ASHRAE) 62.2-2016 standard, including blower door testing addressing infiltration, ventilation, and exhaust
6. Readiness activities focused on structural, health, and safety issues required before weatherization measures can be completed, provided that activities adhere to the requirements of the respective Recipients' DOE executed Historic Preservation Programmatic Agreement, are installed in existing buildings, and are limited to:
 - a. Repair/replace damaged windows and doors
 - b. Electrical and plumbing repairs
 - c. Roof repairs
 - d. Interior and exterior wall repairs
 - e. Ceiling repairs
 - f. Floor repairs
 - g. Foundation or subspace (crawl space) repairs
 - h. Exterior drainage repairs limited to gutter repair or replacement, trimming shrubs, and/or grading in close proximity to the perimeter of the foundation.
7. Incidental and necessary energy-related repairs and replacements limited to:
 - a. Repair/replace damaged windows and doors
 - b. Electrical and plumbing repairs
8. Development, implementation, and installation of onsite renewable energy technology from renewable resources, provided that activities adhere to the requirements of the respective Recipients' DOE executed Historic Preservation Programmatic Agreement, are installed in or on an existing structure, do not require ground disturbance, no trees are removed, and limited to:

- a. PV systems appropriately sized that do not exceed 60 kW
- b. Solar hot water heating systems appropriately sized that do not exceed 200,000 BTU/HR
- c. Battery storage, if applicable, attached to a structure (e.g. inside a garage) and not visible from the public right of way

Activities/projects not listed above, including ground disturbing activities and tree removal, are not included under the ALRD categorical exclusion and are subject to additional NEPA review and approval by DOE. For activities/projects requiring additional NEPA review, states must complete the environmental questionnaire (EQ-1) found at <https://www.eere-pmc.energy.gov/NEPA.aspx> and receive notification from DOE that the NEPA review has been completed and approved by the Contracting Officer prior to initiating the project or activities.

All incidental measures relating to hazardous materials identified during the WAP activities would be managed in accordance with applicable federal, state, and local requirements.

Recipients are required to participate in DOE training on NEPA and Historic Preservation prior to commencing work on the above activities. The training is available at www.energy.gov/node/4816816. Recipients are responsible for contacting NEPA with any NEPA or historic preservation questions at GONEPA@ee.doe.gov.

The Recipient is responsible for identifying and promptly notifying DOE of extraordinary circumstances, cumulative impacts, or connected actions that may lead to significant impacts on the environment, or any inconsistency with the "integral elements" (as contained in 10 CFR Part 1021, Appendix B) relating to any proposed activities. Additionally, the Recipient must demonstrate compliance with Section 106 of the National Historic Preservation Act (NHPA), and inform DOE of activities in the 100-year floodplain.

Recipients shall adhere to the restrictions of their DOE executed Historic Preservation Programmatic Agreement. DOE executed historic preservation programmatic agreements are available on the Weatherization and Intergovernmental Programs website: <https://www.energy.gov/eere/wipo/historic-preservation-executed-programmatic-agreements>

DOE is required to consider floodplain management and wetland protection as part of its environmental review process (10 CFR 1022). As part of this required review, DOE determined requirements set forth in Subpart B of 10 CFR 1022 are not applicable to the activities described in Allowable Activities 1-7b above that would occur in the 100-year floodplain (hereinafter "floodplain") or wetland because the activities would not have short-term or long-term adverse impacts to the floodplain or wetland. These activities are administrative or minor modifications of existing facilities to improve environmental conditions. All other integral elements and environmental review requirements are still applicable. All activities (except those under Allowable Activities 1-7b) must document those activities do not occur in the floodplain or wetland. Activities occurring in the floodplain or wetland (except those under Allowable Activities 1-7b) are subject to additional NEPA review and approval by DOE.

For activities requiring additional NEPA review, Recipients must complete the environmental questionnaire (found at <https://www.eere-pmc.energy.gov/NEPA.aspx>) for review by DOE.

Most activities listed under "Allowable Activities" are more restrictive than the Categorical Exclusion. The restrictions must be followed for the Allowable Activities to be applicable.

* WAP Recipients with a historic preservation programmatic agreement: AL, AK, AS, AZ, AR, CA, CO, CT, DE, DC, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, ME, MD, MA, MI, MN, MP, MS, MO, MT, NE, NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, PR, RI, SC, SD, TN, TX, UT, VI, VT, VA, WA, WV, WI, WY.

FOR CATEGORICAL EXCLUSION DETERMINATIONS

The proposed action (or the part of the proposal defined in the Rationale above) fits within a class of actions that is listed in Appendix A or B to 10 CFR Part 1021, Subpart D. To fit within the classes of actions listed in 10 CFR Part 1021, Subpart D, Appendix B, a proposal must be one that would not: (1) threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders; (2) require siting and construction or major expansion of waste storage, disposal, recovery, or treatment facilities (including incinerators), but the proposal may include categorically excluded waste storage, disposal, recovery, or treatment actions or facilities; (3) disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that preexist in the environment such that there would be uncontrolled or unpermitted releases; (4) have the potential to cause significant impacts on environmentally sensitive resources, including, but not limited to, those listed in paragraph B(4) of 10 CFR Part 1021, Subpart D, Appendix B; (5) involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment and conducted in accordance with applicable requirements, such as those listed in paragraph B(5) of 10 CFR Part 1021, Subpart D, Appendix B.

There are no extraordinary circumstances related to the proposed action that may affect the significance of the environmental effects of the proposal.

The proposed action has not been segmented to meet the definition of a categorical exclusion. This proposal is not connected to other actions with potentially significant impacts (40 CFR 1508.25(a)(1)), is not related to other actions with individually insignificant but cumulatively significant impacts (40 CFR 1508.27(b)(7)), and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211 concerning limitations on actions during preparation of an environmental impact statement.

A portion of the proposed action is categorically excluded from further NEPA review. The NEPA Provision identifies Topic Areas, Budget Periods, tasks, and/or subtasks that are subject to additional NEPA review.
