Hello, I wanted to forward the letter from AZ Registrar or Contractors. We did meet the standards required (please see attached letter). Blue Moon Filed a Complainant #2017-2049 and the Arizona Registrar of Contactors dismissed the claim. We are also working with the Pima County Arizona Work Program to help create more job opportunities in our Community (see below). Also please see attached that we are ADOT DBE certified, and we would like to be given the opportunity to serve Pima County's Glass Repair needs.

Subject: Work Experience Program

Hi JD,
Thank you again for your support of the work experience programs for WIOA Youth in Pima County. We look forward to placing a worker with you soon. Right now our young people are finishing up classes with their programs and as soon as they have completed we will start the process of referring the appropriate candidates to you for review and consideration.
We look forward to this continued collaboration with local area employers.
Also, below is the training program in project management that is offered through the AZ Eligible Training Provider list on azjobconnection.gov. Please let me know if I can be of any additional assistance.
