AUG 12 21 PM 03:23 CLK OF DD

Pima County Board of Supervisors body -

We, the people of Pima County, demand you cease and desist ALL DISCUSSIONS relating to the mandated mask wearing, vaccine injections and any retribution against those who do not wish to do either one!

On August 10, you voted down the measures to mandate mandatory masks for K12. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

On August 10, you voted down the measure to mandate all Pima County employees to be vaccinated/injected starting October 1. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

Now you are looking to FORCEFULLY VACCINATE/INJECT our healthcare workers. You are to TABLE THIS MATTER PERMANENTLY!!!

If you decide to proceed on discussion and implementation of any of these matters, please be advised you are hereby warned of the consequences of your actions! You are violating Governor Ducey's Executive Orders regarding this matter in the state.

There are to be NO MANDATORY VACCINES, NO VACCINE CARDS/PASSPORTS and you have ZERO rights to violate anyone's rights, civilly or medically! We also noticed you refuse to allow any religious exemptions in your proposed mandate, which is also illegal!

Your mandate violates the Arizona State Constitution, Constitution of the United States, Bill of Rights, HIPPA and other civil and discrimination laws. These carry serious federal and local penalties, which you will be tasked to suffer should you proceed with this discussion and vote!

This will no longer be tolerated by the people of this state and Pima County. You are hereby mandated to cease and desist before your actions lead to legal penalties!

Regards,

Fabiola Palazuelos

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Thank you to those who voted no and did not break the law by voting yes on school mask mandates. I fully support the prosecution of those that break the law. You can not pick and choose the laws you follow. Also, nobody should ever be forced to get a shot in their body. Ever. This is supposed to be a free country. By instituting the mask mandates on county property, you are showing us that the vaccines still allow people to be infected and spread the disease- so why bother with a mandate? It won't help. Promote healthy living, read true sources and stop following the corrupt CDC- the teachers union has them wrapped around their finger as well as the current president. Share true information and how to stay healthy and make recommendations. NO MANDATES!!!! Stop your government over-reach.

To whomever it may concern

Please save our children, school staff and parents!

Please make mask mandatory in schools. Please donot put our children's lives in harms way as a result of politics

Virus doesn't care about politics, it will go on doing what it is supposed to do. This Virus is changing its form and mutating to different strains, and can become deadly to all of Us.

Mask up and stop the spread !

Thank you

**Subject:** Pima County Mask Mandate during COVID-19 surge

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Pima County Board of Supervisors:

I am writing to express my significant concern with the protection of citizens of Pima County during this period of surging delta variant SARS-CoV-2. All available steps need to be taken to protect ourselves, and most importantly, our children who cannot yet receive vaccine. The use of face masks is unequivocally beneficial for decreasing the spread of aerosolized virus, and should never have become a political issue.

I am a healthcare worker and a parent with children in a public school in Pima County. I fully understand the varying levels of risks with every decision we make as we conduct our daily activities. If our goal is to keep our kids in school, keep our businesses open and maintain a healthy economy, we need to implement ALL the tools at our disposal. Banning mask mandates does the exact opposite.

Mandating use of face masks should be based on data driven recommendations from the CDC, with the understanding that this pandemic is dynamic and needs change over time. At this point in time, our cases are surging so masks are essential. The concept of tying our hands to use the tools to protect ourselves is absurd and dangerous. Already, rates of children admitted to our local hospitals is growing exponentially. We have no data to know the long term impact of SARS-CoV-2 infection on children.

It is abhorrent that our state legislators and governor have passed a "law" that prohibits effective implementation of the CDC Guidelines for masking. Using this issue to virtue signal their allegiance to party extremists, appears to be more important than protecting our children and most vulnerable. This is the absolute worst of playing political games at the expense of peoples' lives. When a legislative body takes action to harm its citizens, it becomes the job of local leaders to take action. Our state level government has used junk science and quack opinions to justify this law they call "personal freedom", thereby violating our rights to a safe existence. This has all been done for a cheap political score with a minority of people. Please find the courage to lead from the ground upward and take the steps needed to protect us from our legislators and governor.

Thank you for your support and service,

Susanne Sutherland, Pharm.D.

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

As a resident and very concerned citizen of Pima County , I am not only asking but imploring that you vote against all mandates regarding face masks for children and vaccinations or even regular/frequent covid testing for healthcare workers in Pima County.

We are Americans with civil and constitutional rights. We have every right to refuse any medical treatment or procedure that we do not feel comfortable with, especially when it is experimental, full disclosure about ingredients and trials have not been disclosed, and the manufacturers have no liability.

I am a healthcare worker that has worked through this pandemic, without being tested and without a vaccination. I am a healthy person and have not been ill in the last year and a half. I don't feel that the city, the state , or even the federal government should dictate what I inject into my body and punish me for not complying by taking my livelihood away from me, denying me a means to take care of my children and other financial obligations.

We will not comply, the data/science does not support mandating experimental medical treatment for a virus with 99.97% survival rate.

Thank you,

JS Diaz

**Subject:** Please Mandate Face Coverings in All K12 Schools in Pima County

AK132TH0012FCCKM

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Supervisors:

I am writing to you as a concerned parent to thank you for adding Resolution of the Pima County Board of Supervisors Mandating the Use of Face Coverings in All K-12 Schools Within the County, as an Effective Mitigation Strategy to Keep our Children Safe from COVID-19; Effective Immediately to the Pima County Addendum Agenda for 8/10/21. Thank you to the Pima County Supervisors who voted in favor of this critical Resolution.

**I urge Pima County Supervisors to bring the issue back to the Board of Supervisors on Monday, August 16 and to vote in favor of the County Resolution requiring a universal mask requirement in K-12 schools. A county mandate will help keep our children and community safe.**

According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel hospitals have seen a 95% increase in Covid-19 patients since July 1 and 300% increase in ventilators and there is substantial spread in the vast majority of Arizona counties. Arizona is also second in the nation for pediatric deaths related to COVID-19, according to data published recently by the American Academy of Pediatrics. The science around masking is settled. Masks work to prevent disease transmission. All recent public health agencies, both national and local, have issued statements recommending universal masks for K-12 students in schools.<sup>[1]</sup>

Arizonans have a right to safe schools for Arizona kids. Governor Ducey is attempting to prevent school officials from implementing any public health mitigation strategies in line with leading public health agencies, including the CDC and Arizona Department of Health Services (ADHS) to help protect students, all while COVID19 cases are again rising in our communities and more contagious variants are becoming more widespread.

The law passed by the state, banning schools from implementing such policies is likely unconstitutional,<sup>[2]</sup> doesn't take effect until Sept. 29 and poses a serious risk to life and health.

Pima County has a duty to protect the health of the community under Arizona law. Arizona Revised Statute Title 36 authorizes counties and local health jurisdictions to protect the health of the community during contagious diseases outbreaks. It is your duty to take action.

**Please choose to stand with our children and Arizona communities in supporting a safe return to the classroom by adopting the Resolution requiring masks in K-12 schools.**

Our schools have a federally mandated obligation to provide a free, safe learning environment for all students, including those with medical vulnerabilities as recognized under the Americans with Disabilities Act and the Individuals with Disabilities Education Act. Merely allowing individual students to be masked does not secure the safe learning environment for medically vulnerable students, and excluding them from campus due to mask refusal of other staff and students violates these students' federally guaranteed rights. In short, the county's failure to act on behalf of these students will present a liability we simply cannot afford.

Thank you,

**Jessica Kopfmann**

Hello Pima County Board of Supervisors,

I'm writing to let you yet AGAIN to let you know that you are on a very dangerous and ILLEGAL path with vaccine and mask mandates when the State of Arizona has already made retroactive law regarding these issues. Should you pass these illegal mandates 26 GOP Members have called on Governor Ducey to:

- Withholding federal funding from any school district not complying with state law.
- Authorizing "Empowerment Scholarship Accounts" to be offered to students in non-compliant school districts. These accounts can be used to move tax dollars to another public or charter school.
- Sending a notice to families reminding them that the state has banned mask mandates, notifying them about the scholarship accounts and about alternative schooling options.
- Initiate legal action against any school district defying state law.

Your constituents have already spoken with their outrage displayed prior to your previous meeting regarding the very same issues! Continuing this will do nothing but pour gasoline on an only recently smoldering fire in our county. Our country is not founded on taking away free will - which is EXACTLY the spirit in which you are acting. Medical freedom is the only right path and the only way to heal our community.

If you choose to illegally go against state law that protects our medical freedom, please know that there is a sea of Pima County citizens that are ready to move against you to lawfully hold you accountable along with all school and health administrators for the act of sedition. I advise you to cease and desist immediately.

Warm Regards,

Autumn Cunningham

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Board of Supervisors,

Last week I contacted you with my professional opinion as a pediatrician about rising COVID-19 rates and the importance of a mask mandate in our K-12 schools. A mask mandate will help prevent community spread and lessen the strain on our health care system. A mask mandate will better protect our children until they can be vaccinated.

This week, I am appealing to you as a concerned parent. I have three girls. We have been fortunate enough to be able to vaccinate our two oldest children, but I am not able to yet vaccinate my youngest child [REDACTED].

My children have watched me over the last 18 months put myself in harm's way to take care of my patients and our community. They have seen me work long hours, console grieving families, worry about my patients and grieve the loss of colleagues due to COVID-19. I have done everything I can possibly do to keep my children safe.

The beginning of this school year has been traumatic for my children. They are in school with peers who are neither vaccinated nor masked. Remote learning is no longer an option in my district. My children know their unmasked peers are putting them at risk of contracting COVID-19. They wear their masks to protect others just like a surgeon who wears a mask to protect her patient during surgery. Many parents are scared every single day to send their equally terrified children off to school.

I listened to the last board meeting. I felt the same frustrations as Dr. Heinz with the inaction of the board. It is telling when Judy Rich, the CEO of Tucson Medical Center, is unable to speak at the board meeting because she was called away emergently to deal with hospital capacity issues.

Our community is at risk. Our children are at risk. I hear the arguments of different groups about their personal rights. But their rights stop where my child's rights start. My child has a right to be protected from a highly contagious virus that could lead to serious long-term effects or even death. When a person is dying from COVID-19 they drown in their secretions. Their lungs are so damaged, they suffocate. I have those images in my head when I send my child off to school and wonder if today is the day they catch COVID-19. I implore you to think of our children as your own children or grandchildren. How helpless would you feel in our position?

We need you to advocate for our children. Do what is right and mandate masks at all our Pima County K-12 schools.

AUG 13 21 08:18 PM CCK:BD

Sincerely,

Sonia Reidy, MD, MS, FAAP

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Board of Supervisors,

I am writing you as a concerned parent, community member and a Pediatrician. I am imploring you to mandate mask use at K- 12 schools within Pima County. I am worried about the COVID-19 delta variant, increased risk of transmission and the children of Pima County. The CDC states the delta variant is as contagious as Varicella (Chickenpox). See the CDC slide below. New data from this week showed an average of **136 cases per day** in Pima County, a **41 percent increase** from the average two weeks ago[1]. This is not a political issue; it is basic science. We need to protect our children 11 and under who cannot be vaccinated. The best way to mitigate the risk of contracting COVID is social distancing, handwashing and the use of masks.

According to the American Academy of Pediatrics, almost 72,000 cases of COVID-19 were added the past week, a substantial increase from the prior week, when about 39,000 cases were reported. People will often argue that children have mild symptoms from COVID-19 but there are children that develop multisystem inflammatory system syndrome (MIS-C) and long-term symptoms due to COVID. We don't know what the full long- term effects of COVID-19 infection will be, but evidence is showing increased risk of stroke and decreased cognitive function among others. There have been over 400 pediatric deaths in the United States due to COVID-19. That is 400 families who do not have their child anymore. In person schools without mask mandates will put our children who cannot be vaccinated at greater risk than is needed. This will lead to outbreaks in schools and sick children. This will strain our health care systems and further stress a fatigued healthcare workforce.

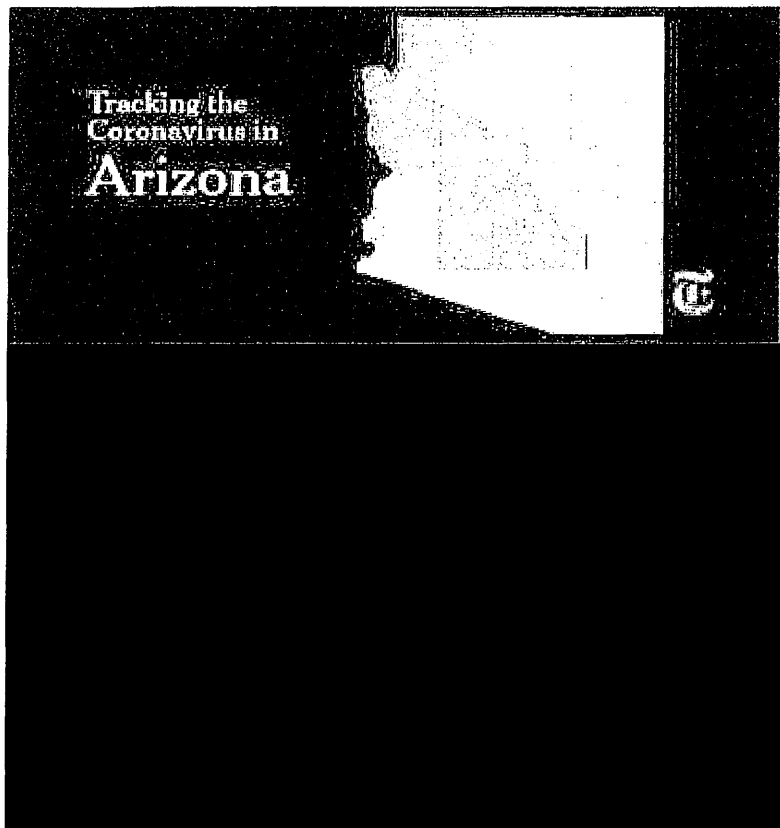

Our public schools who serve a higher percentage of socially and economically disadvantaged children are being held to a different standard than private schools. Public schools now must make a choice to protect their students or incur legal fees. Many districts are paralyzed by the concern of "breaking the law" and are fearful of doing what is right to protect our children and community.

Ultimately, we need to stop transmission in kids to stop community spread. A simple and effective way of preventing transmission is mask wearing. Please keep our children safe and mandate masks for our Pima County K-12 schools.

Sincerely,

Sonia Reidy, MD, MS, FAAP

Pima County Board of Supervisors body -

We, the people of Pima County, demand you cease and desist ALL DISCUSSIONS relating to the mandated mask wearing, vaccine injections and any retribution against those who do not wish to do either one!

On August 10, you voted down the measures to mandate mandatory masks for K12. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

On August 10, you voted down the measure to mandate all Pima County employees to be vaccinated/injected starting October 1. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

Now you are looking to FORCEFULLY VACCINATE/INJECT our healthcare workers. You are to TABLE THIS MATTER PERMANENTLY!!!

If you decide to proceed on discussion and implementation of any of these matters, please be advised you are hereby warned of the consequences of your actions! You are violating Governor Ducey's Executive Orders regarding this matter in the state.

There are to be NO MANDATORY VACCINES, NO VACCINE CARDS/PASSPORTS and you have ZERO rights to violate anyone's rights, civilly or medically! We also noticed you refuse to allow any religious exemptions in your proposed mandate, which is also illegal!

Your mandate violates the Arizona State Constitution, Constitution of the United States, Bill of Rights, HIPPA and other civil and discrimination laws. These carry serious federal and local penalties, which you will be tasked to suffer should you proceed with this discussion and vote!

This will no longer be tolerated by the people of this state and Pima County. You are hereby mandated to cease and desist before your actions lead to legal penalties!

Regards,  
Fed up patriot Joaquin Mar

AUG 13 2021 08:22:19 CLK OF DD

To The Pima County Board of Supervisors:

It is my understanding that the Pima County Board of Supervisors will consider a mask mandate for K-12 schools. With this letter, I voice my enthusiastic support for such a measure.

My Tucson-based employer has been exceptionally mindful of the pandemic and has carefully considered Covid protocols to protect its employees. At this time, the Company allows a maximum of 15 employees working in our 25,000 sf building at any time. These employees are required to wear masks (regardless of vaccination status), except for when they are seated at their individual work stations.

In contrast, my children's school is prevented from taking similar precautions. My children spend their days in a small room with 30 other children, none of whom are old enough to qualify for vaccination. I am grateful that the majority of these children wear masks, but many do not. How is it that my employer values my safety so much more than our state values my children's?

In the conditions my children face every school day, I imagine that the virus will continue to spread aggressively. At the very least, I suspect that they will face quarantines and continued disruptions to learning for a *third* school year. There is certainly the potential to return to at-home learning. Worse yet, there is the real possibility that many Tucson children may be hospitalized and some may die.

I strongly urge you to implement masking requirements for K-12 schools. Furthermore, I support a universal indoor mask mandate for our county.

Respectfully,

Jennifer Kimbrough  
5690 W. Owl Ridge Rd.  
Tucson, AZ 85745

I am sending this to you again as I heard you will reconsider the matter in a few days time.

> Dear Pima County Supervisors:

>

> I am writing to you as a concerned community member to thank you for adding Resolution of the Pima County Board of Supervisors Mandating the Use of Face Coverings in All K-12 Schools Within the County, as an Effective Mitigation Strategy to Keep our Children Safe from COVID-19; Effective Immediately to the Pima County Addendum Agenda for 8/10/21.

>

> I urge Pima County Supervisors to vote in favor of the County Resolution requiring a universal mask requirement in K-12 schools.

>

> Arizona is currently experiencing another COVID-19 surge, and what happens in one County impacts what happens in the entire state. County lines are just that. Invisible lines. And we need to take all necessary actions to prevent the spread of COVID-19 especially for our most vulnerable...kids!

>

> Cases have tripled over the past month, coinciding with the arrival of the highly contagious SARS-CoV-2 delta variant in the state. States all over the country are seeing an increase in cases among the unvaccinated, and this includes a drastic increase in child hospitalizations, many of whom are not yet eligible for vaccination. The Academy of Pediatrics recently reported that cases among US children and teens jumped 84% in a week.

>

> According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel hospitals have seen a 95% increase in Covid-19 patients since July 1 and 300% increase in ventilators and there is substantial spread in the vast majority of Arizona counties. Arizona is also second in the nation for pediatric deaths related to COVID-19, according to data published recently by the American Academy of Pediatrics.

>

> Schools began welcoming back students to campus late last month and are already experiencing outbreaks across the state. Many are being forced back to online learning because they are not able to use simple mitigation tools like universal masking. The science around masking is settled. Masks work to prevent disease transmission. All recent public health agencies, both national and local, have issued statements recommending universal masks for K-12 students in schools.

>

> Arizonans have a right to safe schools for Arizona kids. Governor Ducey is attempting to prevent school officials from implementing any public health mitigation strategies in line with leading public health agencies, including the CDC and Arizona Department of Health Services (ADHS) to help protect students, all while COVID19 cases are again rising in our communities and more contagious variants are becoming more widespread.

>

AUG 13 21 AM 08:22 PC CLK OF DD

> The law passed by the state banning schools from implementing such policies is likely unconstitutional, and doesn't take effect until Sept. 29. It also poses a serious risk to life and health.

>

>

> Please choose to stand with our children and Arizona communities in supporting a safe return to the classroom by adopting the Resolution requiring masks in K-12 schools.

Totally opposed to this requirement. This drug is still in Stage 3 level of approval. The healthcare workers do not want to be guinea pigs. They are well aware of the dangers of this vaccine. We do not know what will be long-term effects.

The healthcare workers were our celebrated heroes of the pandemic, and now your are forcing the take a vaccine that they want at this time. Actually it is illegal. )Just listening to a Constitutional attorney this morning to find out more about healthcare workers rights.)

Of course they don't want to lose their jobs. Disgraceful to punish them in this way.. I will do all I can to support the healthcare community.

They will leave their jobs, I would too. And then we will have a real crisis in Pima County. Hope it doesn't come to this point.

I believe it is their choice for their bodies.

Please reconsider your position. Think about the crisis you could create. It will be all on you. And the public will not forget.

Respectfully  
Sarah Price

Sarah,

While the Board of Supervisors failed to require vaccines for healthcare workers on Tuesday, we see more and more healthcare workplaces -- on their own -- begin to require vaccination against Covid-19 as a requirement of the terms of their employment.

In a health crisis of this magnitude, requiring vaccines that are proven to be safe and effective, just makes sense. We wish we did not disagree with you on this point.

I respectfully request that the Board of Supervisors does not pass the mandate in Item 4 in the Agenda.

Why would any person, let alone a healthcare professional, want to take an experimental injection that is not very effective in preventing Covid-19 infections and still results in deaths often of vaccinated individuals. It is the vaccine that is creating the variant strains as it is causing the virus to mutate in order to survive in the human body, that is associated with several deaths and serious disabling side effects, when there are better and safer treatments available for anyone who gets Covid-19 (such as ivermectin, hydroxychloroquine, azithromycin, monoclonal antibodies, clindamycin (often in combinations) that work extremely well in eliminating the virus and saving the patient. Recovering from the virus provides long-lived and robust immunity even in the older population unlike this experimental vaccine. The Delta variant maybe more infectious, but it is less dangerous.

Healthcare professionals know about what I have just stated above so why would or should they be forced to be vaccinated. You will lose good and dedicated personnel who will be difficult to replace, and I for one will not want to be hospitalized in a Banner institution if you follow through on this mandate.

Please feel free to contact me if you need any further clarification.

Sarah Price

Dear Board Supervisors,

My granddaughter attends school in the Vail District and I am writing to express my desire that you vote in favor of requiring masks for all students, teachers & other faculty staff for all schools within Pima County. It is unconscionable that the Governor is playing politics with our children's lives. The science is clear that masks help to mitigate the spread of all viruses. The fact that those under 12 can't yet be vaccinated should concern every parent and grandparent throughout our county.

Please find the courage to stand up to the Governor on this issue in which he is 100% wrong. Politics have no place in the health and safety of our children. Our children are the future and right now their futures look bleak because of Republican politicians. Pima County votes blue, please remember this when you have your opportunity to challenge this ridiculous mandate.

Thank You,

Catherine A. Prior, B.S.

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Supervisors:

I am writing to you as a deeply concerned parent. I have three incredible daughters who have been waiting patiently to safely return to in-person school again in the Vail School District and they certainly cannot do that without a mask mandate in place to protect them. I'd like to thank you for adding Resolution of the Pima County Board of Supervisors Mandating the Use of Face Coverings in All K-12 Schools Within the County, as an Effective Mitigation Strategy to Keep our Children Safe from COVID-19; Effective Immediately to the Pima County Addendum Agenda for 8/10/21. Thank you to the Pima County Supervisors who voted in favor of this critical Resolution.

**I urge Pima County Supervisors to bring the issue back to the Board of Supervisors on Monday, August 16 and to vote in favor of the County Resolution requiring a universal mask requirement in K-12 schools. A county mandate will help keep our children and community safe.**

According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel hospitals have seen a 95% increase in Covid-19 patients since July 1 and 300% increase in ventilators and there is substantial spread in the vast majority of Arizona counties. Arizona is also second in the nation for pediatric deaths related to COVID-19, according to data published recently by the American Academy of Pediatrics. The science around masking is settled. Masks work to prevent disease transmission. All recent public health agencies, both national and local, have issued statements recommending universal masks for K-12 students in schools.<sup>[1]</sup>

Arizonans have a right to safe schools for Arizona kids. Governor Ducey is attempting to prevent school officials from implementing any public health mitigation strategies in line with leading public health agencies, including the CDC and Arizona Department of Health Services (ADHS) to help protect students, all while COVID19 cases are again rising in our communities and more contagious variants are becoming more widespread.

The law passed by the state, banning schools from implementing such policies is likely unconstitutional,<sup>[2]</sup> doesn't take effect until Sept. 29 and poses a serious risk to life and health.

Pima County has a duty to protect the health of the community under Arizona law. Arizona Revised Statute Title 36 authorizes counties and local health jurisdictions to protect the health of the community during contagious diseases outbreaks. It is your duty to take action.

**Please choose to stand with our children and Arizona communities in supporting a safe return to the classroom by adopting the Resolution requiring masks in K-12 schools.**

08/13/21 09:59:00 AM 12:02 PM

Thank you,

Dean L. Olmsted

There are to be NO MANDATORY VACCINES, NO VACCINE CARDS/PASSPORTS and you have ZERO rights to violate anyone's rights, civilly or medically! We also noticed you refuse to allow any religious exemptions in your proposed mandate, which is also illegal!

Your mandate violates the Arizona State Constitution, Constitution of the United States, Bill of Rights, HIPPA and other civil and discrimination laws. These carry serious federal and local penalties, which you will be tasked to suffer should you proceed with this discussion and vote!

This will no longer be tolerated by the people of this state and Pima County. You are hereby mandated to cease and desist before your actions lead to legal penalties!

Regards,

**Subject:** Support for universal masks indoors for schools K-12

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

I'm writing to express support for universal masking requirements in all Pima County schools.

We are seeing a resurgence of COVID-19 due to the Delta variant and children who are unable to be vaccinated, as well as immunosuppressed and other vulnerable adults, are most at risk. It is well established that the simple act of masking can prevent spread.

Please support universal masking in schools.

Sincerely,

Joy Mockbee, MD, MPH

Pima County Board of Supervisors,

We, the people of Pima County, demand you cease and desist ALL DISCUSSIONS relating to the mandated mask wearing, vaccine injections and any retribution against those who do not wish to!

On August 10, you voted down the measures to mandate mandatory masks for K12. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

On August 10, you voted down the measure to mandate all Pima County employees to be vaccinated/injected starting October 1. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently! You are planning to FORCEFULLY VACCINATE/INJECT our healthcare workers. You are to TABLE THIS MATTER PERMANENTLY!!!

If you decide to proceed on discussion and implementation of any of these matters, please be advised you are hereby warned of the consequences of your actions! You are violating Governor Ducey's Executive Orders regarding this matter in the state. There are to be NO MANDATORY VACCINES, NO VACCINE CARDS/PASSPORTS and you have ZERO rights to violate anyone's rights, civilly or medically! The narrative is dead. The virus has never been isolated. It DOES NOT EXIST! You cannot prove its existence therefore you cannot force us to do anything in the name of something that is non-existent. NO VACCINE. NO VACCINE. NO VACCINE. No mask. No social distance. No limiting gathering sizes.

Your mandate violates the Arizona State Constitution, Constitution of the United States, Bill of Rights, HIPPA and other civil and discrimination laws. These carry serious federal and local penalties, which you will be tasked to suffer should you

AUG 13 21 AM 08:34 PC CLK OF BD

proceed with this discussion and vote! This will no longer be tolerated by the people of this state and Pima County.

You are hereby mandated to cease and desist before your actions lead to legal penalties!

Regards,

Jon Guthrie

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Supervisors:

I am writing to you as a concerned parent to thank you for reconsidering Resolution of the Pima County Board of Supervisors Mandating the Use of Face Coverings in All K-12 Schools Within the County, as an Effective Mitigation Strategy to Keep our Children Safe from COVID-19; Effective Immediately and adding back to the Pima County Addendum Agenda for 8/16/21. Thank you to the Pima County Supervisors who voted in favor of this critical Resolution.

**I urge Pima County Supervisors to bring the issue back to the Board of Supervisors on Monday, August 16 and to vote in favor of the County Resolution requiring a universal mask requirement in K-12 schools. A county mandate will help keep our children and community safe.**

According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel hospitals have seen a 95% increase in Covid-19 patients since July 1 and 300% increase in ventilators and there is substantial spread in the vast majority of Arizona counties. Arizona is also second in the nation for pediatric deaths related to COVID-19, according to data published recently by the American Academy of Pediatrics. The science around masking is settled. Masks work to prevent disease transmission. All recent public health agencies, both national and local, have issued statements recommending universal masks for K-12 students in schools.

Arizonans have a right to safe schools for Arizona kids. Governor Ducey is attempting to prevent school officials from implementing any public health mitigation strategies in line with leading public health agencies, including the CDC and Arizona Department of Health Services (ADHS) to help protect students, all while COVID19 cases are again rising in our communities and more contagious variants are becoming more widespread.

The law passed by the state. banning schools from implementing such policies is likely unconstitutional, doesn't take effect until Sept. 29 and poses a serious risk to life and health.

Pima County has a duty to protect the health of the community under Arizona law. Arizona Revised Statute Title 36 authorizes counties and local health jurisdictions to protect the health of the community during contagious diseases outbreaks. It is your duty to take action.

**Please choose to stand with our children and Arizona communities in supporting a safe return to the classroom by adopting the Resolution requiring masks in K-12 schools.**

Thank you,

Nicole Linn  
Tucson, 85704

**Subject:** Please Consider a K-12 Mask Mandate

**CAUTION:** This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Good Morning;

As a longtime elementary educator, a teacher educator in the College of Education at the UofA, and the parent of a school-aged child, I am writing to urge you to reconsider the mask mandate in K-12 settings.

We know the following facts:

- Our community transmission rate is HIGH-- a change that has happened rapidly and continues to grow.
- The majority of our K-12 students are unvaccinated and extremely vulnerable.
- The Delta variant is highly contagious.
- We know that masks are highly effective in reducing the spread of CoVid

To have these facts and continue to require children to attend school in spaces (indoors, limited social distancing) in which masks are not required is not only irresponsible, but cruel and an assault on our entire community. Two of the County Board of Supervisors' stated goals are "to ensure safe communities" and "protect public health". I urge you to stand by these principles—to keep our children and our community safe and protected--and pass a K-12 mask mandate.

Sincerely,  
Dorea Kleker

Dear Supervisor Scott,

I understand that the topic of mask-wearing in K-12 schools will be on the Pima County Board of Supervisors Meeting Agenda for 8/16. I would like to respectfully ask you to vote in favor of the mask-mandate in K-12 schools. I was very disappointed by your vote on this issue in the last meeting. I hope you will choose to stand with our children and Arizona communities this time in supporting safe schools by adopting the Resolution requiring masks in K-12 schools.

Thank you,

Hayriye Kayi-Aydar

Pima County Supervisors,

I am writing once again to ask you to please pass a mask mandate for K-12 schools in Pima County. Our Arizona state leaders have decided that voluntary vaccination is the only course they are willing to take through this pandemic. What they are ignoring is that every single student under the age of 12 cannot even choose to be vaccinated. I am asking you to not ignore this fact. Every student at every elementary school in Pima County is unable to be vaccinated. In the past, the vaccinations in these students' teachers helped to protect them. This is no longer the case. Their vaccinated teachers can now spread the Delta variant to their students. This leaves every student at every elementary school completely unprotected. Masks worked last year to limit the spread of COVID and keep classes and schools open for in-person learning.

Once again, please vote to support the required use of face coverings for all students, staff and visitors at all public schools in Pima County.

Thank you,  
Rebecca Anderson

Dear Clerk of the Board:

What emergency?

DATE (2021)	CASES	DEATHS
Jul 20 <sup>th</sup>	63	2
Jul 21 <sup>st</sup>	93	2
Jul 22 <sup>nd</sup>	167	0
Jul 23 <sup>rd</sup>	36	0
Jul 26 <sup>th</sup>	93	0
Jul 27 <sup>th</sup>	58	0
Jul 28 <sup>th</sup>	114	0
Jul 29 <sup>th</sup>	174	0
Jul 30 <sup>th</sup>	106	0
Aug 2 <sup>nd</sup>	148	0
Aug 3 <sup>rd</sup>	129	3
Aug 4 <sup>th</sup>	313	1
Aug 5 <sup>th</sup>	62	0
Aug 6 <sup>th</sup>	272	5
Aug 9 <sup>th</sup>	112	0
Aug 10 <sup>th</sup>	242	1
Aug 11 <sup>th</sup>	56	0
Aug 12 <sup>th</sup>	295	0

AUG 13 21 AM 10:24 PC CLK OF BB

August 12<sup>th</sup> is the latest date as of today reported by the Arizona Daily Star.

As you can see, the number of deaths has remained very low, not that every death isn't a tragedy, but does it rise to the level of a health emergency?

As to the CASES, we have no idea, and Dr. Garcia doesn't either, which cases required hospitalized in a regular bed and how many cases ended up in to the ICU. Unless these numbers are revealed, it appears to me you are attempting to hide the actual numbers or Dr. Garcia is incompetent.

As for your mask mandate in K-12 schools, Arizona law prohibits Pima County from requiring masks, not to say students cannot wear them, they can, you just cannot mandate them.

If you dispute the law, then file a lawsuit in the Pima County Superior Court and ask for an injunction against the law. Otherwise, the Board's claim the law is unconstitutional, without filing for an injunction against it until a competent judge can rule, is an act of unlawfulness. Does that mean I can act in an unlawful manner and enter the Pima County BoS meeting, if and when you ever decide to allow us to attend your meetings, armed with my self-defense tool, a pistol, in to your meetings because I don't agree with your prohibition???
