Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals. It is an overreach on the part of the county government to decided on behalf of parents what is best for their child.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

I urge you to oppose this ordinance. If the Board of Supervisors continues on this road, please know I will financially fund any legal effort to have this ordinance. struck down.

Thank you,

Sincerely,

Mrs. Cheryl Klein

Subject: Please vote in opposition to the conversion therapy ordinance

Hello,

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Let parents decide what's best for their children!

Thank you,
Christine Melton-Lopez

Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

Children are not intellectually mature enough to make life decisions of this magnitude on their own. Parental guidance and medical assistance is necessary to address these issues. Parents should have the legal right to decide what is best for their children until they are of legal age to make these life decisions on their own.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

Subject: Proposed ordinance hearing on 8.1.17

Dear Ally Miller,

I am against a proposed ordinance that will have a hearing on August 1, 2017 that would infringe upon the constitutional rights of professional counselors, parents, and their children. The ordinance reads "No person may engage in sexual orientation change efforts with a minor in exchange for a fee."

The proposed ordinance would prohibit minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals. It is unconstitutional because it prohibits the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children.

Thank you for standing strong against this proposed ordinance.

Sincerely,
Jodi Swena

Subject: Please Oppose the conversion Therapy Ordinance

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Scott Berkey

Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

What's worse, this ordinance condones child abuse by encouraging sexual attraction of children to adult child predators who can hurt them. This ordinance makes it ILLEGAL for parents to seek professional help in limiting this unwanted attraction of which our kids become unwitting victims.

The absurdity of this proposed ordinance is best illustrated if the opposite view we're in play. Consider for a moment a proposed ordinance that fined counselors for offering acceptance of same sex attraction. There are numerous scientific studies to support that view as well. The point is that this decision should be kept between patients, their parents, and mental health professionals - not the government.

Thank you,

Sincerely,

Mr. Dan Grossenbach

Subject: Proposed ordinance 2017

Dear Supervisor Miller,

We strongly encourage you to vote in opposition to the purposed ordinance 2017.

The proposed ordinance...

1. Prohibits minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals.
2. Is unconstitutional because it impermissibly regulates the content and viewpoint of the professional counselor's speech.
3. Is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
4. Is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs.
5. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

It will be a sad day in Pima County if this proposal goes any farther.

Sincerely,

Rachel and John Calahan

Subject: Proposed SOCE ordinance - Vote NO

Supervisor Miller:

I have been informed that the August 1 meeting, the Board will consider an ordinance to ban Sexual Orientation Change Effort (SOCE) treatment of minors.

In the findings for the ordinance, the Board references a number of psychiatric associations and studies to support their intent to pass the ordinance. These studies have methodological flaws, and many if not most of the listed associations (certainly the APA) suffer from ideological biases. There are other studies that indicate SOCE counselling can be effective, but these studies are not accepted by these professional associations or published in their journals.

The Board also notes that there has been legislation banning SOCE at the state and federal levels, but this legislation has not passed. There is likely a good reason for this, considering that locales that have successfully passed SOCE laws are being subjected to lawsuits. Pima County is already subjected to lawsuits for poorly-considered actions; we don't need to add to this category.

The Board states it has "a compelling interest in protecting the health, safety, and well being of minors within its jurisdiction". SOCE is not clearly and unarguably recognized by the residents of Pima County as an objective threat to the health of minors, but this proposed ordinance is certainly a burden on parents to raise their children as they best see fit (as protected by Arizona State Law; e.g., ARS 1-601(A)), upon licensed professional counsellors to practice in accordance to broadly-accepted techniques, and upon the freedom of speech by United States citizens.

Please vote to NOT adopt this ordinance.

Thank you,
David Ormand
Resident of Tucson

130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

I implore you to vote in opposition to the proposed conversion therapy ordinance.

Children and parents should be able to seek the therapy they believe is best for their particular situation, or at least seek alternative opinions.

Under the proposed ordinance even a teenager who would like help to live successfully in a way consistent with his or her biological sex would be denied therapy. This is not only unreasonable; it is unscientific, and probably unconstitutional. It certainly violates the rights of parents under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Sadly, it appears that this proposed ordinance is agenda driven and is willing to sacrifice the rights of some gender dysphoric and same sex attracted patients to mollify an extremist element of the LGBT community.

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Jul 30, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

This week you will hold a hearing regarding conversion therapy. The proposed ordinance will deny children and parents right to seek desired therapy. Please vote against the ordinance and allow freedom to be both counseled and educated. Discussing the pros and cons of options should not be suppressed.

I am told that the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Mr. Stan Swank

Jul 30, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Subject: Proposed Ordinance
Attachments: Board of Supervisors Pima County 2017.docx

July 29, 2017

To the Board of Supervisors of Pima County:

Amy Miller, District 1
Ramón Valadez, District 2
Sharon Bronson, District 3
Steve Christy, District 4
Richard Elías, District 5

In response to the proposed ordinance, "No person may engage in sexual orientation change efforts with a minor in exchange for a fee, I would strongly encourage you to oppose the passing of this ordinance.

First of all, this ordinance is an infringement upon the rights of my family and I. America's foundation is built on the rights of individuals to make respective choices. The government has no right to dictate our decisions.

Secondly, this ordinance is a violation of our freedom of religion.

Our family has the right to seek and practice the counsel of our Godly beliefs.

Freedom of religion or freedom of belief is a principle that supports the freedom of an individual or community, in public or private, to manifest religion or belief in teaching, practice, worship, and observance.

The **Religious Freedom Restoration Act** of 1993, Pub. L. No. 103-141, 107 Stat. 1488 (November 16, 1993), codified at 42 U.S.C. ... § 2000bb-4 (also known as RFRA).

Thirdly, it is a parent's fundamental right to train up a child in the way that he should go. Proverbs 22:6 The government has no right to interfere with how we should parent our children such as, upbringing, health care, and the mental health of our children.

Therefore, your decision will impact many of your constituents and their families. There is no need to add governmental control to an agenda that seeks to destroy families and our nation. Leave well enough alone. Those that want this ordinance passed will still have the freedom to seek the counsel they are forcing upon us, but we will be left with no recourse.

Please vote NO, to oppose this ordinance.

Thank you & God be with you,

Mr. & Mrs. Phillip and Pearl Díaz
2551 N. Shannon Road, Tucson, Arizona 85745

Subject: Please Vote In Opposition to the Conversion Therapy Ordinance!

Dear Supervisor Miller,

Children and parents should have the right to seek the therapy they believe is best for them to reach their therapeutic goals.

This ordinance deeply undermines parents' rights to raise and care for their children as they see fit and deeply undermines one's right to religious freedom if this therapy is sought out for religious reasons. This ordinance makes the state the ruler and decision maker for what is an individual family matter.

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It is unconstitutional because it regulates, without permission, the content and viewpoint of the professional counselor's speech.
2. It is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy's motivated by their religious beliefs.
4. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care and mental health of their their children. ARS 1-601(A)

We respectfully but strongly urge you to vote against this ordinance.

Sincerely,
Jim and Julie Harrod

Subject: Please oppose the conversion therapy ordinance!

Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Mr. Chad Gallego

Subject: Conversion Therapy Ordinance

Please oppose the Conversion Therapy Ordinance for the following reasons:

On Tuesday, August 1, the Board of Supervisors of Pima County will hold a hearing to address a proposed ordinance that promotes the LGBT agenda and infringes upon the constitutional rights of professional counselors, parents, and children.

The proposed ordinance reads, "No person may engage in sexual orientation change efforts with a minor in exchange for a fee." In other words, minors and their parents may not seek professional counseling in order to address unwanted same-sex attraction or gender dysphoria. Under the ordinance, the professional counselor would be fined up to \$2,500 for each violation simply for trying to help the family achieve their therapeutic goals.

The proposed ordinance...

1. Prohibits minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals.
2. Is unconstitutional because it impermissibly regulates the content and viewpoint of the professional counselor's speech.
3. Is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
4. Is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs.
5. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you, Rev Winston Maddox
Catalina Foothills Church

130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

This ordinance has nothing to do with what is best for children and everything to do with a political agenda. Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Jul 29, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

I am asking you to vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is in the best interest of the child's welfare.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It wrongly attempts to regulate the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It inhibits the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Let us assume that parents have a greater interest in their child's welfare than does the state and not keep them from making good decisions.

Thank you,

Sincerely,

Mr. John Oberg
