Supervisors,

You state your aim is to improve individual and community wealth with agenda item 22. If that were the case, then you would not even be proposing this idea. The goals you list are altruistic and look good on paper, however, this is not the reality of what it will look like in practice.

You propose to INCREASE taxes again in order to fund this project. This will have the exact opposite than your stated purpose, it will only work towards impoverishing county residents. Another benefit for the few at the expense of the many. Pima county taxes are already too high. STOP putting additional burden on us.

Vote NO on agenda item 22: Dedicated Affordable Housing Funding Options.

Thank you, Terra Radliff
