Addendum Agenda Item #2. Pursuant to A.R.S. §38-431.03(A)(3) and (4), for legal advice and direction regarding federal funding and potential legal action.

Recommendation: We should not be going after the federal government. Pima County mis-handled the thousands of migrants brought to Pima County after crossing the border. The board could have simply refused the funding and refused to "process" the "legal asylum seekers". The board didn't speak out against the "asylum seeker" scam (not even once) during the previous federal administration. Show some integrity! How many lives were trafficked and/or jeopardized as a result?
