Pima County Resolution Opposing Predator Masters Hunts in Pima County

Attached is the proposed resolution that Supervisor Richard Elias is submitting for a Board of Supervisors vote at its **Tuesday, February 17** meeting at **9:00 AM** in the Board meeting room, 130 W. Congress, First floor. A good turnout would enhance the chance of Board approval. See the actual proposed document attached.

Thanks to Supervisor Richard Elias for sponsoring this resolution. **Please attend this meeting. Let's show our continuing spirit of opposition to indiscriminate killing of our wildlife. We need to pack the room with support for this resolution!!!!** And, feel free to sign up to contribute a comment. If you cannot attend the meeting please call your supervisor to voice your support for this resolution.

Supervisors and Districts

Subject_or_Nature_of_Concern	The Predator Master's Resolution
------------------------------	----------------------------------

Comments	Please pass the Predator Master's Resolution. The mass slaughter of these animals with their bodies left to rot in the sun is not the right solution to any population problems. Besides being inhumane and disgusting, it leaves shot in rotting animals in the desert that may be consumed and damage carrion eaters that are also important to the health of the ecosystem. There are many examples in history showing that the removal of a predator species by humans simply leads to further problems and solves nothing. I am not opposed to the kind of hunting that put's food on a family's table but that is very different than this mass slaughter. Thank you for all the work you do. Sincerely, Karine Aguilar

Comments	I am writing to request a "YES" vote for the Predators Masters Resolution. Please read the resolution carefully and I'm sure no other conclusion could be derived. I love Arizona and I love "ALL" our wildlife. We have such an incredible, unique and diverse environment and I moved here 22 years ago because of how incredible this state is. Please protect our animals and eco system, it is what sets us apart from every other state. Respectfully, Carolee Hubbard
