Subject_or_Nature_of_Concern	Co7-13-03 Lawrence C Leung, Inc – N Thornydale Road Plan Amendment
Comments	As a property owner, I am are opposed to this plan because of increased traffic and congestion at an intersection at which it is nearly impossible to turn left at a time when the school is starting or ending. Also there will be increased noise pollution in the area. Two washes from our neighborhood drain into the 18 acres and we do not want to be responsible for wash situations that back up into our neighborhood during monsoon- my house backs up to the current wash. The 18 acres is also a major wildlife habitat and corridor. Thank you for your attention.
