Following are my comments for the 11-7-23 Board of Supervisors meeting

Agenda Item #41 EMS Leasing Acquisition by Pima County 1150 W. Drexel \$6,223,150 (CT-RPS-24-198) Leasing this space was not enough for your activities. You originally proposed the housing of illegals was temporary while they transitioned thru to elsewhere. So how long is temporary? Do you then move them into more permanent locations based on more taxpayer funds. The entire fiasco of supporting illegals, whether you use County taxpayer funds or the Federal funds you provide to the various NGOs is contributing to ruining our community and our Country. When you mention "no cost" on these various activities for illegals, you conveniently overlook the cost attributed to the GMI department working to provide the appropriate paperwork. 64 GMI positions. How many are full time on the illegal support projects? Do you ever provide an accurate report of the effort and costs involved on the illegals? There is a direct cost even when you are just shuffling funds and changing contract language. Do you ever think of how you are damaging Pima County? Why not return the funds, stop filing for grants supporting illegals and instead look for ways to close our border and save Pima County. **VOTE NO**

God Bless America

This temporary arrangement needs to have an end date and should not be paid for on the backs of Pima County residents.
