Report Description

The purpose of this report is to provide the Pima County Board of Supervisors with the information needed to support a decision to accept or refuse grants that have been awarded to Pima County. This report captures all notices of grant awards that were received within the date range listed above and that have not yet been formally accepted by the Board of Supervisors. Approval of the items on this report shall serve as the County's formal acceptance of the offer of a grant award and shall provide County Departments with permission to proceed with the acceptance and implementation of that award. Approval of the items on this report does not relieve Departments from the requirement to obtain BOS approval for other legal documents that may be required as an element of the acceptance of a grant award.
