As a resident of Pima County, I submit the following comments for the upcoming March 18, 2025, BoS Agenda.

**Re: Agenda Item #8 and Addendum Item #10, Litigation related to A.R.S. §13-3108 and Arizona Citizens Defense League, et al. v. Pima County, et al.**

I aware of this unconstitutional ordinance please stick to the law and do not violate our Second Amendment right to carry a firearm.

**Re: Agena Item #14 UNFINISHED BUSINESS (3/4/25) - COVID-19 Presidential Executive Orders and Pima County Employees.** Reparations need to be all employees adversely affected by The BoS decisions.

Supervisor Grijalva, this is an important agenda item and your decisions during COVID negatively impacted the lives of County employees, not to mention the public in general.

Ms. Grijalva appears to be less than compassionate or caring toward her own constituents and other County employees. You work for the people of Pima County this is their livelihood and future.

**Re: Agenda Item #16. County Administrator – Update on Federal and State Executive, Legislative and Judicial Actions that affect Pima County.**

I would like to know how the county will be using the facility at 1150 W. Drexel Rd. which was purchased for over \$6 million with ARPA funds and turned into a 600-person shelter.

How do you intend to cover these costs should the federal government not reimburse you for your active role in helping the border crisis along. Will this be another empty building that the county will have to maintain using taxpayer money?

**Re: Agenda Item #18: FY 24/25 Pima County GAP Funding for Affordable Housing Development and Preservation.**

Who are the private donors backing this project with private funding of \$87,713,702?

What does this company stand to gain from this massive project? Who are the actual private donors?
