Agenda Item #15: Unfinished Business. Outside Agency Program Funding.
Vote NO. Ineffective policies during the pandemic were the main cause of most of these issues.

Agenda Item #26: Amendment of Award: Master Agreement No. MA-PO-20-56, Amendment No. 8, McKesson Medical-Surgical Government Solutions, L.L.C., to provide for medical supplies.
VOTE NO. Provide details on the medications and supplies they are purchasing.

Agenda Item #27: Cardinal Health, Inc., d.b.a. Cardinal Health 110, L.L.C., Amendment No. 1, to provide for pharmaceuticals and amend contractual language, Health Department Operations Fund, contract amount \$2,000,000.00 (MA-PO-20-113) Administering Department
VOTE NO. Requesting you provide details on the pharmaceuticals they are purchasing.

Agenda Item #28: Toshiba America Business Solutions, Inc., d.b.a. Toshiba Business Solutions, to provide for multi-functional leased devices and maintenance, Various Funds contract amount \$6,750,000.00 Administering Department: Information Technology
Please be much more specific about how this large amount of money is to be used before approving these funds.

Agenda Item #30: Jot Redroof Properties, L.L.C. and Jot Comfort Properties, L.L.C., Amendment No. 11, to provide for hotel shelter services, extend contract term to 6/18/24, amend contractual language and scope of services, Immigrant Emergency Care and Testing Grant

You are draining the coffers of Pima County. Stop accepting federal dollars for border crossers. Spend that kind of money on Pima County residents rather than funding the invasion of border crossers "just passing through"

Agenda Item #33: Acceptance – Community and Workforce Development: RESOLUTION NO. 2024 - 1, of the Board of Supervisors, authorizing the approval of the Continuum of Care “Scope of Work for Fiscal Year 2023 Renewal Grant Agreement” from the U.S. Department of Housing and Urban Development (HUD), for Homeless Management Information System (HMIS), \$421,492.00/\$105,373.00 General Fund match. Provide more information about HMIS and how it will be used before the county commits this many federal tax-payer dollars to tracking the homeless.

Agenda Item #35: Acceptance – Health: Arizona Department of Health Services, Amendment No. 1, to provide for immigrant emergency care and testing and amend grant language, \$1,764,999.96.

This nearly \$1.8 million grant (funded by our federal tax dollars) would be completely unnecessary if there were political will to control the border in a historically responsible way.

Silvia,

As constituent in your temporary district I urge you strongly to vote NO on the following sgenfas: Vote NO #15 Remember that the ineffective policies during the plandemic were the main cause of most of these issues.

Vote NO #26

Please provide lists and details on the medications and supplies they are purchasing. Be transparent who owns the supply companies?

Vote NO #27

Requesting BoS provide details on the the purchase of any all pharmaceuticals. The county needs to disclose what they will purchase and always be transparent.

Wait on #28

Although an itemized list of components is included, the description is very vague regarding why this number of leased devices is necessary for the county, where they will be installed, who will be using them and for what purpose. Need more specific about how they're using this large amount of funds before approving these funds.

#30

STOP accepting federal dollars for border crossers. Imagine if that kind of money was spent on Pima County residents rather than funding the invasion of border crossers "just passing through", as they like to say. They leave a trail of crime and a weakened budget for Pima County.

#33

Asking for more information about HMIS and how it will be used before the county commits this many federal tax-payer dollars to tracking the homeless. Does this include the illegal immigrants?

#35

This nearly \$1.8 million grant (funded by our federal tax dollars) would be completely unnecessary if there were will to control the border in a historically responsible way. Like follow the constitution and close the border. We are saturated.

Sincerely,

Greetings all,

Agenda #10 & 20

Seems to be some smoke and mirrors going on here. I'm opposed to any green deals as those money making and delusional efforts are continuing to implode, in real time.

Agenda #15

VOTE NO. Your ineffective policies during the plandemic were the main cause of most of these issues.

Agenda #16

As stated prior, I'm opposed to any green deals as those money making and delusional efforts are continuing to implode.

Agenda #17

Perhaps make all your meetings 1:00 pm to better accomodate the hundreds of others who would like to attend your early 9:00 am meetings, but can not. Otherwise switching to just attend a laughable Governor's State of the State will now look totally biased. Your direct constituants are far more important.

Agenda #26

VOTE NO. Please provide the details on the medications and supplies the BoS are plan on purchasing, first.

Agenda #27

VOTE NO. Please provide details on the pharmaceuticals the BoS plan on purchasing first.

Agenda #28

Please provide much more specific about how the BoS is using this large amount of money before approving these funds, before proceeding further.

Agenda #30

You must stop wasting money. You must stop accepting federal dollars for border crossers. The tax payers are expecting a return on thier monies. We are not a charity.

Agenda #33

Please provide detailed information about HMIS and how these tax-payer dollars will be used, before proceeding forward.

Agenda #35

Stop wasting money with bandaids. This nearly \$1.8 million grant (funded by our federal tax dollars) will be completely unnecessary, if there were political will to control the border in a historically responsible way. Fix the root cause!

Sincerely,
Philip Kortesis, PC
