Dear Pima County Supervisors,

Please review the report on the elections that Steve Christie has been asking to be reviewed. It is important for the populace to know that our leaders are listening to our concerns and overseeing the integrity of our elections. Too many shenanigans have been seen and felt by many of us voters in the last election. I personally have witnessed printed election forms that do not appear to be the same as the ones sent to us by mail, concern over felt tip pens provided in the election booths, too many mail in ballots sent to families, way more than necessary or that live in the residence, etc.

Thank you in advance for helping us to secure the election process with integrity.
