Dear Supervisors,

I don't understand how you can say the welfare of our County is important when you spend so little of our money on us (Community and Workforce Development) and so MUCH more on housing, feeding, transporting and providing medical services to "asylum seekers". Asylum is being abused and you continue to enable this activity.

Your first and the most important priority should be to the residents and taxpayers of our County. I have heard the argument that by spending so much on "asylum seekers" you are keeping the County safe. I beg to differ. All you need to do is pay for a bus ticket back into Mexico or farther south for all of these "asylum seekers", thereby keeping our community safe. If you stopped funding this madness it would slow way down.

Why do you think so many people come to the US illegally? Because they know they will get free food, shelter, etc. Why wouldn't they?

STOP funding and enabling illegal immigration!

Thank you for your time, Terra Radliff
