PIMA COUNTY APPLICATION FOR FIREWORKS DISPLAY INSPECTION/PERMIT

Persons applying for a fireworks display permit in Pima County are required to undergo a display site inspection conducted by the Pima Regional Bomb Squad. This inspection is used to make a recommendation to the Board of Supervisors regarding the approval or denial of your permit. Inspectors will be checking for compliance with Pima County Code 9.04 and the National Fire Protection Association Code 1123: Code for Fireworks Display. The local fire district and or the state fire marshal may conduct an independent inspection which has the authority to override permit approval.

NOTE: The Display Operator and Site Manager should be selected as individuals with authority to supervise the event. These parties must be willing to accept civil/criminal responsibility for assuring compliance with provisions and safety regarding this display. A violation of Pima County Code 9.04 is a class 3 misdemeanor.

Aliza,

There are no neighbors within the 1000', the closest residence is over 17,000' away for reference.

The total length of the event is 22min, but fireworks are only used for approx. 5min at various times throughout that 22min.

Let me know if you need any other info.

Good morning,

There are two questions that our office had about both permits that we need clarified.

Per the new code for Fireworks, it states that neighbors within 1,000 ft must be notified and to explain how they were notified. Can you please provide an explanation for the "N/A" answer to this question on the permit forms?

Also per the same code, it states that firework displays should not exceed 30 minutes. Can you please provide the timeframe for this event?

Thank you,
