The Renewable Energy Incentive District (REID) ordinance designated specific sites where utility-scale solar facilities may be developed more expeditiously; specified REID site criteria; established performance standards and an incentive plan for the facility development; and provided a process for amending REID site criteria and designating new REID sites.

1. The scrivener's mapping errors requested for correction are:
 - a) Removing the area designated "Important Riparian Area" according to the Pima County Comprehensive Plan's Maeveen Marie Behan Conservation Lands System as REID sites within Tax Code Parcels 303-09-0030 and 305-01-0030. Areas designated as "Important Riparian Areas" do not qualify as REID sites. The subject parcels are located on the west and east sides of Wilmot Road and two miles south of the Old Vail Connection Road. The Tax Code Parcel 303-09-0030 is within the Swan Southlands Specific Plan site and the other parcel is east of the specific plan site. Inclusion of the areas was an inadvertent error made during the development of the REID ordinance process; and
 - b) Correctly reflecting on the "Northwest" REID ordinance map, the Board of Supervisors decision on April 3, 2012 to remove Tax Code Parcels 208-41-036F, 208-41-036G, 208-41-046D, 208-41-060A, 208-41-060B, 208-41-036D, and 208-41-0510 as designated REID sites. The subject parcels are located near Manville Road and west of Sandario Road. The sites were inadvertently left on the REID ordinance map for that area and should have been removed.

2. The proposed ordinance map replacements will be more readable than the current ordinance maps and will delineate Tier 1 REID sites from Tier 2 REID sites.
3. The ordinance shall also be presented to the Board of Supervisors for an annual review. Section 2 of Ordinance 2012-16 states: "This ordinance shall be reconsidered by the Board of Supervisors with respect amending the REID site and/or amending the criteria for designating REID sites approximately one year after its adoption date".

On motion, the Planning and Zoning Commission voted 7-0 (Commissioners Poulos, Membrilla, and Holdridge were absent) to recommend APPROVAL. Staff recommends APPROVAL. (ALL DISTRICTS)

CONTRACT AND AWARD

FACILITIES MANAGEMENT

42. Accelerate Diagnostics, Inc., Amendment No. 1, to provide a lease at 3950 S. Country Club Road, Suite 470 and expand the premises, contract amount \$84,193.50 revenue (CTN-FM-13-55)

It was moved by Supervisor Carroll and seconded by Supervisor Bronson, to approve the contract. No vote was taken at this time.

Supervisor Miller questioned the terms of the lease regarding square footage of the leased area, the cost for build out of the space, the fee for use of the parking garage, the HVAC hours of operation and the conflicting contract language regarding the payment at a rate below market value.

Reid Spaulding, Facilities Management Director, explained the difference in square footage consisted of the addition of a custodial room, storage closet and server room, and the cost for the build out would be \$160,000.00 plus furnishings. He stated the parking garage was unlikely to ever be built and the pharmaceutical and biological requirements of the tenants required 24/7 HVAC operation. He also said the extension of the premises granted the option to pay at below market value until the end of the term.

Supervisor Miller made a substitute motion to continue the contract until the terms regarding below market rate were clarified. The motion died for lack of a second.

The question was then called and the motion to approve the contract carried by a 4-1 vote, Supervisor Miller voted "Nay." Supervisor Miller stated she would not support approval of the contract amendment as it violated the terms of the original contract.
