Classification and Compensation Matters

## Background

At the request of the Regional Wastewater Reclamation Department, the Human Resources Department has developed a proposed new classification of 2784/Wastewater Operations & Maintenance Technician-Team Lead. This classification was created in order to separate the lead duties and functions from the 2780/Wastewater Operations & Maintenance Technician classification.

## Recommendation

It is recommended that the following classification be approved, effective August 6, 2013:

Class Code	Class Title	Grade/Range	EEO Code	FLSA Code
2784	Wastewater Operations & Maintenance Technician-Team Lead	F1 (\$37,292 - \$61,194)	7	NE*

\*NE = Non-Exempt, Paid Overtime

## Budget Impact

There is no associated cost for creation of this new classification. Any associated costs incurred with utilizing the new classification will be borne by the department from within its current budget.

Respectfully submitted,
