## **Major League Soccer Incentives through Visit Tucson**

### Introduction

The County is preparing for the first organized Major League Soccer (MLS) preseason training camp in Tucson in 2014. The MLS preseason training camp is one of only three major events scheduled for the MLS season; the other two are the All Star Game and the MLS Cup. Financial incentives will be necessary to partially offset team travel costs.

### Background

Presently under construction is a stand-alone soccer stadium. Attachment 1 contains recent photographs of the ongoing construction of this facility, which should be completed in October 2013.

Many of the scheduled events will be broadcast on national television stations, including NBC Sports and ESPN, providing Pima County invaluable national exposure during the prime tourism season.

To induce professional team travel to Tucson for this MLS preseason event, it is necessary to provide up to \$200,000 for 10 participating clubs and teams to offset and mitigate a portion of their costs for travel and training in Tucson. It is also important to strengthen the Mexico soccer connection, as Mexican team games continue to be the most attended soccer events in Arizona. Hence, \$80,000 will be needed to procure a Mexican club's participation in major soccer competition.

MLS preseason interest has grown in Pima County from one game in 2011 to 19 games in 2013. The current strategy is for a 2014 season that attracts 8 to 10 MLS clubs for preseason training camp.

Attachment 2 is an analysis of the proposal that provides a conservative estimate of the economic impact for this particular proposal of \$4 million. Given the need to grow MLS in Pima County, it is my recommendation the Board of Supervisors allocate up to \$280,000 from their Contingency Fund to Visit Tucson for their use in providing measured financial incentives to attract MLS clubs to preseason training camp at the Kino Sports Complex.

The Honorable Chairman and Members, Pima County Board of Supervisors  
Re: **Major League Soccer Incentives through Visit Tucson**

Three-party Agreement – Pima County, Visit Tucson and FC Tucson

The economic impact projection of this proposed activity includes a significant increase in hotel and restaurant expenditures. In total, approximately 10,000 hotel rooms are expected to be reserved for this event. Given the need for FC Tucson to remain involved in the activity of specific club attraction, as well as the development of the Mexican club event, they are a necessary party to the agreement. County funds will be transferred to Visit Tucson for the promotion of tourism related to MLS preseason training. Visit Tucson will then allocate the necessary funds for club attraction with the County's consent. The only requirement imposed by the County is that the clubs will be required to lodge in the unincorporated area of Pima County. This will guarantee Visit Tucson directly receives three percent of the bed tax from said occupancy, and Pima County will receive three percent.

The initial agreement would be for a one-year period with an option to extend the agreement for another two years. During the initial term of the agreement, the County will require FC Tucson and Visit Tucson to provide clear economic metrics associated with the economic activity generated by this event.

Recommendation

I recommend the Board of Supervisors allocate a maximum of \$280,000 from the Contingency Fund to Visit Tucson for the promotion of Major League Soccer preseason training at the Kino Sports Complex in Pima County.

Respectfully submitted,

  
C.H. Huckelberry  
County Administrator

## MAJOR LEAGUE SOCCER PRESEASON TRAINING CAMP IN PIMA COUNTY

# Major League Soccer Preseason Training Camp In Pima County

## Summary:

- Major League Soccer (MLS) will develop preseason training camp into an MLS event and one of three signature events of the MLS season, along with the MLS All Star Game and MLS Cup. Based upon two successful years of working with FC Tucson and training and competing in Pima County at Kino Sports Complex, MLS is considering development of MLS Preseason Training Camp (MLS PTC) in partnership with FC Tucson and Pima County. MLS is interested in committing to two or three locations, nationwide, as the long term homes of MLS PTC. In return for locating MLS PTC in Pima County, MLS seeks cost mitigation.
- There exists very substantial support for Mexican soccer clubs amongst residents of northern Mexico. In order to encourage tourism from Mexico, FC Tucson and MLS wish to invite a prominent Mexican club to participate in MLS PTC.
- A conservative estimate of the economic impact of year one of MLS PTC in Tucson is \$4,000,0000.00. This estimate references only spending by out of town guests, MLS clubs and a Mexican club (See Year 1 MLS PTC In Tucson Economic Impact Projection, attached hereto).
- MLS will feature Pima County in national NBC Sports and ESPN broadcasts as well as a powerful, new digital media platform. (See description attached hereto).
- Participating MLS clubs will develop a market specific sales and marketing campaign from September through January to promote their participation in MLS Preseason Training and to secure the sale of Club customized travel packages to visit Pima County.
- Each Club will provide a selection of Club and customized merchandise to be used as premium gifts in Fan travel packages and develop and promote promotions/sweepstakes awarding travel packages around major soccer events

# Major League Soccer Preseason Training Camp In Pima County

## Proposal:

The total cost mitigation will be \$280,000 per year, for three years (on a renewable basis), to be funded by Pima County and divided as follows:

- \$200,000 will be provided to MLS and divided by MLS between MLS and participating MLS clubs. MLS will distribute the funds to teams to mitigate costs associated with training in Tucson. MLS teams will spend an average of \$116,000 per week to stay and train in Pima County. MLS may retain some of the funds to mitigate league costs associated with staging the event in Tucson.

MLS indicates that the advertising that each MLS Club would do to drive tourists to Pima County from their local market would be directly related to any cost mitigation / subsidy that could be distributed to each of the Clubs. So, in order for Clubs to receive funds they would have to provide back to the League a local marketing plan to boost Tucson tourism to visit MLS Preseason Training Camp.

FC Tucson is cognizant of the fact that it is optimal to secure MLS clubs that will drive sports tourism and strong match attendance. Due to the variable nature of the quality of teams and players on teams, it is difficult to predict which teams will be preferable in the years ahead. However, half of the league will train in Tucson, so Tucson will certainly host some of the top teams in the league.

- \$80,000 to be used to procure a Mexican club to participate in MLS PTC. These funds will be used to pay the expenses and appearance fee associated with a Mexican club traveling to Tucson and participating in MLS PTC. The reason that the Mexican Club will command significantly more financial support is that the Mexican club will travel to Tucson during their regular season. They will have no training-based reason to travel to Tucson.

FC Tucson will negotiate with the Mexican club to minimize the expense reimbursement and appearance fee. Any residual funds can remain with the agency holding the money, roll over for use in the subsequent year or be returned to Pima County.

# FC TUCSON FUNDAMENTALS

- FC Tucson Events is a Tucson based venture with a mission to produce and promote youth, amateur and professional soccer events in Tucson.

## Primary assets:

A former Arizona Daily Star Player of the Year, Rick played at the University of Portland (Criminal Psychology, '96) under the legendary Clive Charles. His side made it to the NCAA College Cup Finals and Rick went on to play minor league soccer in the USISL. Currently, he is the Assistant Principal of Imago Dei Middle School and was recently nominated for the 2011 and 2012 Arizona Daily Star Forty Under Forty.
- **Jon Pearlman** is the Associate Head Coach and Technical Director of FC Tucson, Director of Coaching for Tanque Verde Soccer Club and Head Coach of Sabino High School. Jon has attained numerous coaching licenses from USYSA, NSCAA and an A license from United States Soccer Federation. He is a part of the U.S. Youth National Team Scouting Network and was a part of the Real Salt Lake youth system for three years. Jon earned a political science degree from Union College ('96) and his teaching certificate from the University of Arizona ('01).

## MLS PRESEASON IN PIMA COUNTY

- Born March 5, 2011 when FC Tucson hosted a sold out game between MLS sides New York Red Bulls and Sporting Kansas City at Hi Corbett Field.
- In two years, MLS Preseason in Tucson has generated:
  - 5 MLS events
  - 60,000 spectators
  - 18 MLS teams, 2 international squads and a storied Mexican club staying, training and competing in Tucson
  - A nationally televised final on NBC Sports

## MLS PRESEASON GROWTH IN PIMA COUNTY

- **2011:** 1 GAME, 1 DAY, 2 TEAMS
- **2012:** 8 GAMES, 2 WEEKS, 6 TEAMS
- **2013:** 19 GAMES, 5 WEEKS, 13 TEAMS

# EXPANDED MLS PRESEASON TRAINING CAMP

- **Strategy**
  - The proposed management strategy will enable MLS to develop a centralized preseason training location in Tucson, Arizona and will provide benefits to all of the parties associated with the property
- **Competition**
  - The 2014 MLS Preseason Training Camp will consist of 8 - 10 MLS clubs and a first class training camp environment in Tucson, Arizona
- **Strategic Positioning**
  - Develop a launch pad to the season, similar to Major League Baseball's Cactus League
  - Enhance international relations by inviting select international Clubs to participate in PTC
  - Develop a platform to enhance fan and partner engagement leading up to the start of each MLS season
  - Develop MLS Preseason Training Camp ("MLS PTC") into a *League special event*
  - Event will focus on broadcasts primarily built around an MLS digital platform with on-site exposure and activation rights during the PTC events, as well as television broadcasting via NBC Sports and ESPN. In addition to game coverage, ESPN is about to launch a daily soccer show. It is anticipated that MLS PTC will be important content in February
  - Conduct MLS Grassroots executions in Tucson such as an "international Sueño" and Futbolito

# Execution of MLS PTC Event

## Major League Soccer:

Will procure MLS teams (with assistance from FC Tucson) for participation in MLS PTC in Pima County

Will look to schedule additional MLS/SUM (Soccer United Marketing) meetings and events to take place in Pima County

Will develop and facilitate a marketing plan for Pima County MLS PTC

## FC Tucson:

Will manage all PTC matches and provide approved complex scheduling of the day-to-day training camps of the participating MLS Clubs

Will develop and facilitate a local marketing plan

Will secure hotel, local transportation rates and practice facilities for MLS teams

Will manage game day operations, ticketing and food and beverage

## Joint Responsibilities:

MLS and FC Tucson will manage local marketing and PTC competition scheduling, fan travel and hospitality packaging

# Pre-Event MLS Club Training

- Four to Six MLS Clubs will conduct preseason training in Pima County prior to the competitive event
- Clubs will, likely, stay in Pima County for fourteen days
- Teams will stay in local hotels
- Teams will train at Kino Sports Complex

# Media and Content Distribution

MLS recently announced creation of a new content and distribution group. MLS+, announced June 18, will generate substantial media exposure for Pima County while MLS PTC is in town.

**NEW YORK (June 18, 2013)** – Today Major League Soccer took an innovative stride forward by introducing **MLS+**, a new content and distribution group that brings together top storytellers, producers and digital media partners to create a broad range of soccer programming on multiple platforms. By telling the stories behind the game, **MLS+** will establish deeper connections between fans, players and Clubs and fuel the League’s rapid growth.

MLS Chief Marketing Officer Howard Handler announced the creation of **MLS+** at the Synopsis Digital summit in New York today.

“Soccer in North America and MLS are soaring,” Handler said. “To build on this momentum and inspire the next wave of fans, **MLS+** will create hundreds of hours of premium programming per year. **MLS+** will also deliver new opportunities to leverage the relationship between our fans and the commercial community.”

Content created by **MLS+** will include new television shows, digital series, mini-documentaries, mobile applications, lifestyle features, user-generated content, viral video stunts and more. **MLS+** will engage with fans, wherever fans consume content: on-air, online, mobile, social, in local MLS markets. Distribution partnerships include NBC Sports Network and [NBCSports.com](http://NBCSports.com), TSN and RDS, KickTV, the MLS YouTube channel, [MLSsoccer.com](http://MLSsoccer.com) and a wide range of other digital partners including Yahoo!, MedioTiempo, and SB Nation.

The first **MLS+** creative partner is eight-time Emmy Award-winning filmmaker Jonathan Hock, the executive producer of *MLS Insider*, a new magazine show that premieres on NBC Sports Network this Friday, June 21 at 7:30 p.m. ET and on TSN2 in Canada at 2 p.m. ET. Regarded as one of the best storytellers in sports, Hock has created three critically-acclaimed documentaries for ESPN Films’ *30 for 30* series. For more on Hock Films, click [here](#).

This Friday’s premiere episode of *MLS Insider* includes in-depth features on New York Red Bulls midfielder Tim Cahill, Philadelphia Union’s Sons of Ben supporters group, and LA Galaxy midfielder Robbie Rogers. Future episodes will explore compelling stories throughout MLS.

Also airing on NBC Sports Network is *MLS 36*, which provides in-depth profiles and an all-access pass into the life of elite MLS players. This season, **MLS+** extends its partnership with 441 Productions to give viewers an off-the-field glimpse of star players.

# Hotel occupancy in Tucson jumps in February due to big events

- March 25, 2013 12:00 am • [Arizona Daily Star Arizona Daily Star](#)

Several major events boosted Tucson's hotel occupancy in February by 10 percent over the same time last year, the Metropolitan Tucson Convention & Visitors Bureau says. Some of the increase can be attributed to the Tucson Gem, Mineral & Fossil Showcase taking place a week later than in 2012, but mainly, it's a result of several signature events happening at once.

Other high-profile February events included the WGC-Accenture Match Play Championship, the Tucson Rodeo and **FC Tucson's Desert Diamond Cup, which featured four Major League Soccer teams playing matches at Kino Stadium.**

"These events play a major role in making February our peak tourism month," MTCVB President and CEO Brent DeRaad said.

New events are key to boosting tourism in the region, the agency said. . .
