GABRIELLA CÁZARES-KELLY, Recorder

MEMORANDUM

To: Constance Hargrove, Elections Director
Pima County

From: Hilary H. Hiser, Chief Deputy Recorder ^{H3}
Pima County Recorder's Office

Re: Vail Incorporation, Inc. Petition – Supplemental Report

Date: August 16, 2023

The following is a supplemental report for Pima County Petition No. I-01-2023 filed by Incorporate Vail, AZ.

The Pima County Recorder's Office reviewed 2,542 petition signatures, validating 2,058 of those signatures, and invalidating 484 signatures under state law.

The petitioners have met the minimum number of valid signatures, 1,537, needed to appear on the next consolidated election date held by Pima County.

FINDINGS SUMMARY:

Staff determined the following:

1. **2,058** signatures were verified as **valid at the time of signing**.
2. **193** signatures were **invalid** because they were **not registered at the date of signing** the petition.
3. **2** signatures were **invalid** because the **address was missing or illegible**.
4. **15** signatures were **invalid** because the **address was invalid**.
5. **69** signatures were **invalid** because the **signature on file did not match** the signature on the petition.
6. **8** signatures were **invalid** because the **signature could not be identified or was illegible**.
7. **3** signatures were **invalid** because the **signing date was missing or was a bad date**.
8. **4** signatures were **invalid** because the signer was **registered after the sign date**.
9. **14** signatures were **invalid** because the **voter signed more than once**.
10. **176** signatures were **invalid** because the voter was **registered in the wrong jurisdiction**.

For additional details regarding the signature verification disposition, please see the Official Certification of Pima County Petition No. I-01-2023 and its attached Exhibit A - Brief Tally Report, and Exhibit B - Petition Final Report.

GENERAL VERIFICATION PROCESS OVERVIEW:

The following describes the Pima County Recorder’s Office procedures when reviewing any submitted initiative or referendum petition.

The Arizona Secretary of State has provided county recorders with guidance regarding petition signature verification. Since A.R.S. § 9-101(C)(3) states that the petition shall be verified as generally done for initiative petitions as defined in A.R.S. §§ 19-121.02(A)-(D), the Pima County Recorder’s Office follows the instructions outlined for Initiatives, Referendums, and Recalls, pgs. 5-6 in the 2021 Revised “Secretary of State’s Office County Recorder Petition Signature Verification Guide.”

Upon first review, the signatures are presumed to be valid until they are disqualified based on the direction found in the verification guide. Therefore, it is the operational policy of the Pima County Recorder’s Office to limit our review only to the asserted disqualification criteria listed in the reference document. Our staff will not deviate from that criteria and we do not search for other reasons to invalidate a signature as that would negate the mandate of A.R.S. §§ 19-121.02(A)-(D).

A.R.S. §19-121.02(A)(5) states in part that the signer of an initiative petition must be a registered voter in the applicable jurisdiction on the date the petition is signed. This office understands A.R.S. §19-121.02(A)(5) as a mandate requiring that we use the address on the petition sheet to determine if a voter is a qualified elector for the proposed initiative. We believe that the address listed on the petition sheet controls the determination of the validity for the petition signature.

Therefore, our voter registration clerks use the voter petition address at the time the petition was signed to determine whether the voter is a qualified elector for that jurisdiction. The petition address is validated in our Voter Registration Application as eligible based on the defined boundary line for the initiative petition under review.

Furthermore, the 2019 Arizona Secretary of State’s Election Procedure Manual (EPM) states that a signature is not to be disqualified if the address on the petition is different from the registration address, see 2019 EPM, page A58 scenarios 1 and 3. See also McKenna v. Soto, 250 Ariz. 469, 474, 481 P.3d 695, 700 (2021) (holding that the information provided on the petition must be sufficient to enable the recorder to determine that the signer was entitled to sign the petition).

The Recorder’s Office is not aware of any previous case that has held an otherwise valid signature to be invalid solely because the voter wrote an address on the petition that is different from their residence address, and/or omitted any portion of their address, including city, state, or zip code. An address is considered invalid if it lists a street number or street name that does not exist in the system or cannot be adequately identified by the voter registration clerk. Also, an address is considered invalid if it is missing any information necessary to determine the property location is within the jurisdictional boundary and will list it as such in the final report, unless the signature is invalidated for some other reason determined upon review.

When a signature is disqualified due to signature comparison, it is important to keep in mind that the staff member has invalidated a signature based on a visual match. The voter registration clerk is not determining if the signature is fraudulent. They are only determining that the signature on the petition sheet does not appear to match the exemplar signature on file for the voter. The same is true for when a signature cannot be adequately identified or is illegible, the voter clerk is only disqualifying the signature because they lack sufficient information to determine if the signer was entitled to sign the petition.

There can be a variety of reasons as to why a signature does not match the exemplar on file. However, it is beyond the scope of the Pima County Recorder's Office to determine what, if any, those reasons might be. The scope of our responsibility is to make a reasonable determination that the information presented is sufficient to meet the requirements as defined in A.R.S. §§ 19-121.02(A)-(D).

The signature verification process requires a first check, a second check, and a final audit check from a supervisor. If a signature maintains its invalid status through every check, then the signature verification team cannot reasonably determine that the signer was entitled to sign the petition and therefore, disqualifies the signature from the total number needed to validate the petition.

CERTIFICATION

Pima County Petition No. I-01-2023

I, Hilary Hiser, Chief Deputy Recorder of Pima County, AZ, acting in my official capacity, certify that the Pima County Recorder's Office received 2,542 petition signatures from the Pima County Elections Department for the Incorporation Petition of Vail, AZ, Petition No. I-01-2023.

The Pima County Recorder's Office verified every signature on the submitted petition sheets. Staff compared the information presented on the petition to the information on file in the voter registration records of this office. The results of this comparison process are as follows:

- **2,058** signers were found to be **QUALIFIED ELECTORS** at the time of signing the petition, and therefore their signatures were validated and accepted.
- **484** signers were found to be **NOT-QUALIFIED ELECTORS** at the time of signing the petition or were disqualified for any other reason pursuant to A.R.S. § 19-121.02(A), and therefore their signatures were disqualified and not accepted.

Petition No. I-01-2023, has met the minimum signature requirements of 1,537 to qualify for an incorporation election on the next scheduled consolidated election date for Pima County.

Attached to this certification is **Exhibit A - Brief Tally Report** listing the specific disqualification reasons for signatures not accepted, as well as **Exhibit B - Petition Final Report** detailing the disposition reason for each signature by the petition page and line number pursuant to A.R.S. §§ 19-121.02(A)(1)-(11).

Hilary H. Hiser
Chief Deputy Record of Pima County, AZ
