**Subject:** Please Approve "Community Cats" Fix-and-Release Feral Cat Program  
**Date:** Monday, August 04, 2014 5:59:31 PM

---

Dear Pima County Board of Supervisors:

I was so encouraged to read in the *Arizona Daily Star* of this proposed grant that our Pima Animal Care Center was chosen for by Best Friends Animal Society, and I **strongly urge you to approve funding so that the program may be carried out.**

As a long-time supporter of Best Friends, I have great faith, respect, and admiration for any project that is fortunate enough to have their involvement, leadership, and support. Their many successes in animal rescue, care, and rehabilitation are legendary, and I am confident our County and City can gain much from a partnership with them, along with support from PetSmart Charities. While this program may not be perfect (what is?), it surely would be better than the current situation where hundreds of cats are born and euthanized every year. Let's take advantage of this opportunity which seems like a win/win situation for almost everybody.

Thank you,  
Jo Ann Little
