November 15 2014

Clerk of the Board
Pima County Board of Supervisors

I write to the Board to express my support of Bike Ranch's request for approval for a conditional use permit. I am writing this letter to you, to ask you to approve this request that will enable Tucson to offer a unique vacation experience for cyclists.

Tucson is an amazingly supportive environment for outdoor enthusiasts and bike Ranch is an exemplary idea of how to help protect our environment while adding to our economy in an energy efficient way...people power!!

The design of Bike Ranch preserves more than 82% of their property as open space allowing for the free flow of wildlife and plans for generating their power from solar energy and recycling gray water. Without a doubt, I strongly believe this is the type of project the Board should enthusiastically support and approve without delay.

Thank you for your support.

Sincerely,

Joy Fischer Williams

Dear Pima County Supervisors,

To: Clerk of the Board of Supervisors
130 W Congress, 5th floor
Tucson AZ 85701

Dear Pima County Supervisors,

I am in favor of the proposed Bike Ranch bicycling and training resort at the corner of Escalante and Old Spanish Trail. This project complements Pima County's large investment in bicycling infrastructure, and its image as an international cycling destination.

The fact that the Bike Ranch will use the highest standards of sustainable design, land preservation, and energy and water conservation is a big plus, and will set a high bar for future developments in our fragile desert landscape.

I believe that Saguaro National Park will directly benefit from introducing new riders and hikers to this beautiful desert while insuring a continual revenue stream. The Bike Ranch will have positive benefits for the entire Tucson community.

Sincerely,

--

Dear Pima County Supervisors,

To: Clerk of the Board of Supervisors
130 W Congress, 5th floor
Tucson AZ 85701

Dear Pima County Supervisors,

I am in favor of the proposed Bike Ranch bicycling and training resort at the corner of Escalante and Old Spanish Trail. This project complements Pima County's large investment in bicycling infrastructure, and its image as an international cycling destination.

The fact that the Bike Ranch will use the highest standards of sustainable design, land preservation, and energy and water conservation is a big plus, and will set a high bar for future developments in our fragile desert landscape.

I believe that Saguaro National Park will directly benefit from introducing new riders and hikers to this beautiful desert while insuring a continual revenue stream. The Bike Ranch will have positive benefits for the entire Tucson community.

Sincerely,

--

Please support the variance request of the Tucson Bike Ranch! This is a great idea whose time has come to Tucson. The project is thoughtfully planned, and is respectful to the site, the environment and the neighbors.

It's a project that will increase tourism, jobs and dollars for our local economy. And supporting the project is another sign that Tucson is "open for business!"

I'm a cyclist, a Pima County resident and a huge fan of Saguaro East National Park. The proposed Tucson Bike Ranch is a big addition to our community – please support this important venture.
