Dear Supervisors

I support Supervisor Christy's request to understand how the recipients of Covid-19 special premiums were determined as "essential" and who determined which "essential" employee got what amount.

Sincerely

As an "ordinary citizen" I am saddened and disturbed by actions taken during the last two years regarding among other things, the discriminatory designation of "essential workers and businesses". Who was given the authority to make those decisions? On what basis?

Every single citizen endured month after month of imposed restrictions simply because we were not chosen as "essential" by some unknown entity.

I believe whoever was responsible for rewarding certain county employees based on being designated as "essential" should reimburse the taxpayers for the unfair and discriminatory bonus pay immediately.
