Dear Board of Supervisors and County Administrator;

As a member of one of the Sunrise Territory HOA Boards and a resident of Pima County, I want to express our concern over the terrible neglect of our County Roads. We support a much higher priority being placed on fund allocations toward road repair and maintenance. Specifically, we support the proposed amendment requesting that \$16 million of bond funds be repurposed to provide for arterial and collector road improvements over the next two years.

Finally, we would like to see Territory Drive as a high priority to be done in Year 1, as soon as funding is available. Territory drive has badly deteriorated to the point where it is, not only a hazard for vehicles, but has also become a liability for the county, due to failed and narrowing borders.

Sincerely,

Marty Kolonel, Board Member
Sunrise Territory Village Homeowner's Association

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

County Supervisor Ally Miller,

Thank you for meeting with us at the SAC meeting last month. We appreciate your support.

In the upcoming meeting of the Board of Supervisors on 4/17, it is expected that there will be a vote on a proposed amendment to request that \$16 million of bond funds be re-purposed to provide for poor and/or failed arterial and collector road improvements over the next two years; \$10 million for Year 1, and \$6 million for Year 2.

I am Vice President, and Roads Committee Chair for Sunrise Territory Estates HOA (STEHOA), and Website Administrator for Sunrise Association Council (SAC). SAC has representation for "Fairfield in the Foothills" with over 1800 homes on over 1700 Acres in District 1.

I am writing to encourage you to approve the proposed amendment in order to ensure that some of the more critical needs of our county's roads are met.

In addition, I would like to ask for your support that the approximately 1 mile of failed Territory Drive between Grey Man Trail and Craycroft be included in the year 1 list of roads to be repaired from these funds. At a recent SAC meeting, Deputy County Administrator Carmine DeBonis encouraged us that Territory Drive was qualified and in scope for this first year funding plan. BTW - He is doing a great job in improving the business process efficiency and strategic allocation of resources for Pima County.

While I understand that Pima County has significant funding demands for many projects, I would like to encourage you to support the most basic and crucial county services first and foremost. Repairing poor and/or failed roads is unarguably among those essential needs.

Thank you for your attention,
J Gregory Moxness

Subject: Including Territory Drive in road repairs

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

While many Pima county roads are in abysmal condition, more than 1200 Fairfield homeowners use Territory Road regularly and this road is considered a failed road. Please approve the request that \$16 million of bond funds be repurposed to provide for arterial and collector road improvements over the next two years. Additionally please include Territory Drive in the list of roads to be repaired and ensure that Territory Drive is completed in year 1. The Fairfield homeowners all pay to ensure their own roads are maintained. It seems only reasonable that Pima would take care of the one road that they have responsibility for and which serves a large number of folks and which is in dire condition.

I also want to state that given the condition of our roads, it seems that money to fix them is not getting to them. I understand that in other communities like Phoenix, money that was intended to go to roads actually goes to roads and when driving in the Phoenix area, it is obvious that their streets are in far better condition than ours. I was shocked to learn that not all of the monies intended to go to roads actually makes it to roads and that seems a real problem. It is irresponsible to redirect money that was intended to go to repair of roads given the dire condition of our streets.

My name is Joy Greenberg and I am a resident of Sunrise Mountain Ridge, 4420 N. Vereda Rosada, Tucson AZ 85750. I am writing to ask you to support the funds for the improvement of Territory Rd.

My mother lives in an Assisted Living Facility west of here off Sunrise. Every time I have to go there - especially if it is an emergency, I dread having to take Territory to get to Craycroft and up to Sunrise. I never know how many potholes and rough roads I am going to have to navigate. At night, I worry about damage to the vehicle and being stranded.

Please see your way clear to get this connector road fixed as soon as possible.

Thank you.

Dear Supervisor Miller

I understand that Territory Drive is being considered for road repairs, and as a homeowner who lives along it, as well as a member of the Sunrise Presidio East HOA, I would like to express that it desperately needs repair. The neighborhoods along Territory Drive are excellent areas to live in, but the condition of the road is terrible.

The current road condition lowers the overall aesthetics and value of the area, and can cause damage to cars via the many bumps and potholes along it. The sooner that it can be repaired the better, as it has been in poor shape for quite some time.

I appreciate your consideration to allocate funds for the repair of Territory Drive!

Thank you!

Jim Brodecki

Attachments: Territory east of Sonoyta 2.jpg; Territory east of Sonoyta.jpg

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

I am writing to you as a concerned citizen who travels this area everyday. The condition of this road is well documented as in need of major repair work.

My concern goes beyond the repair issue. Attached you will find 2 pictures that show a very dangerous situation on the south side of Territory just east of Sonoyta. The shoulder of the road in this area is below the surface of the pavement and if a driver was to drift to the right off of the pavement there is a high probability that they could loose control and go off of the road into the wash which is about 5 feet below the road level. Such an accident could result in serious injury or death.

Delaying fixing this hazard could leave the County at risk for a major lawsuit not to mention injury or death to one of our neighbors.

When making your decision as to which road projects should receive priority please look at the pictures and discuss the matter with your engineering team. This is not a political matter it is a safety issue..

Thank you for your consideration.

Dear Supervisor Miller,

I understand you will be voting on Tuesday regarding much needed road repairs. As a Fairfield homeowner, I have to voice the very desperate need for repairs on Territory Drive which is a main artery giving east/west access. As you probably know, Fairfield homeowners are required to pay for upkeep on all of our subdivision roads through our HOA dues. The situation on Territory Drive is indeed desperate, and I am asking you to please prioritize Territory Drive in your voting on Tuesday.

Thank you for your attention to this matter,

Laura Franklin

Dear Supervisor Miller:

I am emailing you to share my concerns about the deteriorated condition of **Territory Drive**.

I attended the Fairfield homeowners' March 28 meeting in which you showed your support for including a designated portion of Territory Drive in the final list of roads to be improved in year 1, using the \$16 million of Bond funds that are proposed to be repurposed for arterial collector road improvements. It is my understanding that the portion of Territory Drive that is being proposed for repairs in year 1 would extend from Craycroft Rd. to N. Grey Mountain Trail.

Thank you for your support and favorable vote for this project!

Hello Supervisor Miller:

I'm writing just to give you a quick summary on an item of mine on next Tuesday's (17 April) agenda. It's in District 5 and is Item #15, Development Services Department (DSD) Case No. P17RZ00012 (Fidelity National Title Trust — Camino de Oeste Rezoning).

Supervisor Elias' office has let me know that they're good with our request.

The P&Z vote was a unanimous approval. Two individuals appeared to speak, both of whom expressed their opposition because they preferred lower density.

I had interacted individually with the nearby homeowners association leaders prior to our formal/full neighborhood meeting that took place mid-January. 6 people attended the open meeting; more than 250+ households were invited. There's been very little public comment on the case.

As always, I am happy answer any questions you might have or to come by your office if you'd like. My cell phone is 520.850.0917. Feel free to call any time. If not, I'll see you next Tuesday.

Thank you.

I am a Resident of Sunrise Mountain View Estates and the District 1 County Liaison for the Sunrise Association Council (SAC), which represents 12 Sunrise HOAs with 1,812 homes. On March 28, Supervisor Miller and Deputy Administrator for Public Works, Carmine DeBonis spoke to a large group of homeowners at a SAC meeting. The purpose of the meeting was to discuss the terrible condition of the failed Territory Drive that is a collector road for our HOAs.

Mr. DeBonis discussed a proposed amendment to a 1997 Road Bond program that would repurpose \$16 million to provide for repair of arterial and failed collector roads. \$10 million would be proposed for the fiscal year beginning July 1, 2018 and the remaining \$6 million for the second year. Mr. DeBonis also indicated he was recommending a portion of Territory Drive (1.1 miles from Grey Mountain Trail to Craycroft) for repair during the first year because of its deteriorating and unsafe condition and the amount of traffic it carries daily.

I am urging you to support this amendment and also to include Territory Drive on the list of roads to be repaired during the first year.

Sincerely,

Pam Negri

Importance: High

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Supervisors Valadez, Bronson, Christy and Elias,

The is to request your favorable consideration and approval of funding to repair or replace Territory Drive, between Grey Mountain Trail and Craycroft Road. Territory Drive is used by twelve (12) Sunrise Homeowner Associations (1800 homes) encompassed by Craycroft Road, Kolb Road, Sunrise Drive, and River Road. Within this area, not less than 2500 residents reside and use Territory Drive, a Pima County Road, as their closest route to and from commercial businesses, churches, and private homes.

With this in mind, I encourage you to approve, at your Tuesday, April 17, 2018 meeting, the required funding for the long-term repair or replacement of Territory Drive. Again, this will specifically fund the section of Territory Drive between Grey Mountain Trail and Craycroft Road.

I am very concerned that further decay of this road will make it even more dangerous than it is currently which will result in injury to Pima County taxpayers/voters. In addition, ambulance and fire services will be jeopardized, causing extremely adverse consequences for those you serve.

Your approval is appreciated.

We purchased property on Craycroft/Territory 35+ years ago. The road was bad!! We saw one "semi" patch job. When we returned here to retire 20 years ago post military service we dubbed this road a "goat path". No insults intended because I grew up seeing roads like this. I just didn't have to pay for them to be this way. My zip code is 85750 and my address is 4988 N. Fort Verde Trail. I do not need go on a rant letting you know what we pay in taxes doesn't equal to what we get in return. IT IS SHAMEFUL!!

The safety, integrity and use of the road is of concern to all Members of Sunrise Presidio Village. A particular concern is the safety associated with the school buses and children who are transported on this road.

It is crucial that you vote to support the use of Pima County funds to immediately repair Territory Drive. The upcoming monsoon season may lead to damages that will compromise the use of the road even further. We request your support and vote for that repair of Territory Drive.

Dear Supervisor Elias,

Territory Drive, east of Craycroft, forms the northern boundary of the Sunrise Presidio Village. All of our homeowners are either directly or indirectly impacted by the poor and dangerous condition of Territory Drive. The safety, integrity and use of the road is of concern to all Members of Sunrise Presidio Village. A particular concern is the safety associated with the school buses and children who are transported on this road.

It is crucial that you vote to support the use of Pima County funds to immediately repair Territory Drive. The upcoming monsoon season may lead to damages that will compromise the use of the road even further. We request your support and vote for that repair of Territory Drive.
