"asylum seekers" Some of us consider them illegal immigrants and are tired of the huge amount of money spent on this priority. And the welcome wagon you continue to provide. It seems to me that you keep making it easy to get here. You are adding to the problem every day by providing extra care and protection. How much money have you given CCSSA over the past 5 years? What is it going to cost to renovate this 30000sq ft? Who is paying for that? How much was it to do the first renovation? I would be all for this if all the basics were covered and we did not have the highest property tax rate in the state. With the highest tax rate I should have a perfect infrastructure. The roads should be perfect and well maintained, parks should be clean and free of homeless people and garbage, the libraries should be open fully staffed at all times, elections should be seamless, constables should be ready and available to service the citizens.....

You ask for more money and keep giving me less. I want you to shift back to supporting the rights and privileges of being a US citizen. I pay for it and expect it.
