Re: **November 22, 2016 Addendum Item 9 Regarding New Employer Monsanto**

My November 22, 2016 Board of Supervisors Memorandum regarding New Employer Monsanto included a list proposed members of the proposed Board-created Pima County Agricultural Science Advisory Commission. This membership list included a to-be-named physician from the Arizona Poison Control Center who specializes in toxicology.

Since the issuance of that memorandum, Dr. Mazda Shirazi, Medical Director at the Arizona Poison Control Center, has confirmed his availability and willingness to serve on this Commission.

I would appreciate you distributing this memorandum as Additional Material for Addendum Item 9. Thank you for your assistance.
