Dear Supervisors:

Because COVID-19 is over as a pandemic, continuing to push COVID-19 vaccines and produce COVID-19 propaganda is a mismanagement of taxpayers' federal funding and county resources. A vote of NO on the intergovernmental agreement between the Tohono O'odham Nation (TON) and Pima County makes sense and is a natural following of the official end of the pandemic.

I am a legal resident of Pima County. Contact is [REDACTED]
Following is my comment for the Board of Supervisor Meeting 4-18-23

Agenda Item #17 (CT-HD-22-123) Tohono O'odham Nation Covid support.
Agenda Item #33 (GTAM) Date Extension Tohono O'odham Nation

Unfortunately for you that your departments didn't process paperwork fast enough to use more funds for unnecessary projects. It is obvious you don't really care about COVID. Your priority is to pass along the Federal Funds before looming deadlines. You don't follow sciences, you aren't understanding the April 4, 2023 Jan Leshner Memo outlining how Pima County will implement the end of Covid mandates. Don't be concerned there will be other unnecessary IGAs coming soon, watch for them. Yes I get it you don't want to return funds and maybe your departments don't even know how to process such a rare request. Return the funds. **Vote NO**

God Bless America

In regards to the Intergovernmental agreement between the Tohono O'odham Nation (TON) and Pima County for COVID-19 Health Disparities grant funds - 2-year contract expiring 5/31/2024,
BoS could and should terminate the contract now. Covid is over. Return the money to ADHS and use it for other means. Stop pushing the death jab agenda.
Agenda Item 32: return these federal funds and focus on the Pima County residents instead of mismanaging federal taxpayer funds and county resources for "asylum seekers." Our border is a disaster. Support Tucson safety.
Addendum Item #5: VOTE YES to this new pay-as-you-go policy for capital improvement projects and road repair.
May 16 Special Election Proposition 412: VOTE NO ON 412! Tucson does not want or need a 15 minute WEF agenda! TEP is already asking for an additional 12% increase and could get it if the Arizona Corporation Commission approves it. A YES vote means City of Tucson residents will be funding the City's Climate Action Plan which will result in 15-minute cities that will limit citizens from being able to travel by car outside the 15-minute zones equipped with climate resiliency hubs to stop you and subject you to fines. NO ON 412!
