Brian Bickel does not believe there are any serious issues with the election process as it stands. If Arizona does not address its serious problems with election processes and infrastructure this year, the 2024 election will be plagued with problems similar to what we experienced in the previous elections of 2020 and 2022.

Please forward my concerns to Brian so that he can represent Pima County in the best possible capacity, since the task force becoming a whitewash for election fraud is a very real concern.
