Following are my comments for the Board of Supervisors Meeting 1-23-2024

## **Agenda Item #18 Recorder 2024 PPE Early & Emergency Voting Sites**

The Recorder has submitted a creative list for ten Early & Emergency voting locations. BOS can look back at the numbers in the previous election when there were an extensive number of early voters. Isn't that why there were delays in the final count? During the 2024 General election, the Recorder is only providing seven early voting sites and a three more for Emergency Voting. If the Recorder believes this is sufficient, I request the Board of Supervisors demands to review the rationale and data that was used to determine this list. If you would allow the Pima County community to voice their choice, I am sure it would result in stopping this early voting that begins more than 30 days in advance of the General Election and return to paper ballots at Voting Centers with observers to oversee the day to day activity. **VOTE NO**
