Re: Ajo Domestic Water Improvement District appointment of Board Members on November 18, 2025.

I am resident of Ajo and a customer of ADWID. I appreciate the volunteer effort made by the candidates for Board Members of said water district. They stepped forward on a no cost, volunteer effort during the past 19 months to keep the water flowing in our taps. They realized the situation the district was facing and through great effort turned the district into a going concern. In order to continue servicing this district these candidates need legal standing to carry the business of the district forward.

Therefore, I ask you to appoint Charles Stout, Frank Hinman and Allen Turner as Board Members of ADWID as provided for in RESOLUTION NO. 2025-_____.

Thank you for your consideration,

Respectively,

Russell Hudson
