Dear Supervisor,

Regarding Item #15 on the February 7, 2023 meeting agenda: UNFINISHED BUSINESS (1/24/23) Review and Update of Administrative Procedure 4-1 and Board of Supervisors Policy C 2.5:

Please vote "NO" on this item.

The existing policy has been in place for decades, through varied Board majorities, and served the public well. There is no reason to complicate this process by adding the proposed procedures.

Adopting the proposed new Administrative Procedure is a dual-edged sword. If you vote "Yes" you will be limiting YOUR ability to provide for your constituents' ability to quickly bring important issues to the floor. Another aspect of this which is troublesome is that the proposed procedure interferes with the public's ability to freely engage in the protections afforded under the 1st Amendment to the US Constitution – this is a slippery slope and a tactic which is frequently used by Authoritarian rulers. We are already seeing the public being silenced by having their microphones turned off just because their words are uncomfortable for you to hear. You all seem to forget that YOU represent US!

Please listen to your constituents as we live and work in the community and have a very good idea of the battles we all face on a daily basis.

Sincerely,

It is crucial to allow Supervisors to add items to the agenda that are of public concern, in fact THAT IS TRULY THEIR JOB. THE SUPERVISORS POSITION IS TO ASCERTAIN PUBLIC INTEREST AND NEEDS AND TO ALLOW THOSE NEEDS AND INTERESTS TO BE REVIEWED AND VOTED ON.

I WANT MY SUPERVISOR TO CONTINUE TO HAVE THE RIGHT AND RESPONSIBILITY TO REPRESENT MY NEEDS AND CONCERNS AND THE NEEDS AND CONCERNS OF MY FELLOW TUCSON CITIZENS.

PLEASE VOTE NO ON #15.

REMINDER: You all work for the people and all signed an oath to uphold the Constitution. What Chair Supervisor Grijalva is proposing is a violation of our freedom of speech and a sign of fascism. The First Amendment gives Americans five basic freedoms: Freedom of speech, press, petition, assembly, and religion.

While all five are important, perhaps Freedom of speech is talked about the most.

Free speech is the cornerstone of our democracy. Although what you say can have consequences—like losing friends or a job—it gives Americans the right to express opinions without government censorship or control. And more importantly, you can't go to jail for expressing your opinion.

It not only protects speech that people like, but speech that people don't. Because when it comes to free speech, either everyone is protected, or no one is at all. It allows citizens to support political movements and candidates. **It gives people the power to call out government corruption and abuse.** And most importantly, it empowers people to give unpopular opinions.

Please Vote "NO".

Dear Supervisors, I urge you to vote "NO" on Item #15 on the February 7, 2023 meeting agenda: UNFINISHED BUSINESS (1/24/23) Review and Update of Administrative Procedure 4-1 and Board of Supervisors Policy C 2.5.

As your constituent, I strongly disagree with the proposed changes to the existing policy which has served the public well for decades. Adding these procedures would unnecessarily complicate the process by which Supervisors can add matters of public interest and concern to the meeting agenda.

Adding this is akin to infringing upon democracy and a Politburo tactic to quel discourse and decision-making.

Respectfully,

This kind of manipulation is a subterfuge that cheats our supervisors of the opportunity to represent US, their electors. It is a ploy worthy of the dictator of some war-torn, third-rate nation or a former communist trying to hang on to power. It does not represent American electoral values to have an appointed bureaucrat capable of determining the agenda of a voting governmental body and an elected official who suggests or supports such a procedure does not deserve to represent us.

Dear Supervisor Scott et al,

Regarding Item #15 on the February 7, 2023 meeting agenda: UNFINISHED BUSINESS (1/24/23) Review and Update of Administrative Procedure 4-1 and Board of Supervisors Policy C 2.5:

Please vote "NO" on this item.

As a Pima County resident, I expect my Supervisor to continue to add matters of public interest and concern to the meeting agenda as he or she determines merits discussion and action. The existing policy has been in place for decades, through varied Board majorities, and served the public well. Ms. Grijalva's efforts to eliminate this avenue of public discourse & representative government is a disrespectful affront to us citizens. In this particular case, it is a direct target of a group that is trying to raise awareness of how inaction by the board is resulting in a rising criminal threat to us.

Ineffectual criminal prosecution by Pima County Attorney Conover is putting law-abiding citizens in danger (the murder of Dr. Mexiner as just one striking example). That County Chair Grijalva would try to silence a public service group trying to work with Supervisors to better the safety of Pima County on one hand, while lauding the draconian policy efforts of Supervisor (Dr.) Heinz on the other shows that she is a political puppet rather than the public servant she was elected to be.

I urge you to vote NO on Item #15 and allow the voice of the people and fellow supervisors to be heard.

Sincerely,

--

The adoption of the proposed new Administrative Procedure is a dual edged sword. If you vote "Yes" you will be limiting YOUR ability to provide for your constituents' ability to quickly bring important issues to the floor. Another aspect of this which is troublesome is that the proposed procedure interferes with the public's ability to freely engage in the protections afforded under the 1st Amendment to the US Constitution - this is a slippery slope and a tactic which is frequently used by Authoritarian rulers.

RE: BOS Mtg 2/7/2023, Agenda item #15

Under the Constitution, I have a legal right to contact my elected representative in county government for redress of issues that I feel need to be addressed and to be placed on the agenda. The Clerk of the Board is an UNELECTED County employee that would get to make the decision what will be addressed or not. She does not represent me, and I did not elect her.

Ms. Grijalva's recent move to shut down free speech, see agenda item 15, in doing this she reveals herself as a soviet style tyrant. I spent more than 20 years in the US Army and took an oath to defend the US Constitution against all enemies foreign and DOMESTIC! This is a classic Communist move to shut down free speech and discussion as is guaranteed under the US Constitution. It will create an extra bureaucratic step, an illegal barrier for Supervisors to add items of public concern and interest to the meeting agenda. Also, it will make it more difficult for the public to be heard in the future, including input by the Tucson Crime Free Coalition to represent the business community. Why is this necessary? Why make it harder for the community to be heard and to address crime in Pima County? Why shut down public comment? Tyrants do that because they fear the People.

Vote NO on this.

Supervisor Chair Adelita Grijalva,

Do Not update Administrative Procedure 4-1 and Board of Supervisors Policy C2.5.

There is nothing wrong with how it works currently. I personally have attended or viewed every BOS meeting for the last several years; there is no need for your legal team to review items coming from the public through the assigned Board supervisor.

RE 2/7/2023 BOS agenda item #15 UNFINISHED BUSINESS 1/24/23 - Review and Update of Administrative Procedure 4-1 and Board of Supervisors Policy C2.5

Unconstitutional abridgment of First Amendment Rights

The United States Constitution starts with „ We, the people...“
The people, the voters, elect you government servants and you are accountable to us!
You may go about taking care of our business with our consent. And only if we consent,
you may do so as permitted by law. You appear to have all become corrupted. You have illegally
assumed powers not lawfully granted to you. None of the people have agreed to give you absolute power!
Some of you have forgotten this and may need re-education! Note that the Arizona State Constitution
declares...

All political power is inherent in the people, and governments derive their just powers from the consent of the governed and are established to protect and maintain individual rights.

The People DO NOT CONSENT to Adelita Grijalva's powergrab, controlling and limiting free speech.
We the People do not consent to an unelected government employee, a clerk of the board, to assert power over free speech, and which topics may be discussed. This is Anti-American Fascism! We DO NOT Consent!
The People have a constitutional right to be heard and no government servant shall abridge those rights.

Vote NO on illegal abridgment of FREE SPEECH!

Chair Grijalva and Board members:

I have been a County resident and active voter for almost 60 years, but my concerns motivate me to make my first personal appeal to the Board. The adoption of the proposed new Administrative Procedure is problematic and an affront to Pima County residents.

If you vote "Yes" you will be limiting YOUR OWN ability to provide for your constituent's ability to quickly bring important issues to the floor; this procedure interferes with the public's 1st Amendment ability to freely engage their representatives. This starts us down a slippery slope to silence dissent, and I hope that upon further reflection you will see that this is a mistake. Among our many blessings is the fact that Pima County has always been very responsive to resident's concerns. Please don't get caught up in the moment and change that.

If one of our elected supervisors wishes to add an issue to the agenda, it should be easy, not difficult; next time, it might be you who wishes to add that agenda item. Even if you disagree with them, other supervisors need the right to express their views and add items for discussion. "Discussion" does not force you to agree with them, merely to hear them out. In addition, this might not even be legal.

Regarding Item #15 on the February 7, 2023 meeting agenda: UNFINISHED BUSINESS (1/24/23) Review and Update of Administrative Procedure 4-1 and Board of Supervisors Policy C 2.5:

Please vote "NO" on this item.

As your constituent, I want my Supervisor to continue to have the right and ability to add matters of public interest and concern to the meeting agenda as he or she determines merits discussion and action. The existing policy has been in place for decades, through varied Board majorities, and served the public well. There is no reason to complicate this process by adding the proposed procedures.

Sincerely,

Eb Wilkinson

Dear BOS Grijalva,

It is very alarming that you fear the citizens you claim to represent so much you don't even want us to help you battle the crime that is taking over our community. Removing the citizen's access to the Board meetings is just a sign you are excitedly ushering in an authoritarian style government in Pima County. It is unfortunate you hate the citizens so much. Be assured, we will not allow you to limit our ability to defend our businesses and homes.

You can either help us end the wave of violence that has become the norm in Tucson or you are clearly seen as the instigator of crime. Listening to the citizens will only help you solve our problems, so why are you so afraid to hear us?
