Your Message October 12, 2025

To: Rex Scott, Chairman and District 1 Supervisor
Pima County Board of Supervisors
Tucson, AZ 85701-1207

RE: Agenda item no. 66 and Chapter 3

We are writing to express support for the draft update to Pima Prospers and the language under Chapter 3, Goal 3.A.1, Policy a) 5) that the Coalition for Sonoran Desert Protection (of which our organization is a member) worked with staff to develop.

We must continue to honor the county's strong track record with the Conservation Lands System by conserving high-biological-value land in the same areas most affected by development. This includes the Tortolita fan which is essential to our region's landscape connectivity planning.

The new policy reinforces Pima County's balanced approach to accommodating growth alongside conservation.

We appreciate and thank county staff for their thoughtful work and continued leadership in conservation-based planning.

Sincerely,
Donna Snyder, President, and the Board of Directors for the Gates Pass Area Neighborhood Association (representing 267 members)
