Clerk of the Board:

Please read/include my comments for the Pima County Board of Supervisors meeting of May 6, 2025.

I fully support Resolution 2025 on the agenda for this board meeting. I would also support an amendment to the resolution that requests the county wastewater department to come up with differential rates that would charge incorporated Tucson residents. This would follow the same reasoning that Tucson Water is using in proposed differential rates for unincorporated residents. Tucson customers are at a lower altitude than unincorporated customers and their wastewater may have to be pumped up to the treatment facility (costing more than the wastewater flowing down from unincorporated customers). The differential wastewater rate for Tucson customers should be enough to compensate unincorporated residents for their increased water costs.
