Subject_or_Nature_of_Concern	Banning Predator Hunts
Comments	Dear Supervisor Miller, Please vote YES in support of Supervisor Elias' proposal banning organized predator hunts in Pima County. There is no rationale to explain away the cruelty and ineffectiveness of the mass killings of coyotes and other predators. Science tells us that female coyotes give birth to larger litters in the face of stressed populations, so the argument of "population control" holds little water. These animals are struggling with decreasing habitat and little compassion from us humans - please make Pima County one place where they are afforded dignity and respect! Thank you. Paula Klein

Subject_or_Nature_of_Concern	Predator Master's Resolution
Comments	Please pass the Predator Master's Resolution. The mass slaughter of these animals with their bodies left to rot in the sun is not the right solution to any population problems. Besides being inhumane and disgusting, it leaves shot in rotting animals in the desert that may be consumed and damage carrion eaters that are also important to the health of the ecosystem. There are many examples in history showing that the removal of a predator species by humans simply leads to further problems and solves nothing. I am not opposed to the kind of hunting that put's food on a family's table but that is very different than this mass slaughter. Thank you for all the work you do. Sincerely, Frances Tourtellot

Subject_or_Nature_of_Concern	"For fun" predator hunts in Pima County
Comments	I want to urge each of you to vote in favor of a resolution by Mr. Elias that opposes future Predator Masters hunts in Pima County. Pima county's predators face enough problems without having to contend with people shooting them "just for the heck of it" or win some kind of a prize in a contest. I can almost imagine why someone would shoot a Coyote or a Bobcat. but I cannot for the life of me imagine why anyone would shoot a Raccoon, Coatimundi or Ringtail!!!! Thank You, E. Linwood Smith, PhD

Subject_or_Nature_of_Concern	Predator Masters Resolution
Comments	Please vote for the resolution against the Predator Masters holding their convention and hunt in Pima County this coming Tuesday, February 17, 2015. I lived in Tucson since the summer of 1959 and have degrees in wildlife biology from the University of Arizona (B.S. -1969 and M.S. - 1971). The slaughter of predators by Predator Masters killers and their ilk is detrimental to ecological balance among many species of wildlife. My hope is that such predator killing events will be banned from all of Arizona, and I will participate with others to accomplish that type of ban. Thanks for your vote for the Predator Masters Resolution.
