Comment below for the BOS Meeting 3-1-22

### Agenda Item #10 In-Person Board Meetings

Yes it is about time our Pima County Board of Supervisors has enough experience to attend an in-person meeting without masks. If you must, your new meeting space can be configured to maintain 6ft distancing and any other necessary accommodation. Even though science has determined masks do not work, each Board Member can choose to remove the mask or continue wearing the mask as their personal choice. . When speaking each Board member must remove the mask so we can actually see their face and hear them speaking. The many months that the Board of Supervisors have not participated at the office in-person has got to stop. Get back to work in-person and allow the public to attend and participate in ALL Pima County meetings without a mask.
