PIMA COUNTY
ELECTIONS OFFICE

MEMORANDUM

Date: July 30, 2026

TO: The Honorable Chair and Members
Pima County Board of Supervisors

FROM: Constance L. Hargrove
Elections Director

RE: July 21, 2026 Primary Election Canvass Report

I present the results of the July 21, 2026 Primary Election for your approval.

I certify that all voting equipment underwent logic and accuracy testing before any ballots were tabulated. The equipment went through a total of three tests. We conducted in-house logic and accuracy testing on June 12. The Republican and Democratic parties participated in a logic and accuracy test on June 17. The Secretary of State's logic and accuracy test was conducted on June 19, 2026. The Democratic and Republican party representatives observed the Secretary of State's logic and accuracy test. Mike Standish, Oro Valley Town Clerk and Lisa Cole, Sahuarita Town Clerk, were also present during the test. The ExpressVotes produced accurate ballots based on the operator's selections and were tabulated as part of the test. The tabulators scanned all ballots and accurately identified any that were incorrectly marked or blank ballots. The operators adjudicated any ballots identified by the tabulator as needing further clarification. The adjudication process allows an operator to review the ballot in question and determine the voter's intent. All tests resulted in 100% accuracy. The certifications for all tests are included in the canvass document.

The County's Information Technology Department conducted the hash validation on 7/10/2026.

The Elections Department also conducted a hand count audit on July 25. The results of the audit were within the acceptable range specified by the Secretary of State. The hand count audit results are also included in the canvass document.

Early Ballots

The Recorder's office issued 349,885 early ballots, of which the elections department received and processed 161,016 ballots. We began receiving and processing early ballots on July 1. Political party representatives were present in each area as we processed early ballots.

The office tracked affidavit envelopes received and cards processed for early ballots to ensure all ballots were processed. The "Early Ballots Processed" spreadsheet Early Ballots Processed provides a detailed accounting of early ballots received and processed. In addition, we also tracked early ballots received on election day using the new ID Verified Process. The initial count election night was 6,025 total ballots. However, after reviewing the affidavit envelopes and the check-in report, we found five ballots that were not verified. The five ballots were transferred to the Recorder's office for signature verification. The "ID Verified Early Ballots Processed" spreadsheet link is attached for your review: ID Verified Early Ballots Processed.

Vote Centers

All vote centers opened on time and were ready to receive voters at 6:00 AM. Vote centers did not

experience any disruption to voting, resulting in any voter being unable to cast a ballot.

Election Results

Audit Results

An audit of the turnout results from the vote centers revealed a discrepancy of 16 ballots for Glad Tidings Assembly of God Church. Upon further review, I determined the discrepancy was 16 ExpressVote ballots. A review of the check-in report for the vote center did not reflect that any ExpressVote ballots were cast. My Deputy contacted the Inspector and Judge of the vote center to inquire about the ExpressVote ballots. They both confirmed that they did not issue any ExpressVote ballots on Election Day.

We checked the operator log and determined that the operator tabulated ballots for Eckstrom-Columbus Library immediately before tabulating the ballots for the Glad Tidings vote center. Eckstrom-Columbus Library issued 16 ExpressVote ballots. We determined that the operator did not put the ballots back in the ballot box for Eckstrom-Columbus Library. Those ballots were mixed with the next vote center, Glad Tidings, and tabulated, resulting in the 16 ballots being counted twice. The Vote Center Batch report and the Official Ballot Reports are attached for both vote centers.

Resolution

I notified the Democratic and Republican party chairs of the discrepancy. The party representatives met in my office at 2:00 pm on July 29 to observe staff correcting the ballot count. I explained the discrepancy to both party representatives. The representatives were given the opportunity to review the official ballot reports, the vote center batch reports and the ballots in both ballot boxes before we proceeded to correct the mistake. They were also provided a copy of the results and were allowed to review the ballots along with the updated results to ensure the changes were made correctly. The correction resulted in a deduction of 16 ballots from the Glad Tidings vote center count. The results have been updated, and the accurate results are reflected in the canvass document.

The canvass includes a summary report of the election results and a detailed precinct report of the results.

Reports to Review:

- Early Ballots Processed Report – Page 44
    - The report provides the total number of ballots issued, returned, and turned over to the Elections Department.     - The report shows provisional and conditional ballots and their resolutions. The total number of provisionals accepted reflects the ballots to be counted. The provisional ballots processed spreadsheet provides details from the Elections Department.

MEMORANDUM

Date: July 30, 2026

TO: The Honorable Chair and Members
Pima County Board of Supervisors

FROM: Constance L. Hargrove
Elections Director

RE: July 21, 2026 Primary Election

The documents before you represent the complete results of the July 21, 2026 Primary Election, which includes the City of South Tucson, the Town of Marana, the Town of Oro Valley, and the Town of Sahuarita. There were 646,190 eligible voters from all jurisdictions, and 186,600 voters cast ballots in the election, resulting in a 28.88% turnout.

The Board of Supervisors is required by A.R.S. § 16-493 to canvass the results of the elections. The Board of Supervisors has no statutory requirements to canvass the elections of the participating jurisdictions. The participating jurisdictions will receive the necessary documents to canvass their elections.

I certify that all voting equipment passed logic and accuracy testing (L&A) before any ballots were tabulated. The equipment went through a total of three tests. We conducted an in-house test. The Republican and Democratic parties participated in marking ballots and creating a test script to verify the results. The Secretary of State conducted the final L&A test on June 19, 2026. Representatives from the Towns of Oro Valley and Sahuarita were present to observe the test. All voting equipment passed the test with 100% accuracy. The certifications for all tests are included in the canvass document.

All vote centers were open and ready to accept voters at 6:00 am on July 21. The vote centers did not encounter any problems that prevented voters from casting a ballot.

The Department of Justice sent monitors to several vote centers in Pima County. There were no incidents or disruptions of voting in the vote centers that entertained monitors.

The Elections Department received and processed 161,016 early ballots from the Recorder's Office and 6,017 ID verified early ballots from vote centers. We tabulated 19,299 election day ballots cast at vote centers.

Chair Allen and members of the Board, I certify that the canvass documents before you are an accurate and true representation of the 2026 Primary Election held on July 21, 2026. I recommend that you accept and certify the election results as presented.

PIMA COUNTY
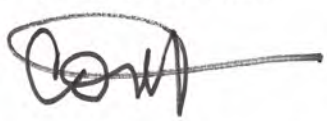
Hand Count / Early Ballot Audit Report
July 21, 2026 Primary Election

Synopsis:
Pursuant to A.R.S. § 16-602(B), Pima County conducted the hand count/early ballot audit for the July 21, 2026 Primary Election. Two percent of vote centers were counted as required by statute, which amounted to three vote centers out of 120 vote centers.

The hand count began on July 22, 2026 when representatives from the Pima County Democratic, Green, and Republican Parties met to discuss the number of vote centers and early ballot batches to be audited. On July 25, 2026 at 8:30 AM representatives of the Democratic, Republican, and Green Parties met to select the vote centers and early ballot audit batches to be counted. All ballots were accounted for in the central counting location before the selection process started. The selection order was chosen by lot, and the Republican Party was chosen to go first.



With the order established, the specific vote centers to be counted were selected with the representatives from each party alternating the selection. Once the vote centers were chosen, the early ballot batches to be audited were selected.

The master vote center and early ballot batch selection lists are attached for review. The physical hand count started at 9:00 AM on July 25, 2026 and was concluded at 10:50 AM on July 25, 2026. The tabulation method used was the stacking method. The hand count was conducted by 9 boards consisting of 3 or 4 members, of which not more than 2 members were from the same political party.

Early Ballot Audit:
One percent of early ballots were audited as per Arizona State Law. The early ballot audit consisted of 8 batches, each containing 300 early ballots.

Comments:
The results of the early ballot audit and the vote center hand count were within the variance as defined by the Arizona Secretary of State.

Respectfully Submitted,

Constance L. Hargrove, Elections Director
