**\*Purpose:**

Increase public use by adding action targets and adult archery bows to inventory

**\*Procurement Method:**

Not applicable

Increase public use of the Pima County Southeast Regional Park firearms and archery range while providing county residents an attractive alternative to "wildcat" target shooting in the open desert, thereby reducing the negative ecological impact on undeveloped lands in the county.

**\*Public Benefit:**

By offering a type of target shooting popular among would-be users, SERP will provide an alternative to "wildcat" shooting in the desert. Adding archery bows will allow SERP to introduce people to the sport in a safe and controlled environment with plans to offer classes and on-site advisory services to new archers.

**\*Metrics Available to Measure Performance:**

Customer rosters and daily use statistics; customer interface and queries, including surveys to assess the draw of the new range and target offerings, feedback from customers and special user groups

**\*Retroactive:**

Yes, grant was awarded effective 1/21/2020 and NRPR will not spend any funds until BOS approval. No negative impact.
